

## Florida Hospitals' MidTerm Scores on Medicare Penalty Scale

Next year, hospitals reporting a certain level of preventable infections and complications face penalties.

Preliminary data, from 2012, show several dozen Florida facilities are in the penalty zone.

Hospitals were measured on a 10-point scale.

Two hospitals, in orange, will almost certainly be in the penalty zone next year.

Those scoring above 7, in yellow, also are at risk.

They will be penalized if 2013 data doesn't drop the score below the penalty threshold.
