Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates

made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Kachemak Bay Broadcasting, Inc as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The statement of functional expenses on page 14-15 and the schedule of sources of revenue and other support on page 16-17 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

KACHEMAK BAY BROADCASTING, INC.
NOTES TO FINANCIAL STATEMENTS
June 30, 2016 and 2015

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Kachemak Bay Broadcasting, Inc. (Corporation) is a public, nonprofit radio station incorporated in the State of Alaska, to provide and promote noncommercial educational radio broadcasting in the Kachemak Bay area.

Kachemak Bay Broadcasting, Inc. is under contract to provide for the operations of Pickle Hill Public Broadcasting, Inc.

The accounting policies that affect the more significant elements of Kachemak Bay Broadcasting, Inc. are summarized as follows:

a. Method of Accounting

Kachemak Bay Broadcasting, Inc. reports information regarding its financial position and activities according to three classes of net assets as follows:

Unrestricted amounts are those currently available at the discretion of the Board for the use in Kachemak Bay Broadcasting, Inc.'s operations.

Temporarily restricted amounts are those which are stipulated by donors or grantors for specific operating purposes. Revenue from grants and contracts are recognized as earned when the Corporation has incurred expenditures in compliance with the specific grant or contract.

Permanently restricted amounts are those for which the principal is stipulated by donors or grantors to be invested in perpetuity.

b. Contributions

All contributions are considered to be available for unrestricted use, unless specifically restricted by the donor or grantor. Amounts received that are designated for future periods or restricted by the donor or grantor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. When a temporary restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Unconditional promises to give are recognized as revenues in the period received and as assets, decrease in liabilities, or expenses, depending on the form of benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by Kachemak Bay Broadcasting, Inc.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

c. Underwriting Receivable

Kachemak Bay Broadcasting, Inc. extends credit for services rendered to underwriting customers on open accounts and receives payments for services in cash and trades.

Underwriting receivables are stated at unpaid balances, less an allowance for doubtful accounts. The Corporation provides for losses on underwriting receivables using the allowance method. The allowance is based on experience, third-party contracts, and other circumstances, which may affect the ability of underwriters to meet their obligations. Receivables are considered impaired if full principal payments are not received in accordance with the contractual terms. It is the Corporation's policy to charge off uncollectible receivables when management determines the receivables will not be collected. No allowance for doubtful accounts is considered necessary at June 30, 2016 and 2015.

Payments received in advance of services rendered are recorded as underwriting deposits.

d. Property and Equipment

All acquisitions of property and equipment in excess of \$2,000, and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized.

Property and equipment is recorded at cost, or in the case of donated property, at its estimated fair value as of the date of the contribution. Depreciation is provided using the straight-line method over the estimated useful life of the property, which ranges from three to thirty-five years. Expenditures for repairs and maintenance are charged against operations as incurred.

e. Functional Expense Allocation

Directly identifiable expenses are charged to functional expense classes for programming and production, broadcasting and technical, fundraising, and management and general expenses. Expenses related to more than one function are charged to each function on the basis of time studies and management estimates based upon prior experience. Management and general expenses include those expenses that are not directly chargeable to any other specific function but provide for the overall support and direction of the Corporation.

6. BENEFICIAL INTEREST IN HOMER FOUNDATION

Kachemak Bay Broadcasting, Inc. has an agreement with The Homer Foundation, a community foundation, whereby the foundation invests the permanently restricted funds of the Corporation. Investment earnings available for distribution for the year ending June 30, 2016 and 2015 included \$64 and \$920 that were transferred into permanent corpus.

7. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under generally accepted accounting principles are described below:

- Level 1- Quoted market prices in active markets for identical assets of liabilities
- Level 2- Observable market based inputs or unobservable inputs corroborated by market data.
- Level 3- Unobservable inputs reflecting the reporting entity's own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques followed need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

Fair values of assets measured on a reoccurring basis at June 30, 2016 and 2015 are the following:

	<u>2016</u>	<u>2015</u>
Beneficial Interest in Homer Foundation	<u>\$ 40,650</u>	<u>\$ 36,555</u>

The Corporation considers the measurement of its beneficial interest in the Foundation to be a Level 3 measurement within the fair value measurement hierarchy because, even though that measurement is based on the fair value of Foundation assets reported by the trustee, the Corporation will never receive those assets or have the ability to direct the Foundation to redeem them.

There were no changes in methods or assumptions during the years ended June 30, 2016 and 2015.
