INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Yellowstone Public Radio/KEMC-FM
(A Public Radio Entity)
Operated by Montana State University-Billings
Billings, Montana

We have audited the accompanying financial statements of the business type activities and discretely presented component unit of Yellowstone Public Radio/KEMC-FM (A Public Radio Entity) operated by Montana State University-Billings (the Station) as of and for the year ended June 30, 2016, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of Yellowstone Public Radio/KEMC-FM as of June 30, 2016, and the respective changes in its financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Station are intended to present the financial position and the changes in financial position and cash flows, where applicable, of only that portion of Montana State University-Billings that is attributable to the transactions of the Station. They do not purport to and do not present fairly the financial position of Montana State University-Billings or the Montana University System as of June 30, 2016, and the changes in its financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, Schedule of Funding Progress for Other Post-retirement Benefits Plan, Schedule of Proportionate Share of the Net Pension Liability, and the Schedule of Contributions on pages 4-8 and 48-56, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Yellowstone Public Radio/KEMC-FM's basic financial statements. The supplementary schedule on page 57 is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary schedule is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Prior-Year Comparative Information

We have previously audited Yellowstone Public Radio/KEMC-FM's June 30, 2015, financial statements, and we expressed an unmodified opinion in our report dated January 11, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2015, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Anderson Zurmuehlen + Co, P.C.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
MANAGEMENT'S DISCUSSION AND ANALYSIS
Years Ended June 30, 2016 and 2015

Yellowstone Public Radio is operated by Montana State University-Billings, a component unit of the State of Montana. Friends of Public Radio (Friends), is an affiliate that raises funds to provide financial and other support to Yellowstone Public Radio. The discussion and analysis that follows provides an overview of the consolidated Yellowstone Public Radio and Friends financial activities for the fiscal years ended June 2016 and 2015.

Financial Summary

The financial statements show operating revenues of \$520,642 and \$505,266 and operating expenses of \$1,698,624 and \$1,554,028, netting to an operating loss of \$1,177,982 and \$1,048,762 for the years ended June 30, 2016 and 2015, respectively. This operating loss is offset by non-operating revenues of \$1,030,922 and \$1,086,714; bringing the change in net assets for fiscal years 2016 and 2015 to (\$149,184) and \$37,952, respectively.

The assets of Yellowstone Public Radio and Friends exceeded liabilities by \$1,637,009 and \$1,786,193 for fiscal years 2016 and 2015, respectively.

Yellowstone Public Radio and Friends cash and cash equivalents at June 30, 2016 and 2015, were \$1,946,447 and \$1,420,562, respectively, representing an increase of \$525,885 from June 30, 2015, and an increase of \$44,228 from June 30, 2014.

Capital outlays for each of the years ended June 30, 2016 and 2015, were \$22,137 and \$-0-, respectively.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Yellowstone Public Radio and Friends' basic financial statements, which are comprised of the Statement of Net Position; the Statement of Revenues, Expenditures, and Change in Net Position; the Statement of Cash Flows, and the Notes to the Financial Statements. The financial statements are designed to provide the readers with a broad overview of Yellowstone Public Radio and Friends' finances in a manner similar to a private-sector business.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
Years Ended June 30, 2016 and 2015

The Statement of Net Position is presented in a classified format, differentiating between current and noncurrent assets, and categorizing net position.

| Condensed Statement of Net Position | | |
|--|---------------------|---------------------|
| | <u>2016</u> | <u>2015</u> |
| Assets and deferred outflows | | |
| Current assets | \$ 1,496,881 | \$ 1,391,385 |
| Capital assets | 40,545 | 33,303 |
| Other assets | 1,133,327 | 1,364,309 |
| Deferred outflow of resources | <u>38,692</u> | <u>38,907</u> |
| Total assets and deferred outflows | <u>\$ 2,709,445</u> | <u>\$ 2,827,904</u> |
| Liabilities and deferred inflows | | |
| Current liabilities | \$ 271,275 | \$ 243,897 |
| Long-term liabilities | 750,952 | 687,074 |
| Deferred inflow of resources | <u>50,209</u> | <u>110,740</u> |
| Total liabilities and deferred inflows | <u>1,072,436</u> | <u>1,041,711</u> |
| Net position | | |
| Invested in capital assets, net of related debt | 40,545 | 33,303 |
| Unrestricted | 289,496 | 383,141 |
| Restricted - expendable | <u>1,306,968</u> | <u>1,369,749</u> |
| Total net position | <u>1,637,009</u> | <u>1,786,193</u> |
| Total liabilities, deferred inflows and net position | <u>\$ 2,709,445</u> | <u>\$ 2,827,904</u> |

Current assets include cash and cash equivalents, prepaid expense for programming costs, and accounts receivable related to pledges. Current assets increased by \$105,496 primarily due to an increase in cash on deposit at fiscal year-end.

Capital assets, net of related debt, increased by \$7,242 from 2015 to 2016, which was the net result from depreciation expense for fiscal year 2016, and capital additions of \$22,137.

Other assets include restricted cash, endowment investments, and other investments. Other assets decreased by \$230,982 primarily due to decrease in investment in endowment.

Deferred outflows are related to pension liability.

Current liabilities include accounts payable, unearned revenue, and the current portion of compensated absences.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
Years Ended June 30, 2016 and 2015

Long-term liabilities include the amount of compensated absences liability estimated to be payable after a one-year period, as well as the Station's portion of the OPEB liability; pension liability; and annuity obligations.

Amounts invested in capital assets, net of related debt, consist of the historical acquisition value of capital assets, reduced by both accumulated depreciation expense charged against assets and debt balances related to capital assets. This balance increases as assets are acquired and debt is repaid, and decreases as assets are depreciated and debt is incurred. Please refer to the notes to the accompanying financial statements for more detailed information on capital assets and long-term debt.

Unrestricted net position may be designated for specific purposes by action of management or may otherwise be limited by contractual agreements with outside parties. The decrease of \$93,645 was primarily due to change in investment portfolio.

Restricted, expendable net position are funds that may only be expended in accordance with restrictions imposed by an external party. The decrease of \$62,781 was due to change in investment portfolio.

The Statement of Revenues, Expenses, and Change in Net Position presents the support and revenue earned and expenses incurred on a full accrual basis and classifies activities as either "operating" or "non-operating." This distinction results in operating deficits for those stations that depend on State appropriations and gifts, which are classified as non-operating revenue.

| Condensed Statement of Revenues, Expenses, and Change in Net Position | | |
|--|---------------------|------------------|
| | <u>2016</u> | <u>2015</u> |
| Operating revenues | \$ 520,642 | \$ 505,266 |
| Operating expenses | <u>1,698,624</u> | <u>1,554,028</u> |
| Operating loss | (1,177,982) | (1,048,762) |
| Non-operating revenues | 1,030,922 | 1,086,714 |
| Loss on disposal of equipment | <u>(2,124)</u> | <u>-</u> |
| Change in net position | <u>\$ (149,184)</u> | <u>\$ 37,952</u> |

Operating revenues consist primarily of Corporation for Public Broadcasting (CPB) grant funds, donated administrative support from the MSU-Billings, and corporate memberships and underwriting.

Non-operating revenues consist primarily of contributions, investment income, CPB Grant revenue and state appropriations. The decrease of \$55,792 is due to a decrease in investment revenue.

 MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
 Years Ended June 30, 2016 and 2015

Revenue by Source

Operating expenses are presented by CPB categories of program and support. Programming expenses include programming and production, broadcasting, and program information. Support expenses include fundraising, management, and general and underwriting. The increase was primarily due to renovation of the studio and increase in programming expense.

Loss on disposal of equipment is due to the disposition of assets not fully depreciated.

Expenses by Program

The Statement of Cash Flows presents information related to cash inflows and outflows, categorized by operating, investing, and financing activities.

| Condensed Statement of Cash Flows | | |
|--|---------------------|---------------------|
| | <u>2016</u> | <u>2015</u> |
| Cash flows from: | | |
| Operating activities | \$ (1,110,997) | \$ (1,038,189) |
| Noncapital financing activities | 993,488 | 1,048,206 |
| Capital financing activities | (22,137) | - |
| Investing activities | <u>665,531</u> | <u>34,211</u> |
| Net increase in cash and cash equivalents | 525,885 | 44,228 |
| Cash and cash equivalents, beginning of year | <u>1,420,562</u> | <u>1,376,334</u> |
| Cash and cash equivalents, end of year | <u>\$ 1,946,447</u> | <u>\$ 1,420,562</u> |

Operating activities used \$1,110,997 and \$1,038,189 in cash, resulting primarily from the operating loss of (\$1,177,982) and (\$1,048,762) for June 30, 2016 and 2015, respectively.

Financing activities provided \$993,488 and \$1,048,206 in cash for the years ended June 30, 2016 and 2015, respectively, resulting primarily from contributions.

Investing activities provided \$665,531 and \$34,211 in cash for the years ended June 30, 2016 and 2015, respectively.

Capital purchases used \$22,137 in cash for the year ended June 30, 2016.

Economic Outlook

KEMC/YPR anticipates fundraising, development, and underwriting revenues will realize a slight increase during the 2016-17 fiscal year. The station has invested in new personnel and an underwriting management software system. New opportunities for underwriting sales have increased due to an overall evaluation of new and unused underwriting avails. As reported last year, KEMC/YPR has concluded its search for a Development Director. This permanent hire has already grown philanthropic giving year-to-date. With a concerted effort on underwriting fundraising, and development engagement the station will realize an increase in revenue. However, the revenue growth will be offset by further personnel investment in programming; including a full-time reporter in Bozeman, Montana, as well as an increased number of community programmers for 2017.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS
June 30, 2016

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES

Organization

Yellowstone Public Radio (the Station) is a public radio station (KEMC-FM) funded in part by a grant through the Corporation for Public Broadcasting. The Station is operated by Montana State University-Billings (MSU-Billings), a separate operational unit of Montana State University (MSU), which is a component unit of the State of Montana, and is included in the financial statements of the State of Montana as part of the Higher Education component unit. Financial activities of MSU-Billings, including the Station, are included in the financial statements of MSU.

The Station services Montana and Wyoming by acquiring, producing, and delivering high quality radio programming, production, and community outreach services. These non-commercial services provide educational, informational, and entertaining programming produced nationally and locally and extends the impact of radio through community outreach efforts. The Station relies significantly on grants, MSU-Billings support, and public contributions.

The component unit described below is included in the Station's reporting entity because of the significance of the operational and financial relationship with the Station.

Component Unit

The Friends of Public Radio, Inc. is a not-for-profit corporation under Internal Revenue Code Section 501(c)(3) and is classified as other than a private foundation. Friends of Public Radio raises funds to provide financial and other support to the Station, a public radio station licensed by MSU-Billings. The support provided includes fund raising, positive community relations, a volunteer system, and related administrative services.

The administration of Friends of Public Radio is provided by a Board of Directors consisting of 30 members, who serve three-year annual terms. Special memberships on the Board of Directors include (1) the Chancellor of MSU-Billings, who serves as an ex officio without voting powers, and (2) a representative of the Station chosen by the Board of Directors upon recommendation of the Chancellor of MSU-Billings, selected each year to serve without voting powers.

Financial Statement Presentation

The Station's financial statements are presented in accordance with requirements of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*. Under GASB Statements No. 34 and No. 35, the Station is required to present a statement of net position classified between current and noncurrent assets and liabilities, a statement of revenues, expenses, and change in net position—with separate presentation for operating and non-operating revenues and expenses—and a statement of cash flows using the direct method.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting

For financial reporting purposes, the Station is considered a special-purpose government engaged only in business-type activities. Accordingly, the Station's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned and expenses are recorded when an obligation has been incurred.

Cash and Cash Equivalents

For purposes of the statement of cash flows, short-term investments (including restricted cash) are included in cash equivalents. Short-term investments are recorded at cost, which approximates market value.

Accounts Receivable

Management has determined accounts receivable to be fully collectible, and thus, no provision has been made for an allowance for doubtful accounts.

Pledges Receivable

Pledges receivable are stated at net realizable value and are due within one year or less. Management has determined pledges receivable to be fully collectible, and thus, no provision has been made for an allowance for doubtful accounts.

Capital Assets

Capital assets with a cost, or in the case of donated property—estimated fair value at date of receipt—of \$5,000 or more and an estimated useful life of more than one year are capitalized, consistent with MSU-Billings' policy.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

| | <u>Years</u> |
|--------------------------------|--------------|
| Studio and broadcast equipment | 13 to 31 |
| Satellite | 13 |
| Transmission, antenna, tower | 5 to 20 |
| Furniture and fixtures | 5 |

Investments

The Station accounts for its investments at fair value. All investment income, including changes in unrealized gain (loss) on the carrying value of investments, is reported as a component of investment income.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences

Employees' compensated absences are accrued when earned. The obligation and expenditure incurred during the year are recorded as accrued compensated absences in the statement of net position, and as a component of compensation and benefit expense in the statement of revenues, expenses, and change in net position. As of December 31 of each year, employees can accumulate vacation leave up to twice the number of leave days earned annually and sick leave can be accumulated without limitation. Upon termination, the employee is paid the accumulated vacation leave and 25% of the accumulated sick leave. Amounts recorded as compensated absences payable include employer benefits.

Net Position

The Station's net position is classified as follows:

Invested in capital assets, net of related debt: This represents the Station's total investment in capital assets, net of depreciation, and outstanding debt obligations related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt.

Restricted – expendable: Expendable restricted includes resources in which the Station is legally or contractually obligated to spend resources in accordance with restrictions imposed by external third parties.

Restricted – nonexpendable: Nonexpendable restricted consists of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, the principal is to be maintained inviolate and in perpetuity and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Unrestricted: Unrestricted represents resources derived from operating grants, state appropriations, corporate memberships and underwriting, and unrestricted contributions. These resources are used for transactions relating to the general operations of the Station and may be used at the discretion of the governing board to meet current expenses for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the Station's policy is to apply the expense on a case by case basis.

Classification of Revenues

The Station has classified its revenues as either operating or non-operating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions, such as (1) operating grants, (2) support from MSU-Billings, and (3) corporate memberships and underwriting.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Classification of Revenues (Continued)

Non-operating revenues: Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as community service grants from CPB, gifts and contributions, state appropriations, and other revenue sources that are defined as non-operating revenues by GASB No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities that use Proprietary Fund Accounting*, and GASB No. 34.

Community Service Grants

The Corporation for Public Broadcasting (CPB) is a private, non-profit, grant-making organization responsible for funding more than 1,000 television and radio stations. CPB distributes annual Community Service Grants (CSGs) to qualifying public telecommunications entities. CSGs are used to augment the financial resources of public broadcasting stations and thereby, to enhance the quality of programming and expand the scope of public broadcasting services. Each CSG may be expended over one or two federal fiscal years as described in the Communications Act, 47 United States Code Annotated Section 396(k)(7), (1983) Supplement. In any event, each grant must be expended within two years of the initial grant authorization.

According to the Communications Act, funds may be used at the discretion of the recipients. The Station uses these funds for purposes relating primarily to production and acquisition of programming. Also, the grants may be used to sustain activities begun with CSGs awarded in prior years.

The grants are reported on the accompanying financial statements as unrestricted non-operating funds; however, certain guidelines must be satisfied in connection with application for and use of the grants to maintain eligibility and compliance requirements.

These guidelines pertain to the use of grant funds, record keeping, audits, and financial reporting and licensee status with the Federal Communications Commission.

Donated Facilities, Materials, and Services

Donated facilities from MSU-Billings consist of office and studio space together with related occupancy costs and are recorded as revenue and expense at estimated fair rental values in the statement of revenues, expenses, and change in net position. Administrative support from MSU-Billings consists of indirect costs incurred by MSU-Billings on behalf of the Station, determined by established cost pools, which are grouped into functional categories such as institutional support and physical plant support, which is then allocated, based on the Station's direct costs in accordance with guidelines established by the CPB. Donated materials are recorded at their fair value at the time of contribution. Donated personal services are recognized if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Functional Allocation of Expenses

The cost of providing the various programs and other activities has been summarized on a functional basis in the statement of revenues, expenses, and change in net position. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Tax Status

As a state institution of higher education, the income of the Station is exempt from federal and state income taxes; however, income generated from activities unrelated to the exempt purpose is subject to income tax under Internal Revenue Code Section 511 (a)(2)(B).

The Station is no longer subject to examinations by federal tax authorities for years before 2013.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

New Accounting Pronouncements

The Station has adopted the provisions of the following GASB pronouncements for the year ended June 30, 2016:

- Statement No. 72, *Fair Value Measurement and Application*. This Statement addresses accounting and financial reporting issues related to fair value measurements. The definition of *fair value* is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.
- Statement No. 82, *Pension Issues, an amendment of GASB No. 67, 68, and 73*. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, Financial Reporting for Pension Plans, No. 68, Accounting and Financial Reporting for Pensions, and No. 73, Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of

NOTE 1. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

New Accounting Pronouncements (Continued)

deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements.

Subsequent Events

Management has evaluated subsequent events through January 11, 2017, the date which the financial statements were available for issue.

NOTE 2. CASH AND CASH EQUIVALENTS

Cash balances are maintained (1) in pooled funds with other MSU-Billings funds and (2) at a local financial institution. FDIC coverage is limited to \$250,000 per account holder. From time to time, certain bank accounts that are subject to limited FDIC coverage exceed their insured limits. At June 30, 2016, bank accounts exceeded insured limits by \$1,029,534. Of which \$734,902 is pooled funds with other MSU-Billings funds and \$294,632 are held at a local financial institution.

Because of the pooled cash concept, it is not possible to allocate the Station's share of the pooled cash balances into the various risk categories.

NOTE 3. CAPITAL ASSETS

Activity for capital assets for the year ended June 30, 2016, is summarized below:

| | <u>June 30, 2015</u> | <u>Additions</u> | <u>Retirements</u> | <u>June 30, 2016</u> |
|--------------------------------|----------------------|------------------|--------------------|----------------------|
| Studio and broadcast equipment | \$ 159,202 | \$ 22,137 | \$ (33,016) | \$ 148,323 |
| Satellite | 13,349 | - | - | 13,349 |
| Transmission, antenna, tower | 909,317 | - | - | 909,317 |
| Furniture and fixtures | 16,472 | - | (16,472) | - |
| Accumulated depreciation | <u>(1,065,037)</u> | <u>(12,771)</u> | <u>47,364</u> | <u>(1,030,444)</u> |
| | <u>\$ 33,303</u> | <u>\$ 9,366</u> | <u>\$ (2,124)</u> | <u>\$ 40,545</u> |

Depreciation expense was charged to the broadcasting function in the amount of \$12,771.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 4. INVESTMENTS

Investments consist of securities within the Fund 2000 restricted term endowment and the Friends of Public Radio agency account. The Station records the investments at fair value, with changes in value shown as a component of current-year, non-operating income.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs, using the market value approach.

As required under GAAP, investments are classified within the level of lowest significant input considered in determining fair value. GAAP also establishes a fair value hierarchy, which prioritizes the valuation of inputs into three broad levels: Level 1 as quoted prices in active markets as of the measurement date, Level 2 quoted prices that are not active, quoted prices for similar assets or liabilities in active markets or inputs other than quoted prices that are observable (either directly or indirectly) for substantially the full term of the asset or liability and Level 3 significant unobservable prices or inputs for which there is little or no market activity for the asset or liability at the measurement date.

A comparison of cost to fair value, with the cumulative unrealized gain, follows:

| | Historical Cost | Level 1 Fair Value | Cumulative Unrealized Gain |
|-------------|-----------------|-----------------------|-------------------------------|
| Investments | \$ 477,919 | \$ 496,925 | \$ 19,006 |

Interest rate risk: This is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The Station has an investment policy that limits investment maturities for any single security to 20 years or less. Information about the exposure of the Station's investments to this risk at June 30, 2016, using the segmented time distribution model is shown on the following page.

| Total | <u>\$ 496,925</u> | <u>\$ 245,351</u> | <u>\$ 128,537</u> | <u>\$ 67,520</u> | <u>\$ 55,517</u> |

Credit risk: Generally, credit risk is the risk that an issuer of a debt-type investment will not fulfill its obligation to the holder of the investment. This is measured by assignment of a rating by a nationally recognized rating organization. Presented below are the ratings for each investment type at June 30, 2016:

| | <u>Fair Value</u> | <u>AAA to Aa3</u> | <u>A1 to A3</u> | <u>Baa1 - Baa3</u> | <u>Unrated</u> |
|--------------------------|-------------------|-------------------|------------------|--------------------|-------------------|
| U.S. Treasuries | \$ 86,406 | \$ 86,406 | \$ - | \$ - | \$ - |
| U.S. Government Agencies | 49,488 | 49,488 | - | - | - |

| Total | <u>\$ 496,925</u> | <u>\$ 148,290</u> | <u>\$ 49,538</u> | <u>\$ 57,783</u> | <u>\$ 241,314</u> |

A paid-up life insurance policy was donated in a prior year in which Friends of Public Radio is the beneficiary. The cash value of the policy at June 30, 2016, amounted to \$87,602 with a death benefit of \$136,004.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 4. INVESTMENTS (CONTINUED)

The calculation of realized gains is independent of the calculation of the net increase in the fair value of investments. Realized gains and losses on investments that had been held in more than one fiscal year and sold in the current year may have been recognized as an increase or decrease in the fair value of investments reported in the prior year. Current-year investment income consists of the following:

| | | |
|------------------------|-----------|--------------|
| Interest and dividends | \$ | 25,682 |
| Unrealized loss | | (28,081) |
| Realized gain | | <u>3,989</u> |
| | <u>\$</u> | <u>1,590</u> |

NOTE 5. PENSION PLANS

The Station's employees are covered under the Montana Public Employees' Retirement System (PERS) or the Montana Teachers' Retirement System (TRS). PERS includes options as either a defined benefit or a defined contribution plan, and TRS is a defined benefit retirement plan. PERS and TRS are multiple-employer, cost sharing plans.

The following information, related to these pension plans, is related to activity of the Station. For information regarding pension plans related to the Station, the information can be found in Montana State University's annual financial report.

The amounts contributed to the plans during the year ended June 30, 2016, were equal to the required contribution each year. The amounts contributed by the Station and its employees were:

| Fiscal year ended: | PERS | TRS |
|--------------------|-----------|----------|
| June 30, 2016 | \$ 31,975 | \$ 4,303 |
| June 30, 2015 | \$ 31,952 | \$ 3,369 |
| June 30, 2014 | \$ 29,420 | \$ 3,284 |
| June 30, 2013 | \$ 25,092 | \$ 3,187 |

NOTE 5. PENSION PLANS

Public Employees' Retirement System (PERS)

PERS Plan Description

The PERS-Defined Benefit Retirement Plan (DBRP), administered by the Montana Public Employee Retirement Administration (MPERA), is a multiple-employer, cost-sharing plan established July 1, 1945, and governed by Title 19, chapters 2 & 3, Montana Code Annotated (MCA). This plan covers the State, local governments, certain employees of the Montana University System, and school districts.

The PERS-DBRP provides retirement, disability, and death benefits to plan members and their beneficiaries. Benefits are established by state law and can only be amended by the Legislature. Benefits are based on eligibility, years of service, and highest average compensation. Member rights are vested after five years of service.

PERS Eligibility for Participation

All new members in covered positions are defaulted to the PERS-DBRP and have a 12-month window during which they may choose to remain in the PERS-DBRP or join the PERS-DCRP by filing an irrevocable election. Members may not be members of both the defined contribution and defined benefit retirement plans. All new members from the universities also have a third option to join the university system's Montana University System Retirement Program (MUS-RP). For members that choose to join the PERS-DCRP or the MUS-RP, a percentage of the employer contributions will be used to pay down the liability of the PERS-DBRP.

PERS Summary of Benefits

Service retirement:

| | |
|---------------------------------|--|
| Hired prior to July 1, 2011: | Age 60, 5 years of membership service; Age 65, regardless of membership service; or Any age, 30 years of membership service. |
| Hired on or after July 1, 2011: | Age 65, 5 years of membership services; Age 70, regardless of membership service. |

Early retirement, actuarially reduced:

| | |
|---------------------------------|---|
| Hired prior to July 1, 2011: | Age 50, 5 years of membership service; or Any age, 25 years of membership service. |
| Hired on or after July 1, 2011: | Age 55, 5 years of membership service. |

NOTE 5. PENSION PLANS (CONTINUED)

Public Employees' Retirement System (PERS) (Continued)

PERS Monthly benefit formula

Members hired prior to July 1, 2011:

- Less than 25 years of membership service: 1.785% of HAC per year of service credit;
- 25 years of membership service or more: 2% of HAC per year of service credit.

Members hired on or after July 1, 2011:

- Less than 10 years of membership service: 1.5% of HAC per year of service credit;
- 10 years or more, but less than 30 years of membership service: 1.785% of HAC per year of service credit;
- 30 years or more of membership service: 2% of HAC per year of service credit.

Member's highest average compensation (HAC)

- Hired prior to July 1, 2011 – highest average compensation during any consecutive 36 months;
- Hired on or after July 1, 2011 – highest average compensation during any consecutive 60 months;
- Hired on or after July 1, 2013 – 110% annual cap on compensation considered as part of a member's highest average compensation.

PERS Guaranteed Annual Benefit Adjustment (GABA)

After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage (provided below) each January, **inclusive** of other adjustments to the member's benefit.

- 3% for members hired prior to July 1, 2007
- 1.5% for members hired on or after July 1, 2007
- Members hired on or after July 1, 2013:
 - 1.5% for each year PERS is funded at or above 90%;
 - 1.5% is reduced by 0.1% for each 2% PERS is funded below 90%; and
 - 0% whenever the amortization period for PERS is 40 years or more

NOTE 5. PENSION PLANS (CONTINUED)

Public Employees' Retirement System (PERS) (Continued)

PERS Net Pension Liability (NPL)

In accordance with Statement 68, PERS has a special funding situation in which the State of Montana is legally responsible for making contributions directly to PERS on behalf of the employers. Due to the existence of this special funding situation, local governments and school districts are required to report the portion of the State of Montana's proportionate share of the collective NPL that is associated with the employer. This arrangement does not apply to the Station, so a State share of pension liability is not reported.

The State of Montana also has a funding situation that is not considered a special funding situation whereby the State General Fund provides contributions from the coal severance tax and interest. All employers are required to report the portion of coal tax severance tax and interest attributable to the employer.

The Station's net pension liability related to PERS was as follows for the years ended June 30,

| | 2016 | 2015 | Percent of Collective NPL at June 30, 2016 | Percent of Collective NPL at June 30, 2015 | Increase (Decrease) in Percent of Collective NPL |
|-----------------------------------|------------|------------|---|---|---|
| The Station's proportionate share | \$ 467,996 | \$ 418,291 | 0.033462% | 0.033571% | -0.00010% |

The NPL was measured as of June 30, 2015, and the Total Pension Liability (TPL) used to calculate the NPL was determined by an actuarial valuation as of June 30, 2014, with update procedures to roll forward the TPL to the measurement date of June 30, 2015. The Station's proportion of the NPL was based on the Station's contributions received by PERS during the measurement period July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of PERS' participating employers.

PERS Changes

There were no changes in assumptions, other inputs, or benefit terms since the previous measurement date. Between the measurement date of the collective NPL and the Station's reporting date, there were changes in proportion that may affect the Station's proportionate share of the collective NPL.

PERS Pension Expense for 2016 totaled \$34,893, which included \$23,662 paid by the Station, as well as \$11,231 in revenue recognized for amounts received as a grant from the Montana Coal Trust Fund. PERS pension expense for 2015 totaled \$31,703, which included \$20,398 paid by the Station, as well as \$11,305 in revenue recognized for amounts received as a grant from the Montana Coal Trust Fund.

PERS Deferred Inflows and Outflows

At June 30, 2015, the Station recognized a beginning deferred outflow of resources for the employers FY2014 contributions of \$31,820.

The Station's share of deferred outflows of resources and deferred inflows of resources related to PERS was as follows:

| | 2016 | | 2015 | |
|---|-----------------------------------|----------------------------------|-----------------------------------|----------------------------------|
| | Deferred Outflows of Resources | Deferred Inflows of Resources | Deferred Outflows of Resources | Deferred Inflows of Resources |
| Differences between expected and actual economic experience | \$ - | \$ 2,830 | \$ - | \$ - |
| Differences between projected and actual earnings on pension plan investments | - | 39,600 | - | 108,563 |
| Change in proportionate share | - | 6,799 | - | - |
| *Contributions paid to PERS subsequent to the measurement date | 31,984 | - | 33,291 | - |
| Total | \$ 31,984 | \$ 49,229 | \$ 33,291 | \$ 108,563 |

*Amounts reported as deferred outflows of resources related to pensions resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the NPL in the year ended June 30, 2017.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be fully recognized in pension expense during the year ending June 30:

| | <u>Net amount to be recognized as an increase or (decrease) to pension expense</u> |
|------|--|
| 2017 | \$ (19,889) |
| 2018 | (19,889) |
| 2019 | (19,726) |
| 2020 | 10,299 |

PERS Overview of Contributions

Rates are specified by state law for periodic employer and employee contributions. The State legislature has the authority to establish and amend contribution rates to the plan.

PERS Member contributions

- Plan members are required to contribute 7.90% of member's compensation. Contributions are deducted from each member's salary and remitted by participating employers.
- The 7.90% member contributions is temporary and will be decreased to 6.9% on January 1 in the year following an actuarial valuation in which results that show the amortization period has dropped below 25 years and would remain below 25 years following reduction of both the additional employer and additional member contributions rates.

PERS Employer contributions

- State and University System employers are required to contribute 8.37% of members' compensation.
- Local government entities are required to contribute 8.27% of members' compensation.
- School district employers contributed 8.00% of members' compensation.
- Following the 2013 Legislative Session, PERS-employer contributions were temporarily increased. Effective July 1, 2013, employer contributions increased 1.0%. Beginning July 1, 2014, employer contributions will increase an additional 0.1% a year over 10 years, through 2024. The employer additional contributions including the 0.27% added in 2007 and 2009, terminates on January 1 following actuary valuation results that show the amortization period of the PERS-DBRP has dropped below 25 years and would remain below 25 years following the reductions of both the additional employer and member contributions rates.
- Effective July 1, 2013, the additional employer contributions for DCRP and MUS-RP is allocated to the defined benefit plan's Plan Choice Rate (PCR) unfunded liability. The PCR was paid off effective March 2016 and the contributions previously directed to the PCR are now directed to member accounts.
- Effective July 1, 2013, employers are required to make contributions on working retirees' compensation. Member contributions for working retirees are not required.

NOTE 5. PENSION PLANS (CONTINUED)

Public Employees' Retirement System (PERS) (Continued)

PERS Non Employer Contributions

- Special Funding
 - The State contributes 0.1% of members' compensation on behalf of local government entities.
 - The State contributes 0.37% of members' compensation on behalf of school district entities.
- Not Special Funding
 - The State contributes a portion of coal severance tax income and earnings from the Coal Trust Permanent Trust fund.

PERS Stand-Alone Statements

The PERS financial information is reported in the Public Employees' Retirement Board's Comprehensive Annual Financial Report for the fiscal year ended. It is available from the PERB at 100 North Park, PO Box 200131, Helena, MT 59620-0131, 406-444-3154.

CAFR information, including the stand-alone financial statements, can be found at <http://mpera.mt.gov/annualreports.shtml>

The latest actuarial valuation and experience study can be found at <http://mpera.mt.gov/actuarialvaluations.shtml>

PERS Actuarial Assumptions

The TPL as of June 30, 2014, is based on the results of an actuarial valuation date of June 30, 2014. There were several significant assumptions and other inputs used to measure the TPL. The actuarial assumptions used in the June 30, 2015, valuation were based on the results of the last actuarial experience study, dated June 2010, for the six-year period July 1, 2003 to June 30, 2009. Among those assumptions were the following:

- General Wage Growth* 4.00%
*includes Inflation at 3.00%
- Merit Increases 0% to 6%
- Investment Return 7.75%

YELLOWSTONE PUBLIC RADIO/KEMC-FM

OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 5. PENSION PLANS (CONTINUED)

Public Employees' Retirement System (PERS) (Continued)

PERS Actuarial Assumptions (Continued)

- Postretirement Benefit Increases
 - 3% for members hired prior to July 1, 2007
 - 1.5% for members hired between July 1, 2007 and June 30, 2013
 - Members hired on or after July 1, 2013
 - 1.5% for each year PERS is funded at or above 90%
 - 1.5% is reduced by 0.1% for each 2% PERS is funded below 90%; and
 - 0% whenever the amortization period for PERS is 40 years or more.
- Mortality assumptions among contributing members, terminated vested members, service retired members and beneficiaries based on RP 2000 Combined Employee and Annuitant Mortality Tables projected to 2015 with scale AA.
- Mortality assumptions among Disabled Retirees are based on RP 2000 Combined Employee and Annuitant Mortality Tables with no projections. No future mortality improvement is assumed.

PERS Discount Rate

The discount rate used to measure the TPL was 7.75%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities will be made based on the Board's funding policy, which establishes the contractually required rates under Montana Code Annotated. The State contributes 0.1% of salaries for local governments and 0.37% for school districts. In addition, the State contributes coal severance tax and interest money from the general fund. The interest is contributed monthly and the severance tax is contributed quarterly. Based on those assumptions, the System's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2123. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TLP. No municipal bond rate was incorporated in the discount rate.

PERS Target Allocations

| Asset Class | Target Asset Allocation | Long-term Expected Real Rate of Return |
|------------------|-------------------------|--|
| Cash Equivalents | 2.00% | -0.25% |
| Domestic Equity | 36.00% | 4.55% |
| Foreign Equity | 18.00% | 6.10% |
| Fixed Income | 24.00% | 1.25% |
| Private Equity | 12.00% | 8.00% |
| Real Estate | 8.00% | 4.25% |

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 5. PENSION PLANS (CONTINUED)

Public Employees' Retirement System (PERS) (Continued)

PERS Target Allocations (Continued)

The long-term expected return on pension-plan assets is reviewed as part of the regular experience study prepared for the System. The most recent analysis, performed for the period of fiscal years 2003 through 2009, is outlined in a report dated June 2010 and is located on the MPERA website. Several factors are considered in evaluating the long-term rate of return assumption. These factors include rates of return adopted by similar public sector systems, as well as the utilization of a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed by an investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. Best estimates are presented as the arithmetic real rates of return for each major asset class included in the PERS target asset allocation as of June 30, 2015, is summarized in the above table.

PERS Sensitivity Analysis

| | 1.0% Decrease (6.75%) | Current Discount Rate | 1.0% Increase (8.75%) |
|--------------------------|--------------------------|--------------------------|--------------------------|
| The Station's proportion | \$ 721,178 | \$ 467,996 | \$ 253,746 |

The above table presents the NPL calculated using the discount rate of 7.75%, as well as what the NPL would be if it were calculated using a discount rate that is 1.00% lower (6.75%) or 1.00% higher (8.75%) than the current rate.

PERS Summary of Significant Accounting Policies

The Montana Public Employee Retirement Administration (MPERA) prepares its financial statements using the accrual basis of accounting. For the purposes of measuring the NPL; deferred inflows of resources and deferred outflows of resources related to pensions; pension expense; information about the fiduciary net position; and, additions to/deductions from fiduciary net position have been determined on the same accrual basis as they are reported by MPERA. For this purpose, member contributions are recognized in the period in which contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Revenues are recognized in the accounting period they are earned and become measurable. Benefit payments and refunds are recognized in the accounting period when due and payable in accordance with the benefit terms. Expenses are recognized in the period incurred. Investments are reported at fair value. MPERA adheres to all applicable Governmental Accounting Standards Board (GASB) statements.

NOTE 5. PENSION PLANS (CONTINUED)

Teachers' Retirement System (TRS)

TRS Plan Description

Teachers' Retirement System (TRS or the System) is a multiple-employer cost-sharing defined-benefit public pension plan that provides retirement services to individuals employed as teachers, administrators, and in other professional and skilled positions employed in public education in Montana. The TRS Board is the governing body, and the TRS staff administers the system in conformity with the laws set forth in Title 19, chapter 20 of the Montana Code Annotated, and administrative rules set forth in Title 2, chapter 44 of the Administrative Rules of Montana. Additional information pertaining to membership, benefit structure, and prior years' actuarial valuations, as well as links to applicable statutes and administrative rules, may be obtained by visiting the TRS web site at trs.mt.gov.

TRS Summary of Benefits

Through June 30, 2013, all members enrolled in TRS participated in a single-tiered plan (Tier One). Employees with a minimum of 25 years of service or who have reached age 60 with 5 years of service are eligible to receive an annual retirement benefit equal to creditable service years divided by 60 times the average final compensation. Final compensation is the average of the highest three consecutive years of earned compensation. Benefits fully vest after 5 years of creditable service. Vested employees may retire at or after age 50 and receive reduced retirement benefits. Beginning July 1, 2013, new members in TRS participate in a second benefit tier (Tier Two), which differs from Tier One as follows:

- Tier Two uses a 5-year average final compensation (as opposed to 3-year AFC in Tier One)
- Tier Two provides for unreduced service retirement benefits at age 60 with 5 years of creditable service or at age 55 with at least 30 years of creditable service (rather than at age 60 with 5 years of service or at any age with creditable service in 25 years in Tier One)
- Tier Two provides for early retirement benefits with 5 years of creditable service at age 55 (rather than age 50 in Tier One)
- Tier Two has a 1% higher normal employee contribution rate (though a temporary 1% supplemental employee contribution rate is also now currently in place for Tier One members), and
- Tier Two provides for an enhanced benefit calculation - $1.85\% \times \text{AFC} \times \text{years of creditable service}$ - for members retiring with at least 30 years of creditable service and at least 60 years of age (rather than $1.6667 \times \text{AFC} \times \text{years of creditable service}$)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 5. PENSION PLANS (CONTINUED)

Teachers' Retirement System (TRS) (Continued)

TRS Summary of Benefits (Continued)

A guaranteed annual benefit adjustment (GABA) is payable on January 1st of each calendar year for each retiree who has received at least 36 monthly retirement benefit payments prior to that date. The GABA is applicable to both Tier One and Tier Two members. The GABA for Tier One members is 1.5% of the benefit payable as of January 1st. For Tier Two members the GABA each year may vary from 0.5% to 1.5% based on the retirement system's funding status and the period required to amortize any unfunded accrued actuarial liability as determined in the prior actuarial valuation.

TRS Net Pension Liability (NPL)

In accordance with GASB Statement 68, Accounting and Financial Reporting for Pensions, employers are required to recognize and report certain amounts associated with their participation in the Montana Teachers' Retirement System (TRS or the System). Statement 68 became effective June 30, 2015, and includes requirements to record and report their proportionate share of the collective NPL. In accordance with Statement 68, the System has a special funding situation in which the State of Montana is legally responsible for making contributions directly to TRS that are used to provide pension benefits to the retired members of TRS. Due to the existence of a special funding situation, employers are also required to report the portion of the State of Montana's proportionate share of the collective NPL that is associated with the employer.

The Station's NPL related to TRS was as follows for the years ended June 30,

| | 2016 | 2015 | Percent of Collective NPL at June 30, 2016 | Percent of Collective NPL at June 30, 2015 | Increase (Decrease) in Percent of Collective NPL |
|-----------------------------------|-----------|-----------|---|---|---|
| The Station's proportionate share | \$ 17,541 | \$ 14,053 | 0.0010% | 0.0009% | 0.0001% |

The NPL was measured as of June 30, 2015, and the TPL used to calculate the NPL was determined by an actuarial valuation as of July 1, 2015. The Station's proportion of the NPL was based on the Station's contributions received by TRS during the measurement period July 1, 2014, through June 30, 2015, relative to the total employer contributions received from all of TRS' participating employers.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 5. PENSION PLANS (CONTINUED)

Teachers' Retirement System (TRS) (Continued)

TRS Changes between the measurement date and reporting date

There were no changes between the measurement date of the collective NPL and the Station's reporting date that are expected to have a significant effect on the Station's proportionate share of the collective NPL.

The following changes in assumptions or other inputs that affected the measurement of the TPL have been made since the previous measurement date.

- Correctly reflect the proportion of members that are assumed to take a refund of contributions upon termination and appropriately reflect the three-year COLA deferral period for Tier 2 members.
- The 0.63% load applied to the projected retirement benefits of the Station members "to account for larger than average annual compensation increases observed in the years immediately preceding retirement" is not applied to benefits expected to be paid to university members on account of death, disability, and termination (prior to retirement eligibility).
- The actuarial valuation was updated to reflect the assumed rate of retirement for university members at age 60 is 8.50% as stated in the actuarial valuation report.
- The actuarial valuation was updated to reflect the fact that vested terminations are only covered by the \$500 death benefit for the one year following their termination and, once again when the terminated member commences their deferred retirement annuity (they are not covered during the deferral period). Additionally, only the portion of the terminated members that are assumed to "retain membership in the System" are covered by the \$500 death benefit after termination.

There have been no changes in benefit terms since the previous measurement date.

TRS Pension Expense

The Station's pension expense related to TRS was as follows for the years ended June 30,

| | <u>2016</u> | <u>2015</u> |
|---|-----------------|-----------------|
| The Station's proportionate share | \$ 5,502 | \$ 1,478 |
| State of Montana expense / Station revenue recognized | - | 316 |
| Total | <u>\$ 5,502</u> | <u>\$ 1,794</u> |

NOTE 5. PENSION PLANS (CONTINUED)

Teachers' Retirement System (TRS) (Continued)

TRS Deferred Inflows and Outflows

The Station recognized a beginning deferred outflow of resources at June 30, 2015, for the Station's 2014 contributions of \$3,738.

The Station's share of deferred outflows or resources and deferred inflows of resources related to TRS was as follows:

| | 2016 | | 2015 | |
|---|-----------------------------------|----------------------------------|-----------------------------------|----------------------------------|
| | Deferred Outflows of Resources | Deferred Inflows of Resources | Deferred Outflows of Resources | Deferred Inflows of Resources |
| Differences between expected and actual economic experience | \$ 185 | \$ - | \$ 139 | \$ - |
| Changes in actuarial assumptions | 248 | 37 | 319 | - |
| Differences between projected and actual investment earnings | - | 943 | - | 2,177 |
| Difference between actual and expected contributions | 1,972 | - | 1,789 | - |
| *Contributions paid to TRS subsequent to the measurement date | <u>4,303</u> | <u>-</u> | <u>3,369</u> | <u>-</u> |
| Total | <u>\$ 6,708</u> | <u>\$ 980</u> | <u>\$ 5,616</u> | <u>\$ 2,177</u> |

* Amounts reported as deferred outflows of resources related to pensions resulting from the employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2017.

Other amounts reported as deferred outflows and inflows of resources related to pensions will be fully recognized in pension expense during the year ending June 30:

| | Net amount to be recognized as an increase or (decrease) to <u>pension expense</u> |
|------|--|
| 2017 | \$ 726 |
| 2018 | 726 |
| 2019 | (269) |
| 2020 | 242 |

NOTE 5. PENSION PLANS (CONTINUED)

Teachers' Retirement System (TRS) (Continued)

TRS Overview of Contributions

TRS receives a portion of the total required statutory contributions directly from the State for all employers. The employers are considered to be in a special funding situation as defined by GASB 68 and the State is treated as a non-employer contributing entity in TRS. TRS receives 2.49% of reportable compensation from the State's general fund for School Districts and Other Employers. The System also receives 0.11% of reportable compensation from the State's general fund for all TRS employers including State Agency and University System employers. Finally, the State is also required to contribute \$25 million in perpetuity payable July 1st of each year.

As of June 30, 2016, MCA 19-20-605 requires each employer to contribute 11.05% of total compensation paid to all re-employed TRS retirees employed in a TRS reportable position. Pursuant to MCA 19-20-609, this amount shall increase by 0.10% each fiscal year through 2024 until the total employer contribution is equal to 11.85% of re-employed retiree compensation.

The tables below show the legislated contribution rates for TRS members, employers and the State.

| | <u>School District and Other Employers</u> | | | Total Employee & Employer |
|-------------------------------|---|-----------|--------------|------------------------------|
| | Members | Employers | General Fund | |
| Prior to July 1, 2007 | 7.15% | 7.47% | 0.11% | 14.73% |
| July 1, 2007 to June 30, 2009 | 7.15% | 7.47% | 2.11% | 16.73% |
| July 1, 2009 to June 30, 2013 | 7.15% | 7.47% | 2.49% | 17.11% |
| July 1, 2013 to June 30, 2014 | 8.15% | 8.47% | 2.49% | 19.11% |
| July 1, 2014 to June 30, 2015 | 8.15% | 8.57% | 2.49% | 19.21% |
| July 1, 2015 to June 30, 2016 | 8.15% | 8.67% | 2.49% | 19.31% |
| July 1, 2016 to June 30, 2017 | 8.15% | 8.77% | 2.49% | 19.41% |
| July 1, 2017 to June 30, 2018 | 8.15% | 8.87% | 2.49% | 19.51% |
| July 1, 2018 to June 30, 2019 | 8.15% | 8.97% | 2.49% | 19.61% |
| July 1, 2019 to June 30, 2020 | 8.15% | 9.07% | 2.49% | 19.71% |
| July 1, 2020 to June 30, 2021 | 8.15% | 9.17% | 2.49% | 19.81% |
| July 1, 2021 to June 30, 2022 | 8.15% | 9.27% | 2.49% | 19.91% |

TRS Actuarial Assumptions

The TPL as of June 30, 2015, is based on the results of an actuarial valuation date of July 1, 2015. There were several significant assumptions and other inputs used to measure the TPL. The actuarial assumptions used in the July 1, 2015, valuation were based on the results of the last actuarial experience study, dated May 1, 2014. Among those assumptions were the following:

- Total Wage Increases*
 - 4% - 8.51% for Non-University Members and 5.00% for University Members
 - Investment Return 7.75%
 - Price Inflation 3.25%

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 5. PENSION PLANS (CONTINUED)

Teachers' Retirement System (TRS) (Continued)

TRS Actuarial Assumptions (Continued)

- Postretirement Benefit Increases
 - Tier One Members: If the retiree has received benefits for at least 3 years, the retirement allowance will be increased by 1.5% on January 1st.
 - Tier Two Members, the retirement allowance will be increased by an amount equal to or greater than 0.5% but no more than 1.5% if the most recent actuarial valuation shows the System to be at least 90% funded and the provisions of the increase is not projected to cause the funded ratio to be less than 85% (starting three years after retirement).
- Mortality among contributing members, service retired members, and beneficiaries
 - For Males: RP 2000 Healthy Annuitant Mortality Table for ages 50 and above and 1992 Base Rates from the RP 2000 Combined Healthy Annuitant Mortality Table for ages below 50, set back four years, with mortality improvements projected by Scale BB to 2018.
 - For Females: RP 2000 Healthy Annuitant Mortality Table for ages 50 and above and 1992 Base Rates from the RP 2000 Combined Healthy Annuitant Mortality Table for ages below 50, set back two years, with mortality improvements projected by Scale BB to 2018.
- Mortality among disabled members
 - For Males: RP 2000 Disabled Mortality Table for Males, set forward one year, with mortality improvements projected by Scale BB to 2018.
 - For Females: RP 2000 Disabled Mortality Table for Females, set forward five years, with mortality improvements projected by Scale BB to 2018.

*Total Wage Increases include 4.00% general wage increase assumption and 4.51% merit and longevity increases.

TRS Discount Rate

The discount rate used to measure the TPL was 7.75%. The projection of cash flows used to determine the discount rate assumed that contributions from participating plan members, employers, and non-employer contributing entities will be made based on the Board's funding policy, which establishes the contractually required rates under Montana Code Annotated. In addition to the contributions, the State general fund will contribute \$25 million annually to TRS payable July 1st of each year. Based on those assumptions, the System's fiduciary net position was projected to be adequate to make all the projected future benefit payments of current plan members through the year 2119. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. No municipal bond rate was incorporated in the discount rate.

NOTE 5. PENSION PLANS (CONTINUED)

Teachers' Retirement System (TRS) (Continued)

TRS Target Allocations

| Asset Class | Target Asset Allocation | Real Rate of Return Arithmetic Basis | Long-Term Expected Portfolio Real Rate of Return* |
|------------------------------------|----------------------------|--|---|
| Broad U.S. Equity | 36.00% | 4.80% | 1.73% |
| Broad International Equity | 18.00% | 6.05% | 1.09% |
| Private Equity | 12.00% | 8.50% | 1.02% |
| Intermediate Bonds | 23.40% | 1.50% | 0.35% |
| Core Real Estate | 4.00% | 4.50% | 0.18% |
| High Yield Bonds | 2.60% | 3.25% | 0.08% |
| Non-Core Real Estate | <u>4.00%</u> | 7.50% | <u>0.30%</u> |
| | <u>100.00%</u> | | 4.75% |
| Inflation | | | <u>3.25%</u> |
| Expected arithmetic nominal return | | | <u>8.00%</u> |

* The long-term expected nominal rate of return above of 8.00% differs from the total TRS long-term rate of return assumption of 7.75%. The assumed rate is comprised of a 3.25% inflation rate and a real long-term expected rate of return of 4.50%.

The assumed long-term expected return on pension plan assets is reviewed as part of the regular experience studies prepared for the System. The most recent analysis, performed for the period covering fiscal years 2008 through 2013, is outlined in a report dated May 1, 2014. Several factors are considered in evaluating the long-term rate of return assumption including long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans, which covers a longer timeframe. The assumption is intended to be a long-term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. Best estimates of arithmetic real rates of return for each major asset class included in the System's target asset allocation as of June 30, 2015, is summarized in the above table.

TRS Sensitivity Analysis

Below is information regarding the NPL calculated using the current and two additional rates:

| | 1.0% Decrease (6.75%) | Current Discount Rate | 1.0% Increase (8.75%) |
|--|--------------------------|--------------------------|--------------------------|
| The Station's proportion of net pension liability | \$ 24,122 | \$ 17,541 | \$ 12,033 |

In accordance with GASB 68 regarding the disclosure of the sensitivity of the NPL to changes in the discount rate, the above table presents the NPL calculated using the discount rate of 7.75%, as well as what the NPL would be if it were calculated using a discount rate that is 1.00% lower (6.75%) or 1.00% higher (8.75%) than the current rate.

TRS Summary of Significant Accounting Policies

The TRS prepares its financial statements using the accrual basis of accounting. For the purposes of measuring the NPL, deferred inflows of resources and deferred outflows of resources related to pensions, pension expense, information about the fiduciary net position of the TRS and additions to/deductions from TRS's fiduciary net position have been determined on the same accrual basis as they are reported by TRS. For this purpose, plan contributions are recognized as of employer payroll paid dates and benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. TRS adheres to all applicable Governmental Accounting Standards Board (GASB) statements.

TRS' stand-alone financial statements, actuarial valuations and experience studies can be found online at <https://trs.mt.gov/TrsInfo/NewsAnnualReports>

NOTE 6. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Authorization

Montana State law requires state agencies to provide access to health insurance benefits to eligible retirees up to Medicare – eligible age (65) (§2-18-704(1)(a), MCA). The Board of Regents of the Montana University System (MUS), having broad authority to act in the best interests of the MUS, has directed the Office of the Commissioner of Higher Education (OCHE) to provide access to health insurance benefits beyond age 65. Eligible University retirees may participate in the health insurance plan, provided that they contribute to the cost of the plan.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 6. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Eligibility

Retirees who are eligible to receive retirement benefits from TRS or the Public Employees Retirement System (PERS) at the time employment ceases may participate in the plan. Retirees who are in the Montana University System Retirement Plan (MUS-RP) (through TIAA-CREF) or any other defined contribution plan associated with the MUS must have worked 5 or more years and be age 50, or have worked 25 years with the MUS to be eligible for retiree insurance benefits. The MUS's Interunit Benefits Committee, at the direction of the OCHE, sets the premiums for such participation. Until a retiree reaches age 65, individual retiree participation premiums range from \$646 - \$722 per month, depending on the level of deductible and other selected plan features. Upon reaching age 65 (Medicare eligibility), monthly participation premiums range from \$278 - \$310 for an individual retiree. Coverage is also extended to dependents and surviving dependents of the employee. Retirees who select a non-MUS Medicare Advantage Program are not considered in the above rates.

Financial and plan information

The MUS Group Benefits Plan does not issue a stand-alone financial report, but is subject to audit as part of the State of Montana's basic financial statements, included in the Comprehensive Annual Financial Report (CAFR). A copy of the most recent CAFR can be obtained online at <http://afsd.mt.gov/CAFR/CAFR.asp> or by contacting the Montana Department of Administration, PO Box 200102, Helena, MT 59620-0102.

A schedule of funding progress contained in the RSI immediately following the notes to the financial statements presents multi-year trend information.

The plan is considered to be a multi-employer agent plan. All units of the MUS fund the post-employment benefits on a pay-as-you-go basis from general assets. The University's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with GASB Statement No. 45. The calculated ARC represents an amount that, if funded, would cover normal cost each year and amortize any unfunded actuarial liability over a period of 30 years. The most recent actuarial determination was based on plan information as of July 1, 2015. At that time, the number of active University participants in the health insurance plan was 3,097. The total number of inactive (retiree and dependent) participants was 931. During the years ended June 30, 2016, 2015, and 2014, the University contributed \$39,518,632, \$38,746,697, and \$35,014,278, respectively, which was calculated based on a contribution rate per actively employed participants, whose annual covered payroll totaled \$207,301,264 as of the last actuarial valuation. Included within this amount, the University is deemed to have contributed \$1,314,823, \$1,716,218, and \$862,890, for retirees or their dependents during 2016, 2015, and 2014, respectively.

YELLOWSTONE PUBLIC RADIO/KEMC-FM
(A PUBLIC RADIO ENTITY)
OPERATED BY MONTANA STATE UNIVERSITY-BILLINGS
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 6. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

As of the latest actuarial evaluation, the accrued liability for retiree health benefits was \$54,239,400, all of which was unfunded. The percentage of annual OPEB cost contributed to the plan was 24%, 31% and 16% for 2016, 2015, and 2014 respectively. The funded status of the plan as of June 30 was 0% for each of the previous three years.

The Station's OPEB obligations for 2016, 2015, and 2014 are:

| <u>Year ended June 30,</u> | <u>2016</u> | <u>2015</u> | <u>2014</u> |
|--|-------------------|-------------------|-------------------|
| Annual required contribution | \$ 17,098 | \$ 16,218 | \$ 21,515 |
| Net interest and amortization on OPEB obligation | <u>1,743</u> | <u>1,530</u> | <u>1,840</u> |
| Annual OPEB cost | 18,841 | 17,748 | 23,355 |
| Contributions made | <u>(4,492)</u> | <u>(5,554)</u> | <u>(3,711)</u> |
| Increase to net OPEB obligation | 14,349 | 12,194 | 19,644 |
| Net OPEB obligation - beginning of year | <u>181,693</u> | <u>169,499</u> | <u>149,855</u> |
| Net OPEB obligation - end of year | <u>\$ 196,042</u> | <u>\$ 181,693</u> | <u>\$ 169,499</u> |

Actuarial methods and assumptions

The projected unit credit funding method was used to determine the cost of the MUS System Employee Group Benefits Plan. This method's objective is to fund each participant's benefits under the plan as they accrue. The total benefit to which each participant is expected to become entitled at retirement is categorized into units, each associated with a year of past or future credited service. The actuarial assumptions included marital status at retirement, mortality rates, and retirement age:

| | |
|-----------------------------|--|
| Method | 30-year, level percent of pay amortization on an open basis |
| Interest/discount rate | 4.25% |
| Projected payroll increases | 2.50% |
| Healthcare cost trend rate | -8.00% (medical and prescription) for the initial year; -Rates decreasing from 7.5% to 5.0% for years 2016-2019 -4.50% (medical and prescription) in 2022 and beyond |
| Participation | 50% of future retirees are assumed to elect coverage at the time of retirement, 60% of future eligible spouses of future retirees are assumed to elect coverage |

NOTE 6. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Actuarial methods and assumptions (Continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events into the future. Such events include assumptions about future employment, mortality rates, and healthcare cost trends. Amounts are subject to continual review and revision as actual results are compared with past expectations and new estimates are made. Calculations are based on the benefits provided under the terms of the substantive plan in effect at the time of each valuation, and on the pattern of sharing of costs between the employer and plan members to that point. Calculations reflect a long-term perspective, and as such, may include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

NOTE 7. ANNUITIES OBLIGATION

The Station is subject to certain provisions of the Montana Code Annotated, which specify that a charitable organization may only issue a “qualified charitable gift annuity” if it meets the following statutory requirements on the date of the annuity agreement: (1) has a minimum of \$300,000 net worth or has a minimum of \$100,000 in unrestricted cash, cash equivalents, or publicly traded securities, exclusive of the assets funding the annuity agreement; (2) has been in continuous operation for at least three years or is a successor or affiliate of a charitable organization that has been in continuous operation for at least three years; (3) maintains a separate annuity fund with at least one-half the value of the initial amount transferred for outstanding annuities. If the charitable organization cannot meet the requirements, the issuance of qualified charitable gift annuity by a charitable organization must be commercially insured by a licensed insurance company that is qualified to do business in Montana. For the year ended June 30, 2016, the Station met the requirements to issue qualified charitable gift annuities.

Friends of Public Radio, Inc. have received deferred charitable annuity gifts with a total principal value of \$68,998. An annuity obligation liability has been recorded in the amount of \$12,461 at June 30, 2016, representing the donors’ investments in the contract at annuity rates ranging from 5.0% to 13.7% and annuity payment starting dates ranging from 0.5 to 31.5 years.

NOTE 10. RELATED PARTY TRANSACTIONS AND IN-KIND CONTRIBUTIONS

During the year ended June 30, 2016, the Station received \$865,000 in monetary support from Friends of Public Radio.

The following in-kind contributions were recorded in the Station's financial statements for the year ended June 30, 2016:

| | |
|--|--------------------------|
| University indirect administrative support | \$ 229,403 |
| Occupancy | <u>17,298</u> |
| Total related party in-kind contributions | 246,701 |
| Other in-kind contributions | <u>33,946</u> |
| Total | <u><u>\$ 280,647</u></u> |

NOTE 11. COMMITMENTS AND CONTINGENCIES

Funding Sources

The Station operates their programs with the aid of funding primarily from the following sources:

- 1) CPB grants
- 2) Appropriations from the Montana University System
- 3) Contributions from Friends of Public Radio, Inc.
- 4) Corporate membership and underwriting

A major reduction in the level of support from any of these funding sources could have a negative impact on the Station's ability to maintain its current programs.

CPB Grant

The Station must use its CSGs within two one-year grant periods. Any unexpended funds must be returned to the CPB. Although it is a possibility that the funds could not be spent within the grant period, the management of the Station deems the contingency remote.

Other

The Station faces a number of risks of loss, including (a) damage to and loss of property and contents, (b) employee torts, and (c) workers' compensation. The Station, as a department of the Montana University System, participates in the risk management programs of the Montana University System.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2016

NOTE 12. MONTANA COMMUNITY FOUNDATION

Donations were received in prior years through the Montana Community Foundation (MCF) to establish an irrevocable endowment fund on the books of the MCF, known as the “Friends of Public Radio - Fund 2000 Endowment Fund.” The principal of the Fund, along with net capital appreciation, shall be kept and invested by MCF, and net income from the fund is distributable to Friends of Public Radio at least annually. The value of the fund at June 30, 2016 was \$87,694.

NOTE 13. ENDOWMENT FUND (PREVIOUSLY KNOWN AS FUND 2000)

Included in the restricted investments is a term endowment, known as “Yellowstone Public Radio Fund 2000,” was established by the Board to ensure future generations’ access to the Station’s coverage area in Montana and Wyoming. The primary mission of this fund is to provide permanent financial shelter from the Station against sudden loss of federal funding, unforeseen emergencies, and natural disasters.

The fund will be continually reinvested to provide ongoing support for Station. Earnings from the fund are unrestricted, but Board approval is necessary for withdrawal. The principal can be used, if necessary, for these special circumstances:

- To pay for the deductible of insurance costs, to repair, or replace damaged equipment/facilities in the event of a natural disaster or other emergency
- To provide emergency (supplementary) funds in the event of sudden changes in state or federal appropriations for public radio
- To expand and enhance access to public radio

NOTE 1. TEACHERS' RETIREMENT SYSTEM (TRS)

Changes of Benefit Terms

The following changes to the plan provision were made as identified:

The 2013 Montana Legislature passed HB 377, which provides additional revenue and created a two-tier benefit structure. A Tier One Member is a person who first became a member before July 1, 2013, and has not withdrawn their member's account balance. A Tier Two Member is a person who first becomes a member on or after July 1, 2013, or after withdrawing their member's account balance, becomes a member again on or after July 1, 2013.

The GABA for Tier One members has also been modified as follows:

- If the most recent actuarial valuation of the System shows that the funded ratio is less than 90%, then the maximum increase that can be granted is 0.50%.
- If the funded ratio is at least 90% and the increase is not projected to cause the System's funded ratio to be less than 85%, an increase can be granted that is greater than 0.50% but not more than 1.50%.

The second tier benefit structure for members hired on or after July 1, 2013, is summarized below.

- 1) **Final Average Compensation:** average of earned compensation paid in five consecutive years of full-time service that yields the highest average.
- 2) **Service Retirement:** Eligible to receive a service retirement benefit if the member has been credited with at least 5 full years of creditable service and has attained the age of 60; or has been credited with 30 or more years of full-time or part-time creditable service and has attained age 55.
- 3) **Early Retirement:** Eligible to receive an early retirement allowance if a member is not eligible for service retirement but has at least 5 years of creditable service and attained age 55.
- 4) **Professional Retirement Option:** if the member has been credited with 30 or more years of service and has attained the age of 60, they are eligible for an enhanced allowance equal to 1.85% of average final compensation times all service at retirement. Otherwise, the multiplier used to calculate the retirement allowance will be equal to 1.67%.
- 5) **Annual Contribution:** 8.15% of member's earned compensation.
- 6) **Supplemental Contribution Rate:** On or after July 1, 2023, the TRS Board may require a supplemental contribution up to 0.5% if the following three conditions are met:
 - a. The average funded ratio of the System based on the last three annual actuarial valuations is equal to or less than 80%; and
 - b. The period necessary to amortize all liabilities of the System based on the latest annual actuarial valuation is greater than 20 years; and

NOTE 1. TEACHERS' RETIREMENT SYSTEM (TRS) (CONTINUED)

Changes of Benefit Terms (Continued)

- c. A State or employer contribution rate increase or a flat dollar contribution to the Retirement System Trust fund has been enacted that is equivalent to or greater than the supplemental contribution rate imposed by the TRS Board.
- 7) **Disability Retirement:** A member will not be eligible for a disability retirement if the member is or will be eligible for a service retirement on the date of termination.
- 8) **Guaranteed Annual Benefit Adjustment (GABA):**
 - d. If the most recent actuarial valuation shows that Retirement System liabilities are at least 90% funded and the provision of the increase is not projected to cause the System's liabilities to be less than 85% funded, the GABA may increase from the 0.5% floor up to 1.5%, as set by the Board.

HB 377 increased revenue from the members, employers, and the State as follows:

- Annual State contribution equal to \$25 million paid to the System in monthly installments.
- One-time contribution payable to the Retirement System by the trustees of a school district maintaining a retirement fund. The one-time contribution to the Retirement System shall be the amount earmarked as an operating reserve in excess of 20% of the adopted retirement fund budget for the fiscal year 2013. The amount received was \$22 million in FY 2014.
- 1% supplemental employer contribution. This will increase the current employer rates:
 - School Districts contributions will increase from 7.47% to 8.47%
 - The Montana University System and State Agencies will increase from 9.85% to 10.85%.
 - The supplemental employer contribution will increase by 0.1% each fiscal year for fiscal year 2014 thru fiscal year 2024. Fiscal years beginning after June 30, 2024, the total supplemental employer contribution will be equal to 2%.
- Members hired prior to July 1, 2013, (Tier One) under HB 377 are required to contribute a supplemental contribution equal to an additional 1% of the member's earned compensation.
- Each employer is required to contribute 9.85% of total compensation paid to all re-employed TRS retirees employed in a TRS reportable position to the System.

Changes in actuarial assumptions and other inputs

The following changes to the actuarial assumptions were adopted in 2015:

- Correctly reflect the proportion of members that are assumed to take a refund of contributions upon termination and appropriately reflect the three-year COLA deferral period for Tier Two Members.
- The 0.63% load applied to the projected retirement benefits of the university members “to account for larger than average annual compensation increases observed in the years immediately preceding retirement” is not applied to benefits expected to be paid to university members on account of death, disability, and termination (prior to retirement eligibility).
- The actuarial valuation was updated to reflect the assumed rate of retirement for university members at age 60 is 8.50% as stated in the actuarial valuation report.
- The actuarial valuation was updated to reflect the fact that vested terminations are only covered by the \$500 death benefit for the one year following their termination and, once again when the terminated member commences their deferred retirement annuity (they are not covered during the deferral period). Additionally, only the portion of the terminated members that are assumed to “retain membership in the System” are covered by the \$500 death benefit after termination.

The following changes to the actuarial assumptions were adopted in 2014:

- Assumed rate of inflation was reduced from 3.50% to 3.25%
- Payroll Growth Assumption was reduced from 4.50% to 4.00%
- Assumed real wage growth was reduced from 1.00% to 0.75%
- Investment return assumption was changed from net of investment and administrative expenses to net of investment expenses only
- Mortality among contributing members, service retired members, and beneficiaries was updated to the following:
 - For Males: RP 2000 Healthy Annuitant Mortality Table for ages 50 and above and the RP 2000 Combined Healthy Annuitant Mortality Table for ages below 50, set back four years, with mortality improvements projected by Scale BB to 2018.
 - For Females: RP 2000 Healthy Annuitant Mortality Table for ages 50 and above and the RP 2000 Combined Healthy Annuitant Mortality Table for ages below 50, set back two years, with mortality improvements projected by Scale BB to 2018.
- Mortality among disabled members was updated to the following:
 - For Males: RP 2000 Disabled Mortality Table for Males, set forward one year, with mortality improvements projected by Scale BB to 2018.
 - For Females: RP 2000 Disabled Mortality Table for Females, set forward five years, with mortality improvements projected by Scale BB to 2018.

| | |
|-------------------------------|--|
| Actuarial cost method | Entry age |
| Amortization method | Level percentage of pay, open |
| Remaining amortization period | 26 years |
| Asset valuation method | 4-year smoothed market |
| Inflation | 3.25 percent |
| Salary increase | 4.00 to 8.51 percent, including inflation for Non-University Members and 5.00% for University Members; |
| Investment rate of return | 7.75 percent, net of pension plan investment expense, including inflation |

NOTE 2. PUBLIC EMPLOYEE'S RETIREMENT SYSTEM (PERS)

Changes of Benefit Terms

The following changes to the plan provision were made as identified:

2013 Legislative Changes:

Working Retirees - House Bill 95 - PERS, SRS, and FURS, effective July 1, 2013

- The law requires employer contributions on working retiree compensation.
- Member contributions are not required.
- Working retiree limitations are not impacted. PERS working retirees may still work up to 960 hours a year, without impacting benefits.

Highest Average Compensation (HAC) Cap - House Bill 97, effective July 1, 2013

All PERS members hired on or after July 1, 2013, are subject to a 110% annual cap on compensation considered as part of a member's highest or final average compensation.

All bonuses paid to PERS members on or after July 1, 2013, will not be treated as compensation for retirement purposes.

House Bill 454 - Permanent Injunction Limits Application of the GABA Reduction passed under HB 454

NOTE 2. PUBLIC EMPLOYEE'S RETIREMENT SYSTEM (PERS) (CONTINUED)

Changes of Benefit Terms (Continued)

Guaranteed Annual Benefit Adjustment (GABA) - for PERS

After the member has completed 12 full months of retirement, the member's benefit increases by the applicable percentage (provided below) each January, inclusive of all other adjustments to the member's benefit.

- 1) 3% for members hired prior to July 1, 2007
- 2) 1.5% for members hired on or after July 1, 2007 and before July 1, 2013
- 3) Members hired on or after July 1, 2013
 - 1.5% each year PERS is funded at or above 90%;
 - 1.5% is reduced by 0.1% for each 2% PERS is funded below 90%; and,
 - 0% whenever the amortization period for PERS is 40 years or more.

2015 Legislative Changes:

General Revisions - House Bill 101, effective January 1, 2016

Second Retirement Benefit - for PERS

- 1) Applies to PERS members who return to active service on or after January 1, 2016. Members who retire before January 1, 2016, return to PERS-covered employment, and accumulate less than 2 years of service credit before retiring again:
 - Refund of member's contributions from second employment plus regular interest (currently 0.25%);
 - No service credit for second employment;
 - Start same benefit amount the month following termination; and
 - GABA starts again in the January immediately following second retirement.
- 2) For members who retire **before January 1, 2016, return to PERS-covered employment, and accumulate two or more years of service credit before retiring again:**
 - Member receives a recalculated retirement benefit based on laws in effect at second retirement; and,
 - GABA starts in the January after receiving recalculated benefit for 12 months.

Second Retirement Benefit - for PERS (Continued)

- 3) For members who retire **on or after January 1, 2016, return to PERS-covered employment, and accumulate less than 5 years of service credit before retiring again:**
 - Refund of member's contributions from second employment plus regular interest (currently 0.25%);
 - No service credit for second employment;
 - Start same benefit amount the month following termination; and,
 - GABA starts again in the January immediately following second retirement.
- 4) For members who retire **on or after January 1, 2016, return to PERS-covered employment, and accumulate five or more years of service credit before retiring again:**
 - Member receives same retirement benefit as prior to return to service;
 - Member receives second retirement benefit for second period of service based on laws in effect at second retirement; and
 - GABA starts on both benefits in January after member receives original and new benefit for 12 months.

Revise DC Funding Laws - House Bill 107, effective July 1, 2015

Employer Contributions and the Defined Contribution Plan – for PERS and MUS-RP
The PCR was paid off effective March 2016 and the contributions of 2.37%, .47%, and the 1.0% increase previously directed to the PCR are now directed to the Defined Contribution or MUS-RP member's account.

Other Post-Employment Benefits (OPEB) Trend Data

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. See assumptions below.

| Actuarial Valuation Date | Interest Rate | Payroll Increase | Participant Percentage |
|--------------------------------|------------------|---------------------|---------------------------|
| July 1, 2011 | 4.25% | 2.50% | 55% |
| July 1, 2013 | 4.25% | 2.50% | 55% |
| July 1, 2015 | 4.25% | 2.50% | 50% |
