Spillover – Zika, Ebola & Beyond

Around the globe, viruses are on the march: Zika, Ebola, Nipah, Chikungunya, Dengue, and West Nile. All of these viruses reside in animals and have the potential to “spillover” and infect humans. What’s behind the rise in spillover viruses? Are the United States and the world prepared to anticipate, contain, and prevent the next outbreak?

Spillover – Zika, Ebola & Beyond traces the spread of viruses and reveals strategies to prevent devastating outbreaks. The film features scientists across Africa, Asia, North America, and South America who are searching for ways to combat these dangerous diseases.

Over the last half-century, the number of spillover diseases has multiplied— from the current Zika world health emergency and 2014 Ebola outbreak to the historic AIDS pandemic. More than 70 percent of the emerging infections surfacing over the last several decades are “zoonotic,” or diseases carried by animals, such as mosquitoes, bats, rodents, and monkeys, which can then jump species to infect humans.

Spillover mixes stunning graphics and compelling personal stories to provide much-needed scientific context for the current Zika crisis, the devastating Ebola pandemic, and recent Nipah outbreaks. Viewers encounter the new frontiers of disease detection, prevention, and containment as they travel the world with virus hunters, whose mission is to identify, track, and ultimately control dangerous pathogens. Interspersed throughout the documentary are in-

Members of the Brazilian military and Recife City Health Department go door-to-door in a Recife slum area to inspect for mosquitos in the fight against the Zika virus.

depth interviews with a range of leading researchers, epidemiologists, doctors, and public healthcare experts who shed light on how human behaviors increase spillover events, how science is learning to anticipate and tame spillover events, and how the global community must pull together to face the public health threat.

Spillover – Zika, Ebola & Beyond will be broadcast on 3-2 Wednesday, the 3rd at 9:00 p.m. and Thursday, the 4th at 7:00 p.m. On HD3-1, it airs Thursday, the 4th at 3:00 p.m., Friday, the 5th at 9:00 p.m., and Saturday, the 13th at 11:00 p.m.

AMERICAN EXPERIENCE THE PRESIDENTS

As part of its lineup of programming tied to the presidential election, PBS has scheduled encore broadcasts of six **American Experience** biographies from the Peabody Award-winning collection “The Presidents.” From John F. Kennedy to George H. W. Bush, these films offer a chance for Americans to explore the lives of the leaders who shaped our country and see how each dealt with much of the same issues we face today—war, poverty, healthcare, immigration, and education.

“JFK” takes an in-depth look at the life and career of the complex, enigmatic man who remains one of the nation’s most beloved and mourned leaders, forever enshrined in myth by an assassin’s bullet.

“LBJ” revisits the presidency of Lyndon B. Johnson who used his mastery of the legislative process to shepherd a collection of progressive programs only to have his visions of a Great Society swallowed up in the quagmire of Vietnam.

“Nixon” examines the complex life and career of a president whose legacy includes both ending America’s involvement in Vietnam and the Watergate scandal. Forced to resign, Nixon’s administration did much to erode Americans’ faith in their government.

“Jimmy Carter” revisits the life of the Georgia peanut farmer who rose to become our 39th president. The film traces his rapid ascent in politics, dramatic fall from grace, unexpected resurrection, and post-presidential success as a humanitarian.

“Reagan” recalls the life of the man who saw himself as the defender of the “shining city on a hill” and became one of the most popular presidents of the 20th century—and one of the most controversial.

“George H. W. Bush” look backs at the life and career of our 41st president, from his service in World War II and his early career in Texas to his days in the Oval Office, first as vice president to Ronald Reagan, then as the leader who presided over the first Gulf War.

For broadcast dates and times of “The Presidents” on **American Experience**, please see Special Programs on page 2 for 3-2 broadcasts and page 18 for HD3-1 broadcasts.

THE GREAT BRITISH BAKING SHOW

A dozen charming amateur bakers offer trays of edible treats and a tent full of doughy drama this summer in the U.K.’s unstoppable 15-part competition series, **The Great British Baking Show**, the most-watched British television show of 2015.

The Great British Baking Show follows bakers from diverse backgrounds who tackle culinary trials that increase in difficulty as the competition unfolds. In each episode, challenges come in three categories: a *Signature Bake*, to test the contestants’ creative flair and baking ability; a *Technical Bake*, in which challengers receive basic recipes with ingredient lists and minimal instruction; and the *Showstopper Bake*, designed to display depth of skill and talent. Individual episodes focus on cake, biscuits, bread, pastry, desserts, patisserie, chocolate, and so on.

The Great British Baking Show airs on 3-2 Saturdays at 8:30 a.m. beginning the 20th. On HD3-1, it airs Sundays at 3:00 p.m. (3:30 p.m. on 28th) and Saturdays at 7:00 p.m. and 8:00 p.m. (two episodes back-to-back) beginning the 6th (except 27th).

Koko – The Gorilla Who Talks

Koko is taking a picture of himself in the mirror.

It's been more than 40 years since Koko, the only "talking" gorilla in the world, captivated the public with her uncanny ability to communicate with humans. Her unique life, which she continues to share with Penny Patterson, the psychologist who adopted her as a baby, is revisited in-depth in **Koko – The Gorilla Who Talks**.

The film takes viewers back to 1971, when Project Koko started as Penny Patterson's Ph.D. assignment to teach sign language to a baby gorilla. As Koko began to communicate with Penny, an intense bond formed between them and the teacher transformed into both mother figure and companion for more than four decades.

Koko's unique life has been filmed every step of the way. More than 2,000 hours of footage exist, capturing dramatic moments that include Penny's battle to keep Koko from being reclaimed by the zoo where she was born, her clash with academic critics who doubt the validity of her claims, and the image of Koko mourning the death of her kitten—a moment that brought her international fame.

Koko – The Gorilla Who Talks will be broadcast on 3-2 Wednesday, the 3rd at 7:00 p.m. and Saturday, the 6th at 11:00 p.m. On HD3-1, it airs Wednesday, the 3rd at 8:00 p.m., Thursday, the 4th at 7:00 a.m. and 2:00 p.m., Sunday, the 7th at 4:00 p.m. and 6:00 p.m., and Friday, the 12th at 8:00 p.m.

The Boys of '36

Inspired by Daniel James Brown's critically acclaimed nonfiction book *The Boys in the Boat: Nine Americans and Their Epic Quest for Gold at the 1936 Berlin Olympics*, "The Boys of '36" on **American Experience** is the thrilling story of the American Olympic rowing team that triumphed against all odds in Nazi Germany.

"The Boys of '36" explores how nine working-class young men from the University of Washington took the rowing world and the nation by storm when they captured the gold medal at the 1936 Olympic Games in Berlin. These sons of loggers, shipyard workers, and farmers overcame tremendous hardships—psychological, physical, and economic—to beat not only the Ivy League teams of the East Coast but Adolf Hitler's elite German rowers. Their unexpected victory, and the obstacles they overcame to achieve it, gave hope to a nation struggling to emerge from the depths of the Depression.

"The Boys of '36" on **American Experience** can be seen on 3-2 Tuesday, the 2nd at 8:00 p.m. and Sunday, the 7th at 10:30 p.m. On HD3-1, it airs Tuesday, the 2nd at 9:00 p.m. and Wednesday, the 3rd at 8:00 a.m. and 3:00 p.m. on KENW-TV.

Curious Worlds: THE ART & IMAGINATION OF DAVID BECK

"The Dodos"

David Beck's highly original, intricate, and kinetic artwork combines sculpture, painting, textiles, and mechanics on a scale that creates a genre all its own. **Curious Worlds: The Art & Imagination of David Beck** takes us into an artist's magical universe, to watch as he creates minutely detailed and often humorous animals, people, and entire scenes that inspire profound wonder, delight, and awe.

A skilled woodworker, sculptor, painter, and craftsman, Beck is recognized as a genuine American original. He is the only living artist to have three solo exhibits at the Smithsonian American Art Museum, and his work is sought after by private art collectors across the country.

Curious Worlds explores the artist's life in the studio, examining the obsessions that drive his remarkable skill and the sources of his inspiration. Viewers are offered an intimate perspective on Beck's process as the film reveals the artist in the act of making great art, from the incubation of ideas to the problem solving skills and stamina it takes to create.

Critics, curators, gallerists, collectors, and friends offer insights on Beck's career trajectory, creative style, and significance to the art world.

Curious Worlds: The Art & Imagination of David Beck can be seen on 3-2 Sunday, 14th at 10:30 p.m. and Monday, the 22nd at 9:00 p.m. On HD3-1, it airs Friday, the 12th at 9:00 p.m.

Liberating a Continent: John Paul II and the Fall of Communism

One of history's greatest examples of the triumph of spiritual power over violence and oppression is vividly recounted in **Liberating a Continent: John Paul II and the Fall of Communism**, a film that poignantly captures the intricate role played by John Paul in the fall of communism and the liberation of central and Eastern Europe.

The 90-minute film features the unique insights of intellectual and cultural leaders such as papal biographer George Weigel; esteemed Polish historian Norman Davies; John Paul's lifelong assistant Cardinal Stanislaw Dziwisz; Reagan National Security Advisor, Richard Allen; and many others.

Liberating a Continent is the incredible story of one man's unwavering faith born of deep personal suffering, his steadfast defense of the dignity of the human person amidst the horrors of Nazi and Soviet occupation, and his unyielding belief in the spiritual unity of Europe. **Liberating a Continent** convincingly reveals how these convictions toppled an evil empire—and how they remain today the moral foundations for a prosperous and free Europe.

Liberating a Continent: John Paul II and the Fall of Communism will be broadcast Sunday, the 28th at 10:30 p.m.

The Healing Mind

Our brains are hardwired for worry. While our ancient ancestors had a legitimate use for the fight-or-flight instinct, today what was once a matter of survival has become the stuff of sleepless nights and anxiety-filled days. At its best, worry is a way for us to turn over and solve a problem in our minds. But for many, worry becomes a negative cycle of unnecessary suffering.

Now, based on cutting-edge brain science, Dr. Martin Rossman has developed a program to help you break the worry cycle and transform worry into a positive force.

In **The Healing Mind**, Dr. Rossman gives offers an easy-to-follow plan for taking control of your reactions to stress and anxiety. Using proven clinical techniques, viewers learn the five basic skills that help you to clarify your worries and to sort them into those you can and cannot do something about. Not only can you start to see a change in your stress levels immediately, but with regular practice, you may literally alter the worry pathways in your brain—and “hardwire” yourself for calmness and clarity.

The Healing Mind will be broadcast on 3-2 Sunday, the 28th at 12:30 p.m. and Wednesday, the 31st at 7:00 p.m. On HD3-1, it can be seen Saturday, the 27th at 2:00 p.m. and Thursday, September 1st at 8:30 p.m. on KENW-TV.

Under the Streetlamp: Rockin' Around the Clock

Starring recent leading cast members of the Tony Award-winning musical *Jersey Boys* (Michael Ingersoll, Christopher Kale Jones, Brandon Wardell, and Shonn Wiley), the show features tight harmonies and slick dance moves that harken back to an era of sharkskin suits, flashy cars, and martini shakers.

Filled with great music, **Under the Streetlamp** magically recreates the time when singers would gather under a street lamp to sing their favorite songs.

Under the Streetlamp: Rockin' Around the Clock will be broadcast on 3-2 Sunday, the 28th at 6:30 p.m. On HD3-1, it airs Saturday, the 27th at 7:00 p.m.

The Pain Antidote

An estimated 100 million Americans suffer from chronic pain. And when pain is persistent, even simple daily activities can become daunting—or seemingly impossible—tasks. The most common solution, prescribed painkillers, can have devastating consequences that vary from dependence to addiction, from increased pain to overdose.

In **The Pain Antidote**, Dr. Mel Pohl offers information designed to turn the volume down on chronic pain, improve function and vitality, and eliminate suffering, focusing energy on a vibrant and fulfilling life.

Dr. Pohl's innovative, painkiller-free approach to managing chronic pain utilizes both traditional and alternative healing techniques. The program guides chronic pain sufferers on a step-by-step journey to leading a healthier and more vibrant life. The steps include understanding cutting-edge research on how pain affects the brain; learning how emotions affect chronic pain; exploring how the body responds to medications; restoring physical and emotional health through exercise, meditation, and acupuncture; discovering how certain foods like olive oil, grapes, and even chocolate can fight pain; and other methods.

The Pain Antidote can be seen on 3-2 Saturday, the 27th at 3:30 p.m. and Tuesday, the 30th at 8:30 p.m. On HD3-1, it airs Monday, the 29th at 8:30 p.m.

KENW-FM Now Streaming

The KENW Radio Network is now streaming its signal on the internet. It has been planned for many years, but was delayed by funding issues and the time-consuming reporting requirements made necessary for streaming on the network.

Fortunately, the costs for streaming have come down due to competition and the many companies now offering such services. The cost for KENW-FM will be \$99 per month. There is a "Listen Live" button near the top of the KENW home web page (www.kenw.org).

There is also a free app for Apple and Google available for smart phones and tablets at the respective app stores.
