The Long Walk of Nelson Mandela

This month, **Frontline** presents “The Long Walk of Nelson Mandela”—its definitive two-hour documentary film on the remarkable leader.

Frontline tells the intimate and surprising story of a Mandela few people know: a bomb-throwing revolutionary who became a skilled politician in prison, and a passionate man who sacrificed the love of his life for a country that needed him more.

The film probes Mandela’s character and leadership through recollections with friends, political allies, adversaries, and his fellow prisoners on Robben Island, where Mandela spent 18 of his 27 prison years transforming himself into a statesman. Together with unique photos and rare archival film, the program paints an intimate portrait of one of the 20th century’s greatest leaders.

“The Long Walk of Nelson Mandela” on **Frontline** airs Tuesday, February 4th at 10:00 p.m. and Thursday, February 6th at 7:00 p.m. On HD3-1, it airs Wednesday, February 26th at 1:00 p.m.

Generation Like

Thanks to social media, today’s teens are able to interact directly with their culture—artists, celebrities, movies, brands, and even one another—in ways never before possible. But is that real empowerment? Or do marketers still hold the upper hand? In “Generation Like,” **Frontline** examines the evolving, complicated relationship between teens and the companies that target them.

The program explores how the perennial teen quest for identity and connection has migrated to social media—and exposes the game of cat-and-mouse that corporations are playing with these young consumers.

Do kids think they’re being used? Do they care? Or does the perceived chance to be the next big star make it all worth it?

“Generation Like” on **Frontline** will be broadcast Tuesday, February 18th at 10:00 p.m. and Thursday, February 20th at 7:00 p.m. On HD3-1, it airs Tuesday, February 18th at 9:00 p.m. and Wednesday, February 19th at 11:00 a.m. and 4:30 p.m.

Secrets of the Vatican

Pope Benedict made history when he announced his resignation, becoming the first pope to step down voluntarily in 600 years. In his wake, he left a bitterly divided Vatican mired in scandals. Is Benedict’s successor, Pope Francis, taming the forces that helped destroy Benedict’s papacy?

“Secrets of the Vatican,” a two-hour **Frontline**, goes inside the Vatican to unravel the remarkable series of events that led to the resignation that shook the world.

Through interviews with those at the very heart of what happened—cardinals, priests, convicted criminals, police, prosecutors, and whistleblowers—**Frontline** gives a first-hand account of the final days of Benedict’s papacy and the current battle to set the church on a new path under Francis.

“Secrets of the Vatican” on **Frontline** will be broadcast Tuesday, February 25th at 8:00 p.m. and Thursday, February 27th at 7:00 p.m. On HD3-1, it airs Tuesday, February 25th at 8:00 p.m. and Wednesday, February 26th at 11:00 a.m.

The Making of a Lady

Based on the novel by celebrated writer Frances Hodgson Burnett (*The Secret Garden, A Little Princess, Little Lord Fauntleroy*), **The Making of a Lady** tells the story of the well-born, educated, but penniless Emily (Lydia Wilson).

During her duties as a lady’s companion for Lady Maria (Joanna Lumley), she meets her employer’s wealthy widower nephew, Lord James Walderhurst (Linus Roache). Accepting his practical if unromantic marriage proposal, Emily finds solace in the company of Walderhurst’s nephew, Captain Alec Osborn (James D’Arcy) and his beautiful Indian wife, Hester (Hasina Haque), after Lord James leaves to rejoin his regiment.

But all is not what it seems as an increasingly contented Emily has no inkling her life is actually in danger. While Walderhurst risks his life overseas, his wife seems powerless to avoid the threat that begins to encircle her. The arrival of Hester’s servant, the mysterious Ameerah, only serves to heighten the jeopardy surrounding Emily as she begins to fear for her life.

The Making of a Lady can be seen Sunday, February 9th at 9:00 p.m. on both 3-2 and HD3-1.

Murder on the Home Front

Patrick Kennedy and Tamzin Merchant head up the cast in the new crime drama **Murder on the Home Front**, loosely based on the memoirs of Molly Lefebure, who was secretary during the Second World War to the Home Office Pathologist and pioneer of modern forensics, Keith Simpson.

Murder on the Home Front is set during the London Blitz of 1940, a world where criminals can use the blackout and devastation to hide their darkest activities. As the Luftwaffe drops their bombs from above, people below are literally getting away with murder.

Dr Lennox Collins (Patrick Kennedy) is often at the cutting edge of new thinking in pathology, from chemical tests to the controversial inclusion of the study of the psyche. Molly Cooper (Tamzin Merchant) is not only the first secretary to a pathologist, she is the first woman allowed into a very male world. When together they discover a serial killer at large under cover of the Blitz, they have their work cut out. The novel approach of preserving a crime scene and treating every bit of physical evidence as the key to a break-through may help Lennox and Molly save a seemingly innocent man from the gallows.

Murder on the Home Front will be broadcast Sunday, February 16th at 9:30 p.m. on both 3-2 and HD3-1.

Roman Catacomb Mystery

A new **Nova** forensic investigation opens up insights into the daily life and health of Roman citizens during the heyday of the mighty Roman Empire in “Roman Catacomb Mystery.”

Beneath the streets of Rome lies an ancient city of the dead known as the catacombs—a labyrinth of tunnels, hundreds of miles long—a cemetery for the citizens of ancient Rome.

In 2002, maintenance workers stumbled through an opening in one of the tunnel walls and discovered a previously unknown complex of six small rooms, each stacked floor to ceiling with skeletons. It was a mass grave, locked away for nearly 2,000 years. Who were these people? Why were so many interred in one place, piled atop each other? And most important, what killed them?

“Roman Catacomb Mystery” on **Nova** airs Wednesday, February 5th at 8:00 p.m., Saturday, February 8th at 10:00 p.m., and Sunday, February 9th at 12:00 midnight. On HD3-1, it airs Wednesday, February 5th at 8:00 p.m., Thursday, February 6th at 8:00 a.m. and 1:00 p.m., and Sunday, February 9th at 4:00 p.m.

Hadrian's Villa was constructed at Tibur (modern-day Tivoli) as a retreat for Roman Emperor Hadrian during the 2nd century.

Great Cathedral Mystery

“Great Cathedral Mystery,” an all-new **Nova**, focuses on the dome that crowns Florence's great cathedral of Santa Maria del Fiore—the *Duomo*—a masterpiece of Renaissance ingenuity and an enduring source of mystery. Still the largest masonry dome on earth, it is taller than the Statue of Liberty and weighs as much as an average cruise ship.

Historians and engineers have long debated how its architect, Filippo Brunelleschi, kept the dome perfectly aligned and symmetrical as the sides rose and converged toward the center. More than four million bricks could collapse at any moment—and we still don't understand how Brunelleschi prevented it.

To test the latest theories, a team of U.S. bricklayers will help build an experimental “mini-Duomo” using period tools and techniques.

“Great Cathedral Mystery” on **Nova** will be broadcast Wednesday, February 12th at 8:00 p.m., Saturday, February 15th at 10:00 p.m., and Sunday, February 16th at 12:00 midnight. On HD3-1, the program can be seen Wednesday, February 12th at 8:00 p.m., Thursday, February 13th at 8:00 a.m. and 1:00 p.m., and Sunday, February 16th at 4:00 p.m.

Sting: The Last Ship

Rock 'n' roll Renaissance man Sting has embarked on a new venture, *The Last Ship*, a musical play for which he has written original music and lyrics. Exploring a range of universal themes, *The Last Ship* dramatizes the impact of the demise of the ship-building industry in Sting's home town of Wallsend, England, which for so long had dominated and shaped the city's community life.

Having grown up in the shadow of the Swan Hunter Shipyard, Sting was deeply affected by the subject, which inspired him to emerge from a decade-long absence from songwriting to produce over a dozen new songs for the Broadway-bound show.

In an exclusive 90-minute performance recorded at New York City's Public Theater, Sting performs an intimate concert of highlights from the show, joined by a 14-piece band. The evening was filmed on Sting's birthday (October 2nd) at a special fan club performance during a 10-night run of benefit concerts that instantly became one of New York's hottest tickets.

“Sting: The Last Ship” on **Great Performances** will be broadcast Friday, February 21st at 9:00 p.m. On HD3-1, the program airs Saturday, February 22nd at 7:00 p.m.

The Amish: Shunned

What is it like to be cut off from your faith and your family? “The Amish: Shunned” on **American Experience** follows seven people who have chosen to leave their closed and tightly-knit communities for the outside world, knowing they can never return. Each has paid deeply for their decision. Estranged from loved ones, these former Amish find themselves struggling to make their way in modern America. Many who leave face challenging obstacles: no birth certificates or social security numbers, language barriers since English is not their primary language, and the lack of a support network in the outside world.

To the Amish, shunning is an essential tenet of their faith, a way to maintain the strength and viability of a tight-knit community, and a way to help protect them from the onslaught of modern culture.

Interwoven with the stories of the former Amish featured in the two-hour film are the voices of staunchly loyal Amish men and women who explain the importance of obedience and the strong ties and traditions that bind them together. Through its sympathetic portrayal of both sides, the film explores what is gained and what is lost when community and tradition are exchanged for individuality and freedom.

“The Amish: Shunned” on **American Experience** will be broadcast Tuesday, February 4th at 8:00 p.m. and Sunday, February 23rd at 10:00 p.m. On HD3-1, the program airs Tuesday, February 4th at 8:00 p.m., Wednesday, February 5th at 7:00 a.m. and 1:00 p.m., and Saturday, February 8th at 7:00 p.m.

JAZZ and the Philharmonic

Jazz and the Philharmonic is an unprecedented music event that brings together an array of jazz legends for one night to explore the intersection where jazz and classical music meet.

Headliners include Bobby McFerrin and Chick Corea, along with composer and musician Dave Grusin.

Bobby McFerrin

The bill also includes acclaimed trumpeter Terence Blanchard, violin virtuoso Mark O’Connor, pianist Shelly Berg, operatic base baritone Eric Owens, and classical pianist Elizabeth Roe. The host for the evening is Desmond Richardson, hailed as “one of the great modern dancers of his time.”

These acclaimed artists perform themes by the world’s greatest composers—including Bach, Debussy, Aaron Copland, Henry Mancini, and others—in a mix of orchestral stylings and jazz improvisations.

Jazz and the Philharmonic airs Friday, February 28th at 9:00 p.m. On HD3-1, the program airs Saturday, March 1st at 7:00 p.m.

Alice Walker: Beauty in Truth

American Masters presents “Alice Walker: Beauty in Truth,” a 90-minute program that airs during Black History Month. Most famous for her seminal novel *The Color Purple*, writer/activist Alice Walker celebrates her 70th birthday on February 9th. Born into a family of sharecroppers in rural Georgia, she came of age during the violent racism and seismic social changes of mid-20th-century America. Her mother, poverty, and participation in the civil rights movement were the formative influences, becoming the inherent themes in her writing.

The first African-American woman to win a Pulitzer Prize for Literature, Walker continues to shine a light on global human rights issues. Her dramatic life is told with poetry and lyricism.

“Alice Walker: Beauty in Truth” on **American Masters** can be seen Friday, February 7th at 9:00 p.m.

INDEPENDENT LENS

Spies of Mississippi

“Spies of Mississippi” on **Independent Lens** is the inside story of the Mississippi Sovereignty Commission, a secret state-funded agency created in the 1950s to spy on its own citizens and maintain segregation. Overseen by the governor and a handpicked board of 12 of the most powerful men in the state, the Sovereignty Commission was granted broad powers to investigate individuals and organizations, keep secret files, make arrests, and compel testimony.

To accomplish its goals, the Commission used investigators and informants—including African Americans—to infiltrate civil rights groups. Over time it evolved from a propaganda machine to become the hidden hand of the state’s power structure, coordinating state police, county sheriffs, state courts, and private citizens groups to protect white supremacy—at any cost.

“Spies of Mississippi” explores the origins of the Sovereignty Commission, from its early beginnings in the 1950s through its massive expansion during the 1960s as the civil rights movement grew and white citizens demanded that action be taken to “preserve the Mississippi way of life.” The program also tracks the commission’s hidden role in the integration of the University of Mississippi, the trial of Medgar Evers, and the KKK murders of three civil rights workers in 1964.

“Spies of Mississippi” on **Independent Lens** will be broadcast Monday, February 10th at 9:00 p.m. On HD3-1, it airs Monday, February 10th at 8:00 p.m. and Tuesday, February 11th at 7:00 a.m. and 1:00 p.m.

Medgar Evers, who would later be assassinated, is surrounded by police.

NATURE

Honey Badgers: Masters of Mayhem

“Honey Badgers: Masters of Mayhem” on **Nature** follows one of the most fearless animals in the world. This “thug of the savannah” is renowned for its ability to confront grown lions, castrate charging buffalo, and shrug off the toxic defenses of stinging bees, scorpions, and snakes.

Little is known about the honey badger’s behavior in the wild or why it is so aggressive. In the film, badger specialists in South Africa take on these masters of mayhem in ways that must be seen to be believed.

“Honey Badgers: Masters of Mayhem” on **Nature** airs Wednesday, February 19th at 7:00 p.m. and Saturday, February 22nd at 11:00 p.m. On HD3-1, it airs Wednesday, February 19th at 7:00 p.m., Thursday, February 20th at 7:00 a.m. and 12:00 noon, and Sunday, February 23rd at 6:00 p.m.

Rotaries: Avalanche on the Mountain

In **Rotaries: Avalanche on the Mountain**, a winter storm buries the Sierra Nevada. Embedded in the blizzard: the main line of America’s railroad. For two days the major west-east route across America is shut down by snow, tying up billions of dollars of goods and trapping an entire train crew in an avalanche.

A vision from the past is sent to rescue modern day transportation. The Rotary Snow Plow, invented in the 1800s, roars to life and heads up some of the steepest mountain terrain in the world. Its mission: save the crew and re-open the rail line over Donner Pass. In this true story of survival, men and machines vie with the mountains and elements.

Rotaries: Avalanche on the Mountain can be seen Sunday, February 2nd at 10:00 a.m. and Monday, February 17th at 9:00 p.m. On HD3-1, the program airs Saturday, February 8th at 9:00 p.m.

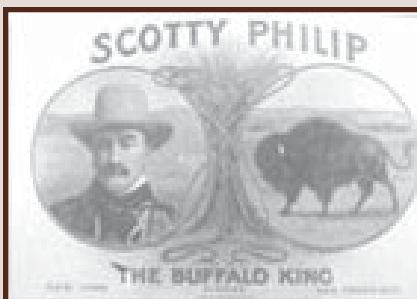

The Buffalo King

The Buffalo King tells the story of James “Scotty” Philip, an immigrant and pioneer South Dakota rancher who is often credited with saving the American Bison from extinction. As an original preservationist in the 1890s, he disdained the wanton slaughter of buffalo. At a time when train passengers shot thousands of buffalo just for the sport of it, leaving their corpses to rot on the plain, Scotty Philip sensed the urgency of saving the animals quickly facing extinction.

Philip set out to save the buffalo from extinction by buying a small herd of 74 buffalo. By the time of his death in 1911, the buffalo herd had grown to more than 1,000.

Buffalo from his herd have been used to restock herds across the nation, including South Dakota’s Custer State Park.

The Buffalo King airs Sunday, February 23rd at 10:00 a.m. and Tuesday, February 25th at 10:00 p.m. On HD3-1, the program airs Saturday, February 1st at 9:00 p.m. and Monday, February 10th at 12:00 noon.

SUPER SKYSCRAPERS

As urban space shrinks, we build higher and faster than ever before. Super skyscrapers are pushing the limits of engineering, technology, and design to become greener, stronger, smarter, and more luxurious than their predecessors. **Super Skyscrapers**, a four-part series, follows the creation of four extraordinary buildings, showcasing how they will revolutionize the way we live, work, and protect ourselves from potential threats.

In “One World Trade Center,” the tallest building (top right) in the western hemisphere and a famous modern landmark, is engineered to be the safest and strongest skyscraper ever built. The program follows the final year of exterior construction, culminating with the milestone of reaching the symbolic height of 1,776 feet. This is a construction job suffused with a sense of duty to rebuild from the ashes of Ground Zero.

Shanghai Tower (bottom right) isn’t just a skyscraper—it’s “The Vertical City,” a collection of businesses, services, and hotels all in one place, fitting a population the size of Monaco into a footprint the size of a football field. Within its walls, residents can literally work, rest, play, and relax in public parks. Not just one, however, but eight of them, stacked on top of each other, all the way to the 120th floor.

Commonly known as “the cheese grater,” the Leadenhall Building is the pinnacle of London’s avant-garde architecture. “Building the Future” follows the monumental challenges that come with a building constructed off-site, delivered to location, and stacked and bolted together like a giant Lego set.

Upon completion, One57 on Manhattan’s 57th Street, will rise more than 1,000 feet, making it the tallest residential tower in the western hemisphere and boasting spectacular views of Central Park. “The Billionaire Building” follows the creation of New York’s most luxurious residential skyscraper.

Super Skyscrapers will be broadcast Wednesdays at 9:00 p.m. for four weeks beginning February 5th. On HD3-1, the series can be seen Wednesdays at 9:00 p.m. beginning February 5th, Thursdays at 11:00 a.m. and 4:30 p.m. beginning February 6th, and Sundays at 3:00 p.m. beginning February 9th.

Warm Response to Winterfest 2013

During Winterfest 2013, KENW raised over \$26,000. Most would agree that the middle of the holiday season is not the ideal time to raise funds for any cause however worthwhile. But, with characteristic generosity, viewers like you helped make Winterfest 2013 a resounding success.

Thank you to all our friends and viewers for your kind support and for welcoming KENW-TV into your homes for almost forty years. With your help, we hope to keep the lights on for many years to come.

We would also like to thank the following volunteers for their dedication to KENW-TV.

DAYS OF SPRING AUCTION

Online: April 21-30
On-Air: April 22, 24, 26

KENW Auction will be Online and On-Air!

Mark Your Calendars! The 39th annual KENW Auction is scheduled for April 21st-30th and will feature both online bidding and “live” on-air bidding! The online website address is: <http://auction.kenw.org> and bidding will begin officially on April 21st. The on-air Auction will be held three nights, April 22nd, 24th and 26th, and we’ll go on the air at 7:00 p.m. (MST) and conclude around 10:00 p.m. Bidders will call in their bids and confirmation will take place the following day.

How Can You Participate? Go to the website (above) and if you haven’t registered in the past, click on the “register” link at the top of the page. Type in your name, address, phone number(s) and choose your own password. That’s all there is to it. If you have previously registered, please double check your information and make sure it is still current. If you want to bid during the “live” on-air Auction, you need to **call KENW** between 8:00 a.m. – 5:00 p.m. (MST), and we’ll take your information and give you an Express Bid Number which is what you’ll use when calling in your bids. Call 1-888-367-5369 or locally 575-562-2112.

Can I Donate Something? You bet! – We are currently accepting items and have already posted them online so you can keep up-to-date on what is available. If you want to contribute something, contact Sheryl Borden at the above phone numbers or email her at: sheryl.borden@enmu.edu. We have Auction Coordinators in most communities, and I’ll put them in touch with you.

How Can I Be an Auction Sponsor? For as little as \$200, your business or organization will be seen by millions of people as they visit the Auction website. You might also like to be a Sponsor of one of the hundreds of boards that will be sold on-air. Call KENW and let us tell you about the sponsorship opportunities. It’s a win/win for everyone.

Why Does KENW Have an Annual Auction? KENW relies on the Pledge Drives and the annual Auction to raise funds to pay for the programming viewers enjoy on Public Television. We have to raise almost \$400,000 annually, and the Auction proceeds go a long way towards meeting this goal. If you’re a business, you already know the benefits of supporting public television and chances are, most of your customers are viewers. Supporting the Auction is a great way to show your community support.

For more information, call KENW-TV at 1-888-367-5369 or 575-562-2112
