America's favorite host, television personality Tom Bergeron, returns to the West Lawn of the U.S. Capitol to host **A Capitol Fourth 2013**, starring music legend Barry Manilow, who is back by popular demand following his powerful debut performance on the show in 2009.

**A Capitol Fourth** will be broadcast Thursday, July 4th at 7:00 p.m. and 8:30 p.m. On HD 3-1, it can be seen Thursday, July 4th at 8:00 p.m. and 12:00 midnight, and Saturday, July 6th at 7:00 p.m.

## AMERICAN EXPERIENCE

# MOUNT RUSHMORE

High on a granite cliff in South Dakota's Black Hills, tower the huge carved faces of four American presidents. Together, they constitute the world's largest sculpture. The massive tableau inspires awe and bemusement. The story of Mount Rushmore's creation is as bizarre and wonderful as the monument itself.

"Mount Rushmore" on **American Experience** is the tale of a hyperactive, temperamental artist whose talent and determination propelled the project, even as his ego and obsession threatened to tear it apart. It is the story of hucksterism and hyperbole, of a massive public works project in the midst of an economic depression. And it is the story of dozens of ordinary Americans who suddenly found themselves suspended high on a cliff face with drills and hammers, as a sculptor they considered insane—Gutzon Borglum—directed them in the creation of what some would call a monstrosity and others a masterpiece. Michael Murphy narrates.

"Mount Rushmore" on **American Experience** will be broadcast Tuesday, July 2nd at 8:00 p.m. and Sunday, July 7th at 10:00 a.m. and 9:30 p.m. On our HD 3-1 channel, the program airs Tuesday, July 2nd at 8:00 p.m. and Wednesday, July 3rd at 7:00 a.m. and 1:00 p.m.

In 1850, the Jewish population in the United States numbered less than 50,000. On the eve of the Civil War—a mere 10 years later—that number tripled as immigrants fled persecution in central Europe. Many would choose sides during the conflict, with approximately 7,000 Jewish soldiers fighting for the Union and 3,000 for the Confederacy. These divided allegiances deeply split the Jewish community and tore apart some families.

Produced to coincide with the 150th anniversary of the beginning of the Civil War, **Jewish Soldiers in Blue & Gray** reveals the little-known struggles American Jews faced in battle and on the home front during the "War Between the States."

Period photographs, rare documents, recently unearthed letters and artifacts, and interviews with descendants shed light on this fascinating chapter in American history, and powerfully illustrate the sacrifices Jews made for their beliefs.

It also shares the stories of President Lincoln's Jewish doctor-turned-spy, the five Jewish Union soldiers who received the Congressional Medal of Honor, synagogues serving as stops along the Underground Railroad, and a Louisiana senator who served in the Confederate Cabinet as Secretary of War and Secretary of State, and also appeared on the Confederate \$2 bill.

Screenwriter John Milius (*Apocalypse Now* and *The Hunt for Red October*), whose Jewish ancestors fought in the Civil War, narrates the film with actor Sam Waterston voicing the role of President Abraham Lincoln.

**Jewish Soldiers in Blue & Gray** airs Tuesday, July 23rd at 10:00 p.m. and Thursday, July 25th at 7:00 p.m. On HD3-1, it airs Monday, July 29th at 11:00 a.m. and 4:30 p.m.

# Secrets of the Dead

In “Ultimate Tut,” Associate Professor Melinda Hartwig, Georgia State University, is shown in Tutankhamen’s tomb.

“Bones of the Buddha” travels to Calcutta’s Indian Museum, where author Charles Allen and German scholar Professor Harry Falk examine the stone chest that contained the original Piprahwa find.

## Ultimate Tut

Ninety years ago in Egypt’s Valley of the Kings, the greatest archaeological find in history was made: The discovery of Tutankhamen’s tomb and its golden treasures. It made Tutankhamen the most famous name in ancient Egyptian history. But the real story has become shrouded in myth—with many mysteries around the tomb unsolved to this day.

Now “Ultimate Tut,” a two-hour special on **Secrets of the Dead**, brings together the latest evidence from a team of archaeologists, anatomists, geologists, and Egyptologists, to build the ultimate picture of Tutankhamen.

“Ultimate Tut” takes a 21st century approach to ancient history. The program follows genuinely new scientific research and presents fresh insights into how Tutankhamen was buried, why his tomb was the only one to remain intact, and the enduring enigma around how he died.

“Ultimate Tut” on **Secrets of the Dead** can be seen Wednesday, July 10th at 8:00 p.m. and Sunday, July 14th at 9:30 p.m. On HD3-1, “Ultimate Tut” airs Wednesday, July 10th at 8:00 p.m., Saturday, July 13th at 8:00 p.m. and 12:00 midnight, and also Wednesday, July 17th at 6:00 a.m. and 12:00 noon.

## Bones of the Buddha

When colonial estate manager William Peppe set his workers digging at a mysterious hill in Piprahwa in Northern India in 1898, he had no idea what they’d find. Just over 20 feet down, they made an amazing discovery: a huge stone coffer containing five reliquary jars, over 1,000 separate jewels, and some ash and bone. One of the jars had an inscription that appeared to say that these were the remains of the Buddha himself. This seemed to be the most extraordinary find in Indian archaeology.

“Bones of the Buddha” on **Secrets of the Dead** reveals how doubt and scandal have hung over this amazing find for more than 100 years.

For some, the whole thing is an elaborate hoax. For others, it is no less than the final resting place of the leader of one of the world’s great religions, who died nearly 2,500 years ago. For the doubters, suspicion focuses on a key figure from the time, disgraced German archaeologist Dr. Anton Fuhrer. In “Bones of the Buddha,” renowned historian Charles Allen sets out to solve this extraordinary mystery, once and for all.

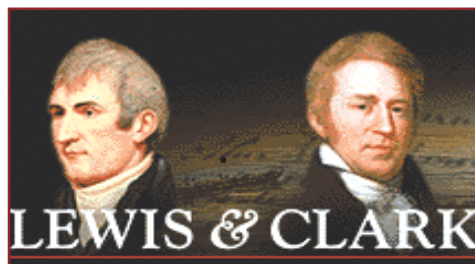

“Bones of the Buddha” on **Secrets of the Dead** will be broadcast Tuesday, July 23rd at 9:00 p.m. (directly following the two-hour special, **Buddha**) and Sunday, July 28th at 10:00 a.m. On HD3-1, the program airs Tuesday, July 23rd at 9:00 p.m. and Wednesday, July 24th at 6:00 a.m. and 12:00 noon.

On February 28th, 1803, President Thomas Jefferson won approval from Congress for a visionary project, an endeavor that would become one of America’s greatest stories of adventure.

Twenty-five hundred dollars were appropriated to fund a small expeditionary group, whose mission was to explore the uncharted West. Jefferson called the group the Corps of Discovery. It would be led by Jefferson’s secretary, Meriwether Lewis, and Lewis’ friend, William Clark.

Over the next four years, the Corps of Discovery would travel thousands of miles, experiencing lands, rivers, and peoples that no Americans ever had before.

During the course of the expedition, the Corps of Discovery would come into contact with nearly 50 Native American tribes. Some tribes had never seen a white or black man before Lewis and Clark. Lewis and

## The Journey of the Corps of Discovery

Clark developed a ritual that they used when meeting a tribe for the first time. The captains would explain to the tribal leaders that their land now belonged to the United States, and that a man far in the east—President Thomas Jefferson—was their new “great father.” They would also give the Indians a peace medal with Jefferson on one side and two hands clasping on the other, as well as some form of presents. Moreover,

the Corps members would perform a kind of parade, marching in uniform and shooting their guns.

**Lewis & Clark: The Journey of the Corps of Discovery**, a two-part, four-hour special, tells the remarkable story of the entire corps—not just the two famous captains, but the young army men, French-Canadian boatmen, Clark’s African-American slave, and the Shoshone woman, Sacagawea, who brought along her infant son.

**Lewis & Clark: The Journey of the Corps of Discovery** airs Tuesday, July 9th at 7:00 p.m. (Pt. 1) and Tuesday, July 16th, 7:00 p.m. (Pt. 2). It repeats Sunday, July 21st at 9:30 p.m. (Pt. 1) and Sunday, July 28th at 9:30 p.m. (Pt. 2).

On our HD3-1 channel, part 1 airs Tuesday, July 9th at 7:00 p.m. and 12:00 midnight and part 2 airs Tuesday, July 16th at 7:00 p.m. and 12:00 midnight.

Miranda Lambert

Jeff Bridges

Tim McGraw

**Austin City Limits** showcases the best in modern country with Miranda Lambert and Jeff Bridges. Scenes from "Atlantic Wall," part one of NAZI MEGA WEAPONS.

## Nazi Mega Weapons

In a quest for world domination, the Nazis built some of the biggest and deadliest pieces of military hardware and malevolent technology in history. **Nazi Mega Weapons**, a three-part series, recounts World War II from a unique new perspective, uncovering the engineering secrets of iconic megastructures, telling the stories of the engineers who designed them, and revealing how these structures sparked a technological revolution that changed warfare forever.

To protect occupied Europe from an Allied invasion, Hitler demanded the construction of a defensive wall stretching thousands of kilometers from France in the south to Norway in the north. "Atlantic Wall," part one, is the story of how this vast engineering project sucked in huge quantities of raw materials and men from all over the Third Reich ... and faced its ultimate test on D-Day.

To create a haven in port for their lethal U-boat submarines, the Nazis built massive, impenetrable concrete submarine pens. As seen in part two, "U-Boat Pens," these structures were too immense to be hidden; they were constructed to withstand direct hits from even the biggest Allied bombs. Such was their size and strength that these pens survive today, a testament to their engineering.

Part three, "V2," tells the story of how scientist Werner von Braun heralded the birth of ballistic missiles and laid the technological foundation for the space race.

**Nazi Mega Weapons** can be seen Wednesdays at 9:00 p.m. for three weeks, beginning July 17th on both 3-2 and HD3-1. Additional plays on HD3-1 are Thursdays at 8:00 a.m. and 1:00 p.m. beginning July 18th and Saturdays at 9:00 p.m. beginning July 20th.

## FRONTLINE

### Two American Families

Since 1992, Bill Moyers and **Frontline** have been following the story of two ordinary, hard-working families in Milwaukee—one black, one white—as they spent two decades in an extraordinary battle to keep from sliding into poverty.

"Two American Families" chronicles the struggles of the Neumanns and the Stanleys as they try to hold onto their homes, their jobs, their health insurance, and a future for their children. A remarkable portrait of perseverance, the 90-minute film raises unsettling questions about the changing nature of the U.S. economy and the fate of a declining middle class.

Moyers and **Frontline** began documenting the lives of the Stanleys and the Neumanns shortly after the breadwinners in both families had lost well-paying factory jobs and were struggling to adapt to a new, global economy. After fighting for living wages for more than 20 years, have they found an economic foothold? Have they been able to hold their families together?

"Two American Families" on **Frontline** can be seen Tuesday, July 9th at 10:00 p.m. and Thursday, July 11th at 7:00 p.m. On HD3-1, this **Frontline** airs Tuesday, July 9th at 9:00 p.m. and Wednesday, July 10th at 11:00 a.m. and 4:00 p.m.

### Life and Death in Assisted Living

More and more elderly Americans are choosing to spend their later years in assisted living facilities, which have sprung up as an alternative to nursing homes. But is this loosely regulated, multi-billion dollar industry putting seniors at risk?

**Frontline** presents "Life and Death in Assisted Living," a major investigation that examines the operations of the nation's largest assisted living company, raising questions about the drive for profits and fatal lapses in care.

"Life and Death in Assisted Living" on **Frontline** will be broadcast Tuesday, July 30th at 10:00 p.m. and Thursday, August 1st at 7:00 p.m. On HD3-1, this program airs Tuesday, July 30th at 9:00 p.m. and Wednesday, July 31st at 11:00 a.m. and 4:30 p.m.

## Secrets of Althorp—The Spencers

**Secrets of Althorp—The Spencers** visits the childhood home and final resting place of Princess Diana. Currently the home of Diana's brother, Charles, the 9th Earl Spencer, nineteen generations of Spencers have presided over this grand estate for more than 500 years.

The Spencer dynasty has produced politicians, military heroes, dukes and duchesses, and will one day furnish Britain with a king: Diana's son, Prince William. Noted for their generosity, the Spencers once came to the rescue of a distant cousin fallen on hard times: the great-great-great-grandfather of George Washington.

Althorp House has hosted some of the kingdom's most distinguished guests, and its rooms have witnessed scenes of great celebration, the first earl's secret wedding to his sweetheart, and most recently, the marriage of the current earl, who takes viewers on a tour around the noble manor that's first of all his family home.

**Secrets of Althorp—The Spencers** airs Sunday, July 7th at 7:00 p.m. and Sunday, July 14th at 10:00 a.m. On HD3-1, the program airs Sunday, July 7th at 7:00 p.m. and 11:30 p.m. and Monday, July 8th at 11:00 a.m. and 4:30 p.m.

## Secrets of Chatsworth

In its 500-year history, Chatsworth has been home to some notable inhabitants, among them the 5th Duke of Devonshire, his wife, Lady Georgiana Spencer, and Lady Elizabeth Foster, who lived together in a *ménage à trois*.

King Edward VII enjoyed shooting parties on the estate and was often entertained by Duchess Louisa, one of Britain's foremost political hostesses. Duchess Louisa's daughter-in-law, American Consuelo Yznaga del Valle, introduced American heiresses into the British aristocracy, many of whom married British noblemen.

Billy Cavendish, heir of the 10th Duke of Devonshire, wed Kathleen Kennedy, the sister of future U.S. president John F. Kennedy. The marriage was short-lived, however; Billy died in action in World War II, four months after they exchanged vows. Four years later, Kathleen died in a plane crash. She was buried at Chatsworth.

**Secrets of Chatsworth** will be broadcast Sunday, July 14th at 7:00 p.m. and Sunday, July 21st at 10:00 a.m. On HD3-1, it can be seen Sunday, July 14th at 7:00 p.m. and 11:30 p.m. and Monday, July 15th at 11:00 a.m. and 4:30 p.m.

## GP Dancing at Jacob's Pillow: Never Stand Still

**Great Performances** "Dancing at Jacob's Pillow: Never Stand Still" reveals the passion, discipline, and daring of those who choose a life in dance. Performances filmed live at Jacob's Pillow Dance Festival, interviews with extraordinary artists, rare archival footage, and behind the scenes insights bring dance to life, as the special visits the iconic international nexus for dance: Jacob's Pillow.

Jacob's Pillow began in the late 1700s as a New England farm named after the biblical story of Jacob, who laid his head upon a rock and dreamed of a ladder to heaven. In the 1800s, Jacob's Pillow played a role in American history as a station on the Underground Railroad for slaves escaping to Canada.

In 1931, when modern dance pioneer Ted Shawn bought the abandoned farm, he and his wife, Ruth St. Denis, were America's leading dance couple. Their Denishawn Company had popularized a new dance form rooted in theatrical and ethnic traditions rather than those of European ballet. Together, they spawned a new generation of dance and dancers in America, including Denishawn company member, Martha Graham, and many others.

Today, the Pillow is an idyllic mecca for artists and audiences from around the world, a place where dance in all its forms—from ballet to jazz to contemporary—is performed, studied, created, and celebrated.

**Great Performances** "Dancing at Jacob's Pillow: Never Stand Still" airs Friday, July 26th at 9:00 p.m. On HD3-1, it airs Friday, July 26th at 8:00 p.m., Saturday, July 27th at 7:00 p.m., and Sunday, July 28th at 3:00 p.m.

## POV

### Neurotypical

—Looks at the world through the eyes of the autistic

"Neurotypical" on **P.O.V.** is a rare film among documentaries about autism. It relates the experiences of this neurological condition from the point of view of autistics themselves. Via the worlds of 4-year-old Violet, teenager Nicholas, and middle-aged wife and mother Paula, along with provocative interviews with other autistics, the film recounts the challenges they face living among "normal" people—whom many of them call "neurotypicals."

Paula, who suffers with autism, is shown with her son, Cody.

But the film goes further, revealing the wide spectrum of autism and the creative adaptations people use to "pass" in the normal world. It throws a searching, often comic light on what defines the "normal" mind and calls attention to the subject of neurodiversity as an urgent and multi-layered issue within the 21st-century civil rights debate. Autistics have hardly ever been heard like this. Says one, "I look at neurotypical life and I'm sorry, I really don't want to be one of you."

"Neurotypical" on **P.O.V.** airs Monday, July 29th at 9:00 p.m. On HD3-1, it airs Monday, July 29th at 8:00 p.m. and Tuesday, July 30th at 7:00 a.m. and 1:00 p.m.

## Intelligence Squared

**Intelligence Squared** is a smart, lively debate series. Hosted by ABC's John Donvan, the program takes a substantial look at the pros and cons of relevant public affairs and cultural issues. The conversations are always intelligent, provocative, disciplined, and civil.

A key component of the series includes audience voting at the beginning and end of the debate to determine which side was more persuasive. The winning team is the one that changed more minds. Adapted from the highly successful debate program in the UK, **Intelligence Squared** brings together the world's leading authorities on the day's most important issues.

### Should Drugs Be Legalized?

It was 1971 when President Richard Nixon declared a "war on drugs." \$2.5 trillion dollars later, drug use is half of what it was 30 years ago, and thousands of offenders are successfully diverted to treatment instead of jail. And yet, 22 million Americans—9% of the population—still uses illegal drugs, and with the highest incarceration rate in the world, we continue to fill our prisons with drug offenders. Decimated families and communities are left in the wake. Is it time to legalize drugs or is this a war that we're winning?

### Should Genetically Engineered Babies Be Prohibited?

Imagine a world free of genetic diseases, where parents control their offspring's height, eye color, and intelligence. The science may be closer than you think. Genes interact in ways that we don't fully understand and there could be unintended consequences, new diseases that result from our tinkering. But even if the science could be perfected, is it morally wrong? Would it lead to eugenics and a stratified society where only the rich enjoy the benefits of genetic enhancement? Or would the real injustice be

depriving our children of every scientifically possible opportunity?

### Does Science Refute God?

On the fundamental question—evolution or creation?—Americans are on the fence. According to one survey, while 61% of Americans believe we have evolved over time, 22% believe this evolution was guided by a higher power, with another 31% on the side of creationism. For some, modern science debunks many of religion's core beliefs, but for others, questions like "Why are we here?" and "How did it all come about?" can only be answered through a belief in the existence of God. Can science and religion co-exist?

**Intelligence Squared** airs Mondays at 9:00 p.m. for three weeks beginning July 2nd. On HD3-1, "Should Genetically Engineered Babies Be Prohibited?" can be seen Tuesday, July 9th at 3:00 p.m.

## Charlie Rose: The Week New 30-minute series replaces NEED TO KNOW

According to Rose, "By bringing together top newsmakers each week and engaging the audience in innovative ways, we will invite viewers to start their weekends on Friday with PBS." Rose's hour-long weeknight series "Charlie Rose" will remain unchanged.

**Charlie Rose: The Week** will be broadcast Fridays at 8:30 p.m. beginning July 19th. On our HD3-1 channel, you can see Charlie on Friday evenings at 7:30 p.m. beginning July 19th and Sundays at 12:30 p.m. beginning July 21st.

## The Cleveland Orchestra in Performance: Boulez Conducts Mahler

Gustav Mahler composed portions of his Symphony No. 10 in the summer of 1910, while faced with his wife's infidelity. The following year, he passed away from an infection of the heart at the age of 50. The composer's intent was for the incomplete score to be burned, but his wife (who married her lover, the famous architect Walter Gropius) managed to have the sketch orchestrated and posthumously premiered.

The hauntingly beautiful *Adagio* from the Symphony No. 10 is featured in **The Cleveland Orchestra in Performance: Boulez Conducts Mahler**, a 90-minute special. The performance was recorded at Severance Hall in Cleveland in 2010, in celebration of Mahler's 150th birthday and 100th anniversary of his death, and Mr. Boulez's 45th year conducting The Cleveland Orchestra.

Mahler's highly emotional state while beginning to compose his last symphony (and which prompted him to consult with Sigmund Freud) is reflected in the *Adagio* with romantic intensity in the strings, accented by melancholy brass. The movement is often programmed alone, as it was the only portion of the symphony completed solely by Mahler.

Balancing the *Adagio* on the program is Mahler's *Des Knaben Wunderhorn* ("The Youth's Magic Horn"), Songs for Voice and Orchestra, with vocal soloists Magdalena Kožená, mezzo-soprano, and Christian Gerhaher, baritone.

**The Cleveland Orchestra in Performance: Boulez Conducts Mahler** will be broadcast Friday, July 5th at 9:00 p.m. On HD3-1, the special can be seen Friday, July 5th at 8:00 p.m. and Sunday, July 7th at 3:00 p.m.

# DAYS OF SUMMER AUCTION

Eastern New Mexico University | **kenw** 

## 37th Annual Auction Raises \$30,000 for KENW-TV Programming

The KENW-TV Online Auction only raised \$30,000 this year, and all proceeds will benefit the programming budget for KENW, the public television station that serves Eastern New Mexico and West Texas, as well as those viewers who watch on DirecTV and DISH Network. We realize that the economy, the drought, and the closing of many businesses in our viewing area have all attributed to our decline in donations this year. However, we are very grateful for the generous support of all the donors, bidders, and buyers who did participate in this year's Auction. We hope everyone has a more prosperous year next year.

All of this year's Auction donors, cash contributors, promotion donors, and sponsors are listed alphabetically by town. If you know them or do business with any of them, please tell them how much you appreciate their participation in the KENW Online Auction. Your thanks and appreciation will encourage them to participate again next year.

As we've done in the past, in lieu of individual thank you letters, we have listed all of the participants in this issue of the Q2.3 magazine, and a complimentary issue is being mailed to each one. If you wish to continue receiving the magazine on a monthly basis (free of charge), please let us know.

If any donor wishes to know who bought their item(s), please call us on the toll-free telephone line (1-888-367-5369), and we will gladly provide this information. Local donors can call us at 575-562-2112.

Thank you for allowing us to express our gratitude to you this way, which not only saves us a lot of money, but saves a great deal of time as well. However, we definitely want you to know how much we appreciate your support. We look forward to hearing from you, and thanks again for helping us with this year's Auction. Be sure to mark **June 1 - 11, 2014** for next year's Auction.

Chef Walter Staib

Spider Pot

## *A Taste of* HISTORY

Winner of four Emmy Awards and a 2012 James Beard Nominee, *A Taste of HISTORY* is the new fifth season of the TV cooking series that explores America's culinary beginnings from the birthplace of American cuisine.

Chef Walter Staib, an award-winning internationally known chef with over four decades of experience, is a master of open hearth cookery. He demonstrates a true mastery in the preparation of sophisticated 18th Century cuisine, sure to inspire home-cooks.

This innovative series brings America's history to life and makes it vibrant, as we step back in time and get to know the founders of our country through the food they ate and the recipes they prepared. The new series includes two trips to New Mexico. In "El Camino Real" (episode 4), Chef Staib visits Taos Pueblo and prepares authentic People of the Red Willow recipes, followed by "Chili Peppers: Fruit of New Mexico" (episode 5).
