Mr. Othick stated that the ENMU Purchasing Department received five responses to Request for Proposal #259. The Regents, in their August 26 meeting, narrowed the field to two firms to make presentations today.

Presentation One is from Dr. Zachary Smith, senior partner and deputy marketing director of Witt/Kieffer (Irvine, CA).

Presentation Two is from Dr. Hugh Prather, Prather Consulting (Albuquerque, NM).

Both firms made their presentations to the Board. Each firm was allotted ninety minutes.

[Mr. Othick requested a brief lunch break.]

Presenters for Business Item 1 were present in the audience, and the Board agreed to hear this item before proceeding with deliberations on the selection of a presidential search firm.

**BUSINESS MATTERS**

1. Consideration for a Resolution authorizing application to the New Mexico State Board of Finance for an allocation of the State's qualified energy conservation bond authority for

certain qualified energy projects of the University; and expressing official intent to issue University System Revenue Bonds to induce approval of such application and to reimburse certain expenditures relating to such qualified energy projects.

Mr. Scott Smart introduced Mr. Greg Salinas of McCall, Parkhurst & Horton L.L.P. who has been the bond counselor representing ENMU on several occasions. An energy conservation project was presented at the August 26, 2016 meeting. A resolution is being presented today to seek funding for this project from the State's qualified energy conservation bond authority. This resolution authorizes the University to make application to the State Board of Finance for these funds. It is uncertain at this time if the University is identified as a "state entity" by the State Board of Finance for this purpose, but Mr. Salinas suggested that the University go forward with the application.

Mr. Smart requested approval of the resolution presented today to make application to the State Board of Finance for this allocation. The resolution was read in its entirety and is included in these minutes.

*Regent Patterson moved to approve the resolution to make application to the State Board of Finance for funds from the State's qualified energy conservation bond authority. Regent Ayala seconded the motion. Vote: 5-0-0. Motion approved.*

It was agreed by the Board to proceed with the Executive Session as the next agenda item.
