

EASTERN NEW MEXICO UNIVERSITY
Board of Regents Meeting
ENMU-Ruidoso Campus
March 22, 2013 – 1:00 p.m.

CALL TO ORDER

Regent President Randy Harris called the meeting to order at 1:00 p.m. and declared a quorum. Regents Brett Leach, Chad Lydick, Jane Christensen, Chase Sturdevant and Randy Harris were present.

APPROVE THE AMENDED AGENDA

An amended agenda was distributed to the regents prior to the meeting. The amended agenda replaced Regents Matters item 2, Committee Appointments, with Regents Matters item 2, Resolution of Signature Authority.

Regent Leach moved to approve the amended agenda as presented. Regent Christensen seconded the motion. Vote: 5-0-0. Motion approved.

REPORT FROM THE REGENT PRESIDENT

Regent Harris introduced the two new Board of Regents members, Jane Christensen and Chase Sturdevant. Mr. Harris welcomed everyone to the meeting.

REPORT FROM THE ENMU SYSTEM PRESIDENT

- Dr. Gamble asked Dr. Alred to introduce members of the Ruidoso Community College Board (CCB) who are present at the meeting today. Those members are Dr. Lynn Willard, Michelle Perry, Dr. Karen Becklin and Brad Treptow. Dr. Gamble thanked the CCB members for their leadership and dedication to the Ruidoso campus.
- Dr. Gamble said he believes the University is near an agreement with Sovereign Bank to assume the management of San Juan Village on the Portales campus and Sierra Blanca apartments on the Roswell campus.
- The deadline to complete work on NCAA athletic eligibility is May 1. Dr. Gamble said the campus will meet the deadline then begin a discussion of what penalties will be imposed.
- The Portales campus received \$1.1 million of new Instruction and General funding in this legislative session. This increase is due to enrollment growth. Additional funds of \$4 million for renovation of the Jack Williamson Liberal Arts building were approved. KENW was funded \$337,000 one-time money for equipment purchases, and \$100,000 in recurring funds for operations. The campus also received \$368,000 in recurring funds for retention and graduation programs, and \$20,000 recurring money for Blackwater Draw. A 1% employee pay increase was approved by the legislature, but funding for the increase will only partially cover the cost to the University. Administration is hopeful that an increase greater than 1% can be given for the new fiscal year. Dr. Gamble reminded the Board that vetoes are still possible.

- In discussing salaries, Dr. Gamble mentioned that all employees saw a 2% increase in social security deductions in January. The legislature approved a 1.5% increase in contributions to the Educational Retirement Board (ERB) for all employees effective July 1, and health insurance costs are expected to increase 8% to 10% in July. When adding this together, most employees will realize a 4% reduction in take-home pay. Dr. Gamble said he hoped that a pay increase to help offset this amount will be possible this year.
- Institutions also will contribute an additional 1.5% to the ERB. Eastern was given \$400,000 of the \$600,000 needed annually to meet this obligation. The \$200,000 difference must be budgeted each year. Dr. Gamble said this "fix" of the ERB fund was long overdue, and although it does not provide 100% solvency, it is a good start.
- An endowment-matching opportunity was approved by the legislature. If Eastern is able to raise \$450,000, the state will match that amount 2 to 1, and give the University \$900,000. Dr. Gamble said the ENMU Foundation raises more than \$450,000 each year, so this should not be difficult. This money will be placed into an endowment where the interest from this fund can be used.
- The Lottery Scholarship received money from the tobacco settlement fund to shore up the scholarship fund for one more year. A new revenue source must be found next year to keep the scholarship funded at the current amount. If a source is not found, it will be funded at 50% to 65% starting in July 2014. Eastern has more than 1,000 students on the Lottery Scholarship, and 42% of its students are Pell eligible. Many of these students rely heavily on the Lottery Scholarship to help fund their educations.
- At the April board meeting, Dr. Gamble said he will request a 4.8% increase in student fees for the coming academic year and no increase in tuition. Governor Martinez asked institutions not to increase their tuitions for the coming year because of the status of the Lottery Scholarship.
- Dr. Gamble said the Ruidoso campus will submit a significant increase in tuition and fees at the April meeting. The Ruidoso campus' tuition and fees are very low compared to the rest of the state.
- Dr. Gamble said that a proposal for a new football stadium located on campus will be an agenda item for the April meeting. Blackwater Draw football stadium is outdated and ill-placed. A new stadium is estimated to cost \$8 million. The plan is to raise half of this amount in outside revenue and raise the remaining half through student fees. Dr. Gamble spoke with Student Government this week and they requested a meeting with two of the regents and the president of the ENMU Foundation, Steve Doerr. This group will meet again next week to further discuss the stadium proposal. Dr. Gamble said that the regents have agreed that no student fee will be imposed without the positive vote of the student body.

REPORT FROM THE ROSWELL PRESIDENT

- Dr. John Madden congratulated Roswell students Deanna Jerge and Michael Lawing for qualifying for the Phi Theta Kappa's New Mexico All-State Academic Team. A recognition ceremony was held February 20 at the State Capitol Building. Ms. Jerge received a national bronze scholar award which includes a \$1,000 scholarship. She will travel to San Francisco to receive her award.
- A dedication for the new Student Services Building was held Tuesday. Dr. Madden said it was a good event with more than 100 people attending.
- Dr. Madden reported on an early college program where high school juniors and seniors are paired with a local college and complete their last two years of high school while taking college coursework. When the students have completed their high school diploma, they have also earned an associate's degree from the respective college. The Roswell campus has applied for this program with the support of Representative Bob Wooley. If the campus is approved, Dr. Madden believes Chaves County will see an increase in high school graduates, and the students in this program will benefit from two years of free college courses.

REPORT FROM THE RUIDOSO PRESIDENT

- Dr. Alred reported that the campus has received funds from the November G.O. Bond to complete the roof top solar array. Electricity generated from this project will help offset the electricity usage of the campus. The campus has contracted with PNM to purchase excess electricity generated at a rate of five cents per kilowatt hour.
- Renovation of the front part of the campus building will begin soon. The campus has contracted with ASA Architects in Roswell.
- The security system project is an in-house project and is progressing nicely.
- Last month's winter meeting of the ENMU Alumni Association was held in Ruidoso, and the Ruidoso campus held an auction that raised \$13,000 for scholarships.
- Reporting on the legislative session, Dr. Alred said when all the changes in funding were totaled, the campus actually lost \$14,000 in funding. The campus received \$2,720,000 in Instruction and General funding, but the cost of the ERB contribution resulted in expenditures for the campus that are not covered. The campus also received no capital projects funding. Dr. Alred said the reduction in funds will make balancing the budget more challenging. Additionally, there will be no increase in the mill levy revenue.
- He mentioned that the Ruidoso campus must look at significant increases in tuition and fees for 2013-14. The increase that will be proposed at the April meeting will bring the school's tuition and fees charges closer to its peers.
- The Ruidoso campus will host the Lincoln County Renewal Energy Conference on April 26. The conference will focus on water issues which are critical for our state.

- Since it was not previously mentioned today, Dr. Alred announced that Dr. Gamble will be awarded the Dr. E. Joseph Savoie Chief Executive Leadership Award at the annual conference of the Council for Advancement and Support of Education (CASE) on March 25.

APPROVAL OF MINUTES

Regent Lydick moved to approve the minutes of January 16, 2013, as presented. Regent Leach seconded the motion. Vote: 5-0-0. Motion approved.

REGENTS MATTERS

1. Election of Officers

President Harris stated that the Board would now conduct its election of officers for 2013. President Harris nominated Regent Brett Leach for president.

Regent Lydick moved to elect Regent Leach as president for the Board of Regents. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

Regent Harris turned the meeting over to President Leach. President Leach nominated Regent Chase Sturdevant for secretary/treasurer of the Board.

Regent Harris moved to elect Regent Chase Sturdevant as secretary/treasurer for the Board of Regents. Regent Christensen seconded the motion. Vote: 5-0-0. Motion approved.

Regent Sturdevant nominated Regent Jane Christensen as vice president of the Board.

Regent Lydick moved to elect Regent Jane Christensen as vice president for the Board of Regents. Regent Harris seconded the motion. Vote: 5-0-0. Motion approved.

Dr. Gamble congratulated the new officers of the Board. He presented Regent Randy Harris with a plaque recognizing his term as president of the Board of Regents. Members of the Board and Dr. Gamble expressed their appreciation to Mr. Harris for his service.

2. Resolution of Signature Authority

A local bank requires a resolution by the Board of Regents to give the ENMU comptroller, Carol Fletcher, signature authority on ENMU bank accounts. Mr. Leach presented the resolution to the regents for approval.

Regent Harris moved to approve the resolution giving signature authority to ENMU comptroller Carol Fletcher as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

BUSINESS MATTERS

Dr. Jamie Laurenz presented twelve agenda items associated with a review of the current academic programs offered at the ENMU Portales campus. In some instances, programs duplicated content or the content was out of date. The number of students majoring in programs was reviewed. Dr. Laurenz also submitted for approval four new associate of arts degrees designed to enable students who complete two or more years of study, but withdraw prior to graduation, the opportunity to earn at least an associate's degree. He said the associate's degree should make students more marketable than if they did not complete a bachelor's degree.

In discussion of the associate's degrees being submitted today, Regent Lydick voiced his opposition of adding additional associate's degrees to the curriculum. He believes the purpose of a four-year institution is not to provide associate's degrees. He questioned if this would put the Portales campus in competition with the Roswell and Ruidoso campuses for these students. Dr. Laurenz responded that the associate's degrees are being requested solely to provide an associate's degree to those Portales students who do not complete a four-year degree. There is no intent to compete with two-year institutions for new students.

Dr. Laurenz presented his agenda items.

1. Information Systems (IS) Change from a Major to an Emphasis within the Bachelor of Business Administration, Portales

Dr. Laurenz requested approval to change the Information Systems (IS) program from a major to an emphasis within the Bachelor of Business Administration (BBA). The current curriculum of the IS program is outdated and content is duplicated in different courses. Students will benefit from a revised curriculum that draws on the resources of the Business program.

Regent Lydick moved to approve the change of Information Systems from a major to an emphasis within the Bachelor of Business Administration as presented. Regent Christensen seconded the motion. Vote: 5-0-0. Motion approved.

2. Associate of Arts Degree in Culinary Arts, Portales

Dr. Laurenz requested the addition of an associate of arts degree in Culinary Arts. This new degree will allow those students who do not complete the four-year coursework for a bachelor's degree the opportunity to obtain an associate's degree if they meet the criteria.

Regent Harris moved to approve the addition of an associate of arts degree in Culinary Arts as presented. Regent Sturdevant seconded the motion. Vote: 4-1-0. Motion approved. Regent Lydick opposed.

3. Associate of Arts Degree in Family Consumer Science, Portales
Dr. Laurenz requested the addition of an associate of arts degree in Family and Consumer Science. This new degree will allow those students who do not complete the four-year coursework for a bachelor's degree the opportunity to obtain an associate's degree if they meet the criteria.

Regent Harris moved to approve the addition of an associate of arts degree in Family Consumer Science as presented. Regent Sturdevant seconded the motion. Vote: 4-1-0. Motion approved. Regent Lydick opposed.

4. Major Name Change from PTE to CTE, Portales
Dr. Laurenz requested a name change in the Professional Technical Education (PTE) major to Career and Technical Education (CTE), which is the name commonly used in professional literature. This change will also help prospective students locate the program on the University's website.

Regent Harris moved to approve the name change of the PTE program to CTE as presented. Regent Lydick seconded the motion. Vote: 5-0-0. Motion approved.

5. Associate of Arts Degree in Recreation, Portales
Dr. Laurenz requested the addition of an associate of arts degree in Recreation. This new degree will allow those students who do not complete the four-year coursework for a bachelor's degree the opportunity to obtain an associate's degree if they meet the criteria.

Regent Sturdevant moved to approve the addition of an associate of arts degree in Recreation as presented. Regent Harris seconded the motion. Vote: 4-1-0. Motion approved. Regent Lydick opposed.

6. Associate of Arts Degree in Pre-Nursing, Portales
Dr. Laurenz requested the addition of an associate of arts degree in Pre-Nursing. First-time students may desire a degree in Nursing but do not possess the required prerequisite courses to continue in the undergraduate program. This associate's degree will allow proper advising of students in general education courses and proper pre-requisite courses should they continue on in the field of nursing. At the very least, this degree will provide students with general education courses that can transfer to another degree program should the student change majors.

Regent Sturdevant moved to approve the addition of an associate of arts degree in Pre-Nursing as presented. Regent Harris seconded the motion. Vote: 4-1-0. Motion approved. Regent Lydick opposed.

7. Bachelor of Science Degree in Industrial Mathematics and Statistics Composite Major, Portales

Dr. Laurenz presented for approval a composite major for a bachelor of science degree in Industrial Mathematics and Statistics. This major would benefit those students who seek a career in mathematical analysis and desire a strong mathematical education.

Regent Harris moved to approve the bachelor of science degree in Industrial Mathematics and Statistics composite major as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

8. Religion Program Realignment and Department Name Change, Portales

Dr. Laurenz stated that the Religion program has been a stand-alone program for many years with an uncompensated chair and no budget for supplies. By moving the Religion program into the Department of History, Humanities, and Social Sciences, the program will have the secretarial and administrative support needed. A coordinator for the Religion program will be named. In addition, Dr. Laurenz requested approval to rename the blended department to the Department of History, Humanities, Social Sciences and Religion.

Regent Sturdevant moved to approve as presented the realignment of the Religion program within the Department of History, Humanities, and Social Sciences and changing the name of that department to include Religion. Regent Christensen seconded the motion. Vote: 5-0-0. Motion approved.

9. Removal of the Bachelor of Arts Degree in Geology, Portales

Dr. Laurenz presented a request to remove the bachelor of arts degree in Geology from the Portales campus' curriculum. The program no longer meets the needs for students entering the geology field today and does not include the proper curriculum for students who wish to continue on to graduate-level work. The number of students who major in Geology has sharply declined in recent years.

Regent Harris moved to approve the removal of the bachelor of arts degree in Geology as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

10. Removal of Medical Technology as a Major, Portales

Dr. Laurenz requested the removal of Medical Technology as a major. The program curriculum is dated and does not provide the clinic coursework needed for students. Few students have chosen this major in the past decade.

Regent Harris moved to approve the removal of Medical Technology as a major as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

11. Rename English as a Second Language (ESL) Program, Portales

Dr. Laurenz presented a request to rename the English as a Second Language (ESL) program to American Language and Culture (ALC). The name change reflects current trends and also better describes the intent and scope of the courses.

Regent Harris moved to approve the renaming of the ESL program to ALC as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

12. Course Fees Requests, Portales

Dr. Laurenz presented a list of course fee requests for the 2013-14 academic year. Course fees were reviewed by respective departments for their adequacy to meet the needs of the course. Some fees were removed and others were increased. In some instances, the amount of increase requested by the department was reduced and does not fully cover the costs of supplies. Every effort has been made to keep the fees as low as possible and still provide what is needed in the classroom.

Regent Sturdevant moved to approve the list of course fees for the 2013-14 academic year as presented. Regent Harris seconded the motion. Vote: 5-0-0. Motion approved.

[A complete list of all fees presented today is attached to these minutes.]

13. Bookstore Services Contract, Roswell

Dr. Madden said that the Roswell campus bookstore has been self-operated since the campus opened. With a change in how students acquire textbooks—book rentals, online purchasing, and e-books—it has become more challenging for the bookstore to continue a profitable operation. The campus administration has reviewed proposals and is requesting to contract with Nebraska Book Company, Inc. to provide bookstore services for the campus. Nebraska Book Company, Inc. will invest \$100,000 to remodel the campus bookstore and will expand the products offered. Current full-time employees of the bookstore will be retained for six months, after which their continued employment is subject to review. The

campus will receive a \$75,000 signing bonus at the start of the contract period. The University attorney has reviewed the contract.

Regent Lydick moved to approve the contract for Nebraska Book Company, Inc. as presented. Regent Harris seconded the motion. Vote: 5-0-0. Motion approved.

14. 2013-14 University Calendar, Roswell

Ms. Betty Patton presented for approval the 2013-14 university calendar for the Roswell campus.

Regent Harris moved to approve the 2013-14 university calendar as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

15. Emerita Status for Dr. Suzanne Berry, Roswell

16. Emeritus Status for Lloyd Chaves, Roswell

17. Emeritus Status for Jerry DeLosh, Roswell

18. Emerita Status for Felecia Harvey, Roswell

19. Emeritus Status for Mike Juliana, Roswell

20. Emerita Status for Tammy Lueras, Roswell

Dr. Madden presented for approval the emeritus/emera status for Dr. Suzanne Berry, Lloyd Chaves, Jerry DeLosh, Felecia Harvey, Mike Juliana, and Tammy Lueras.

Regent Harris moved to approve the awarding of emeritus/emera status to Dr. Suzanne Berry, Lloyd Chaves, Jerry DeLosh, Felecia Harvey, Mike Juliana, and Tammy Lueras as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

21. Community College Operating Agreement, Ruidoso

Dr. Alred presented the biennial community college operating agreement between the Ruidoso campus and the Board of Regents for ENMU. There have been no changes to the agreement other than the dates.

Regent Harris moved to approve the community college operating agreement as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

22. Academic Program Changes for 2013-15 Catalog, Ruidoso

Mr. Chad Smith presented academic program changes for the 2013-15 catalog. A review of programs prompted the need to edit for clarity, review the total number of hours needed for program completion, make math requirements degree

appropriate, and remove hidden requirements. All degrees except University Studies and General Studies now include a capstone course.

Regent Christensen moved to approve the academic program changes for the 2013-15 catalog as presented. Regent Leach seconded the motion. Vote: 5-0-0. Motion approved.

23. New Associate of Arts Degree in Communications, Ruidoso

Mr. Smith requested approval to add an associate of arts degree in Communications to the Ruidoso curriculum. This program will prepare students seeking a bachelor of arts degree in Communication to transfer to the Portales campus with no loss of credits.

Regent Lydick moved to approve a new associate of arts degree in Communications for the Ruidoso campus as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

24. New Associate of Applied Science Degree in Culinary Arts, Ruidoso

Mr. Smith requested approval to add an associate of arts degree in Culinary Arts to the Ruidoso curriculum. This coursework is currently included in the associate of applied science degree for Hospitality and Tourism. Removing the course content from the Hospitality and Tourism program will clarify the degree and simplify the advising of students.

Regent Harris moved to approve a new associate of arts degree in Culinary Arts for the Ruidoso campus as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

25. New Associate of Arts Degree in English Literature, Ruidoso

Mr. Smith requested approval to add an associate of arts degree in English Literature to the Ruidoso curriculum. This program will prepare students seeking a bachelor of arts degree in English Literature to transfer to the Portales campus with no loss of credits.

Regent Harris moved to approve a new associate of arts degree in English Literature for the Ruidoso campus as presented. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

EXECUTIVE SESSION

Regent Harris moved to enter executive session at 3:07 p.m. to discuss three personnel items. Regent Lydick seconded the motion. Vote: 5-0-0. Motion approved.

Roll call: Regent Lydick – yes; Regent Christensen – yes; Regent Harris – yes; Regent Sturdevant – yes; Regent Leach – yes.

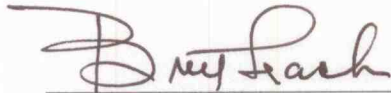

OPEN SESSION

Regent Harris moved to return to open session at 3:30 p.m. Regent Sturdevant seconded the motion. Vote: 5-0-0. Motion approved.

President Leach reported that the regents discussed three personnel items, but no action was taken.

ADJOURNMENT

Regent Lydick moved to adjourn the meeting at 3:32 p.m. Regent Harris seconded the motion. Vote: 5-0-0. Motion approved.
