*Personalized well child visits*

# Health Center *of Helping Hands*

- We offer family centered, primary care for men, women and children of all ages.
- There are no income or residence requirements for patients to receive care at the Health Center of Helping Hands. Office visits are \$45 for established patients.
- We rely on our Family Nurse Practitioners, medical assistants, lab technicians and administration staff to provide patient care. Volunteer physicians care for our patients in the specialties of OB-GYN, Internal Medicine, Endocrinology and Family Practice.
- We offer an income based Sliding Scale program for Rockwall County residents that are unable to pay our medical fees.
- Health Maintenance Plans are available to all patients for \$300 – which includes basic health coverage, labs, and flu shots for a year.
- Appointments are preferred and recommended. We open weekdays at 8:00 am. Some evening and Saturday appointments are available.

*Our dedicated  
volunteer  
physicians  
and medical  
assistants*
