Ms. Gager,

I received your email concerning the disappearance of your sister back in 1991. This is the very first that I have heard of this. I have sent your email to an investigator that handles cold cases. I am sure that he will be in touch with you very soon. I guess two questions I have are why wasn't she reported missing right away back in 1991 and why someone hasn't contacted me before two years have gone by and no word on this case from anyone. On a case such as this, we consider this a priority case. I can't imagine any of my investigators not at least giving someone from the family a phone call.

I assure you that I will check into that and I will let you know if we failed on our end. I'm very sorry about your sister and I promise you that we will look into her disappearance.
