

KRWG-TV
Quarterly Program Topic Report

July, August, September

2017

KRWG-TV is the PBS station located in Las Cruces, New Mexico. We are licensed by New Mexico State University and our offices are located on NMSU's Las Cruces campus. KRWG-TV is proud to be the only television station in southern New Mexico. We also provide unique services in the El Paso, Texas/Las Cruces, New Mexico service area.

Through meetings with citizens and community leaders, partnerships with area newspapers and other organizations, and extensive production of news and public affairs programming, the staff of KRWG-TV has determined the following issues are of primary importance to our coverage area:

Health/Welfare/Safety – While the over-all crime rate is no higher than the national average, poverty and a higher than average teenage population contribute to a gang and crime problem. Poverty also results in health and welfare issues including an above average social services caseload and a high number of welfare cases handled by the local hospital.

Culture – The mix of Hispanic/Native American/ and Anglo cultures provide many positive attributes to life in southern New Mexico. Cultural and historical understanding is of great importance.

Business - With an above-average unemployment rate and a below-average income level, the status of the business/agricultural community in southern New Mexico is crucial. Concern over the constant issue of defense spending at the federal level is ongoing in this area due to the presence of several military and NASA installations. Dona Ana County is also actively seeking new businesses and a strong infrastructure exists near the Santa Teresa Border Crossing to boost border trade.

Politics/Public Affairs – Southern New Mexico and the United States have a wide variety of contentious political issues that are of constant interest to the citizens of the involved communities.

Education – With a constantly growing population of children, many of whom use Spanish as their primary language, the school systems in the KRWG-TV viewing area are constantly trying to provide facilities and teachers to meet this growing school age population with limited funds. New Mexico is one of the poorest per-capita states in the nation, which results in a chronic shortage of funds for local education.

Water/Environment – KRWG-TV is located in a desert with two major sources of water: the Rio Grande River and an aquifer that supplies drinking water to Las Cruces and surrounding areas in the Mesilla Valley. Water is the lifeblood of the region and conflicts are escalating over the requirements of a growing urban population and agriculture.

HEALTH / WELFARE / SAFETY

Always Hungry? With Dr. David Ludwig

Sunday 8/6 at 2pm & Sunday 8/13 at 1030am (90min)

Have you tired of every fad diet? Do you feel like it works for a little while, but then you find your weight creeping right back up to where it started? Does counting calories and eating a low-fat diet leave you feeling always hungry? Well then this is the solution is for you. This revolutionary program helps teach you why these fad diets don't work, and sets you on the path to eat right and never diet again. Led by renowned Harvard endocrinologist Dr. David S. Ludwig, *Always Hungry?* explains how metabolism and healthy fat cells play a big factor in weight management, and busts counting calorie myths. In this three phase program you'll learn how to conquer your cravings, retrain your fat cells, and lose weight permanently with your body's natural cooperation.

The Healing Mind with Martin Rossman MD

Saturday 8/5 at 1230pm, Saturday 8/12 at 930am & Sunday 8/13 at 3pm (90min)

Break the worry cycle and transform that energy into a positive force for a happy, healthier life. Using proven clinical techniques, this easy-to-use plan shows how to take control of your reactions to stress and anxiety.

Be Your Own Health Hero with Dr. Nandi

Sunday 8/6 at 2pm & Sunday 8/13 at 1030am (90min)

Live a healthier and more fulfilled life with five steps for overall wellness. Merging Eastern philosophy with Western medicine, Dr. Partha Nandi's steps help us live longer, enhance brain function, boost energy and feel passionate about our lives.

Mindfulness Goes Mainstream

Saturday 8/5 at 530pm, Sunday 8/6 at 12am, Thursday 8/10 at 830pm & Friday 8/11 at 230am (60min)

Explore the transformative power of mindfulness meditation--now embraced by millions of ordinary people--through expert opinions and interviews including singer Jewel, clothing designer Eileen Fisher and UMASS Center for Meditation's Jon Kabat-Zinn.

You Are The Universe with Deepak Chopra, MD

Saturday 8/5 at 2pm (90min)

You Are the Universe literally means what it says--each of us is a co-creator of reality extending to the vastest reaches of time and space. This seemingly impossible proposition follows from the current state of science, where outside the public eye, some key mysteries cannot be solved, even though they are the very issues that define reality itself.

Forever Painless with Miranda Esmonde-White

Saturday 8/6 at 730am, Saturday 8/12 at 8am, Sunday 8/13 at 1030pm, Monday 8/14 at 430am & Saturday 9/2 at 9am (90min)

Miranda Esmonde-White, The New York Times best-selling author of *Aging Backwards*, addresses the topic of chronic pain in her new pledge special *FOREVER PAINLESS WITH MIRANDA ESMONDE-WHITE*. The program provides a groundbreaking and eye-opening education on pain and its causes, and offers a new approach to pain management. Through compelling interviews from world-renowned health professionals attesting to the power of the body to rid itself of pain with the right approach to pain relief and management, *FOREVER PAINLESS* presents an accessible and widely available solution to the current pain epidemic, inspiring audiences to take their health into their own hands. In addition, interviews with individuals who have cured their chronic pain through gentle, daily exercise offer audiences moving stories of those who have suffered and triumphed.

Life on the Line

Sundays at 1pm except 8/6 & 8/13 (30min)

The desire to overcome is at the core of everyone - especially those fighting disease, facing a natural disaster, or coping with a disability or battling mental illness. Narrated by Lisa Ling, LIFE ON THE LINE is an inspiring look into the resilience of humankind.

BODY ELECTRIC

Monday –Friday at 6:30am (30min)

Margaret Richard is PBS-TV’s fitness guru to the baby boomer generation. Her “Body Electric” exercise program has appeared on PBS regularly for more than 20 years. Richard has appeared before the U.S. Senate’s Special Committee on Aging and was recently inducted into the National Fitness Hall of Fame.

CLASSICAL STRETCH: THE ESMONDE TECHNIQUE

Monday-Friday at 6am beginning 9/21(30min)

An original combination of scientific formulas and graceful movements that unlock uncomfortably rigid muscles leaving the participant with a more flexible, relaxed and strengthened body. The exercises reach deeply into muscles and ligaments not normally worked in the average fitness program and are set in routines that release tight muscles one by one. The results come quickly - not over years, but in a matter of minutes. Increased flexibility is enjoyed instantly. This unlocking of the muscles creates the leaner look, giving the participant back the body they were meant to have before locking it up in the sedentary and stressful lifestyle of the 21st Century.

Core Principles:

- It is a combination of scientific stretching, PNF, tai chi, yoga, ballet, physiotherapy and chiropractic movements, plus Esmonde-White's research and knowledge of specific exercises that will give you a longer and leaner body.
- It takes the PNF concept to another level -gently freeing the body to a level of flexibility that most people never imagined they could achieve.
- It plays with the concepts of agonist / antagonist and joint rotation to speed the rate of elongation and strengthening which results in a leaner looking body.
- It focuses on spinal rotation and joint alignment, liberating the back from pain and
- Improving posture.

CLASSICAL STRETCH: By Essentrics

Monday-Friday at 6am ended 9/20 (30min)

Created, produced and hosted by former professional ballerina Miranda Esmonde-White, the continuing series CLASSICAL STRETCH: BY ESSETRICS helps people of all ages and fitness levels rebalance their bodies, increase mobility and keep joints healthy and pain-free. Based on the fitness technique Essentrics, developed by Miranda, each 30-minute episode features a full-body workout with dynamic strengthening and stretching exercises: all-standing, all-floor or all-barre. In CLASSICAL STRETCH: BY ESSETRICS XI, participants will notice an immediate increase in flexibility and a release of tension in their muscles after each episode-improving their posture and range of motion. Stress is released and aches and pains are soothed through the gradual unlocking of the entire body.

Natural Health Breakthroughs with Brenda Watson

Sundays at 130pm except 8/6 & 8/13 (30min)

Natural Health Breakthroughs with Brenda Watson highlights recent research, cutting edge medical techniques and the benefits of a diet based on natural foods and supplements. To help her viewers understand how these advances can positively impact their own lives, Brenda visits research centers across America to interview leading scientists and practitioners about a diverse range of topics. The series is constructed around one medical topic each week. Each episode of the series also includes a revealing personal story about someone whose health has significantly improved thanks to one of the featured approaches. The series includes programs on: the brain, stem cells, genetics, heart health, immunity, the human microbiome and much more. Doctors and experts included in the series to date include: Dr. William Davis (Wheatbelly), Dr. Steven Masley (30 Days To A Younger Heart), Dr. John Baker, Dr. William Rea, Dr. Ritchie Shoemaker, Dr. Lawrence Fiedler, Charles Postemack, MD, Dr. Ellen Li, Dr. Leonard Smith and many others.

Inspire Happiness

Sunday 8/6 at 1230pm (90min)

Positive psychology authors and researchers Shawn Achor and Michelle Gielan reveal how to create happier and more positive lives in the pledge special INSPIRE HAPPINESS. Using cutting-edge scientific research during the hour-long program, Michelle and Shawn offer easy-to-implement strategies to help viewers see the world in a more positive, constructive light. Drawing upon Michelle's best-selling book *Broadcasting Happiness*, plus studies from around the globe, they explain the scientific research behind their strategies and share compelling success stories. The strategies include: Now Steps (brainstorming small, concrete actions a person can take right now to improve their situation); Improving Flash Memories (a flash memory is the first thought that flashes into our mind when we think about a particular challenge); A "Right" Campaign, which focuses on the many things that are "right" in an individual's life; The Power Lead (the first words you say in talking with someone can set a positive or negative tone for everything that follows); and Be A Super Model (modeling positive actions). With their signature style of humor and warmth, Michelle and Shawn offer actionable techniques, combined with moving stories of everyday people, to prove that we can positively influence others.

Head of Joaquin Murrieta

Sunday 9/17 at 4pm (30min)

For over a decade filmmaker John J. Valadez searched for the remains of Joaquin Murrieta, a legendary Mexican outlaw who blazed a trail of revenge across California until he was caught and decapitated in the summer of 1853. A hundred and sixty-two years later Valadez believes he has the head. So he embarks on a quixotic, cross-country road trip through history, myth and memory to bury the fabled head of Joaquin Murrieta. Along the way he discovers chilling parallels with his own family story and eventually realizes that the head he will bury is only symbolic. And yet its power as a metaphor remains. Using new ground breaking scholarship and working with a team of leading historians from across the country, The Head of Joaquin Murrieta provides a dissenting view of American history from a decidedly Chicano perspective. Deeply personal, irreverent and entertaining, the film tears open a painful and long ignored historical trauma that has never been explored on American television: the lynching of Mexican Americans in the west.

We all have financial issues and problems. Suze Orman's latest special sharply focuses on her helping individual viewers "find financial solutions for you." As always, Suze's advice is based not just on numbers, but on a critical understanding of ourselves and our emotional needs. The special's central theme is that our financial decision-making should be guided by an understanding of "the goal of money." As Suze perceptively defines it: "The goal of money is to make you feel secure." Our financial solutions should work to fulfill that goal. In addition, Suze stresses the importance of making financial decisions that you feel comfortable with. Financial problems are caused when you do things with money that do not seem "right" to you, despite pressures and advice from others.

This week on *New Mexico in Focus*, Correspondent Gwyneth Doland looks at how to attract more businesses and create more high-paying jobs here, and keep the state's most talented people from leaving. In this first interview in the "Brain Drain" series, Ms. Doland is joined by three people who have worked with the New Mexico Legislative Jobs Council in seeking to address those issues.

Correspondent Megan Kamerick looks at the debate over the future of two New Mexico National Monuments. President Trump has issued an executive order calling on Interior Secretary Ryan Zinke to review more than two dozen National Monuments created since 1996, including the

Organ Mountains-Desert Peaks Monument near Las Cruces, and the Rio Grande Del Norte monument near Taos.

Correspondent Laura Paskus talks with environmental reporter and writer John Fleck, author of “Water is for Fighting Over and Other Myths about Water in the West,” about the past and future of the Colorado River.

Producer Sarah Gustavus talks to volunteers with Humans of New Mexico, which aims to bring people together through storytelling. The project’s website states that it highlights diverse New Mexicans in order “to capture the complex issues that affect our communities and offer a platform to voice everyday practices of resistance to societal pressures.”

Tuesday thru Thursdays at 6:30pm beginning 9/12 (30min)

Student produced nightly news show for Southern New Mexico and West Texas.

EDUCATION

KRWG Airdate and Time: *Saturdays at 8am ended 7/1 (30min)*

Title: 1001 Nights– A new animated comedy series, 1001 Nights is an original show that brings the delightful tales of the famed 1001 Arabian Nights to the screen with hilarity, excitement, and non-stop fast paced action. Filled with exciting stories, vivid animation, wonderful music, and unforgettable characters, 1001 Nights is eye-popping entertainment for both kids and adults.

KRWG Airdate and Time: *M-F at 3pm (30min)*

Title: ARTHUR – This series is based on Marc Brown's books. It shows how Arthur and his friends use effective, age-appropriate, problem-solving skills. Each episode consists of two independent stories focusing on themes and events central to children's lives.

KRWG Airdate and Time: *Sundays at 730am beginning 7/30 except 8/6, 8/13 & 9/3 (30min)*

Title: Biz Kid\$ – BIZ KID\$ is the fun, new, fast-paced TV series where kids teach kids about money and entrepreneurship. Created for school-aged children, each half-hour episode features several young business owners and philanthropists who share their success stories. Whether it's a skateboard designer, a candy store owner, or a hip-hop music producer, the kids on the series inspire young viewers. Throughout the series, kids learn about saving, budgeting, investing and giving back to the community. Spoofs of old TV shows and comedy sketches performed by a humorous cast of characters make the series a hit with both kids and parents alike. The King of Ka-Ching, a cheesy lounge singer, and Francine Fairtrade, a world traveler with extensive knowledge of all things exotic and financial, are two of the characters who add to the fun.

KRWG Airdate and Time: *Saturdays at 7am beginning 6/3 (30min)*

Title: Peg + Cat - This series is designed to engage preschool children and teach them how to solve math-based problems with Peg, a chatty and tenacious five year-old, her feline pal, Cat, and her smart, handsome, cool friend Ramone.

KRWG Airdate and Time: *Sundays at 7am except 9/3 (30min)*

Title: Cat in the Hat Knows All About That!– Coming to television for the first time ever in an animated series, the Cat in the Hat whisks preschoolers off on a voyage of scientific discovery. "The Cat in the Hat Knows a Lot About That!" features six-year-olds Sally & Nick, best friends and next door neighbors, who are transported on magical journeys to all corners of the globe where the natural world becomes their playground. With the Cat as their guide, his two energetic helpers, the zany duo, Thing One and Thing Two and the enigmatic Fish along for the ride, every outing becomes an unpredictable adventure. In each episode, Sally and Nick head off with the Cat in his one-of-a-kind

custom vehicle, the Thinga-ma-jigger, a quintessentially Seussian contraption that instantly transforms from plane to boat to submarine with just a flick of the jigger-ma-whizzer or a honk of the shrinkamadoodle. They go everywhere from the ocean bottom, to a rainforest, or to the centre of a beehive. The Cat in the Hat "knows a lot" but he doesn't know everything making him the perfect guide for learning and fun.

Title: CURIOUS GEORGE - is an animated series based on the popular books by Margret and H.A. Rey. It airs daily on PBS KIDS aimed at preschool viewers (age's three to five); the goal of the series is to inspire children to explore science, engineering, and math in the world around them. And what better guide is there for this kind of exploration than the world's most curious monkey? George lives to find new things to discover, touch, spill, and chew. Everything is new to George and worth investigating. Of course, in George's hands — all four of them — investigation often leads to unintended consequences! Throughout George's adventures, he encounters and models basic concepts in each of the three content areas. (To learn more, read about the educational philosophy that drives the series.) While remaining true to the look and feel of the beloved books, the daily series expands George's world to include a host of colorful new characters and locales. Each episode features two animated stories followed by short live-action segments in which real kids investigate the ideas that George introduces in the stories. The series is narrated by Emmy award-winning actor William H. Macy. The CURIOUS GEORGE series also aims to show parents and caregivers how to foster the development of science and math literacy in children. In addition to programming, the series is supported by a substantial educational outreach campaign that develops relevant materials and distributes them to librarians, teachers, community centers, and families. These materials offer activities designed to support and extend the learning objectives of the series.

Title: DANIEL TIGER'S NEIGHBORHOOD

Daniel Tiger's Neighborhood is a new, beautifully-textured animated series from PBS KIDS for preschoolers aged 2-4, based on the legacy of Fred Rogers. Its cast are the children of his original and much-loved Neighborhood of Make-Believe characters. A young Daniel Tiger is joined by his friends O the Owl, Katerina Kittycat, Prince Wednesday and Miss Elaina. Together, through imagination, creativity and music they learn the key social skills necessary for school and for life.

Every Daniel Tiger's Neighborhood episode offers a parenting strategy. The clip below is from an episode about first experiences—a visit to the doctor and a 'look around' visit to school. The parenting strategy being modeled shows that by talking to children in advance about what to expect, parents can ease any apprehension they may be feeling. As in all Daniel stories, the strategy is offered as a musical 'jingle' – in this case “When we do something new, let's talk about what we'll do!”

Building on the landmark PBS series Mister Rogers' Neighborhood, **Daniel Tiger's Neighborhood** is a new series for a new generation of children. Launching in fall 2012 on PBS KIDS, the series tells engaging stories about the life of a preschooler and is accompanied by cross-platform games and activities for the very youngest children, together with online resources for parents and teachers. Daniel was developed by **The Fred Rogers Company**, and brings together a group of today's leading creators of children's media and educational technology. The series tells its engaging stories using musical strategies grounded in Fred Rogers' landmark curriculum: its songs give parents and children a concrete way to practice important school-readiness skills together.

KRWG Airdate and Time: *Saturday at 6am beginning 7/1 (30min)*

Title: DINOSAUR TRAIN - "Dinosaur Train" is an animated series for 3-to-6 year olds. The series features a curious young T-rex named Buddy who, together with his adopted Pteranodon family, takes the Dinosaur Train to meet, explore, and have adventures with all kinds of dinosaurs and prehistoric creatures.

KRWG Airdate and Time: *Sunday at 630am except 9/3 (30min)*

Title: MARTHA SPEAKS

MARTHA SPEAKS is an animated series on PBS KIDS. Aimed at viewers between the ages of four and seven, MARTHA's educational goal is to teach kids new words. Based on the children's book series by Susan Meddaugh and published by Houghton Mifflin Harcourt, the series stars Martha, a beloved family dog. She is accidentally fed alphabet soup — this gives her the power of speech and the chance to speak her mind to anyone that will listen. With two stories in each episode, kids will get to know Martha as an outspoken, honest, smart, confident dog who loves to eat (and talk!). They will also meet the rest of Martha's family and friends. Ten-year-old Helen is Martha's best friend. Martha encourages the shy, artistic Helen to be more outgoing and brave. Helen acts as the voice of reason for Martha. It's a relationship any dog, or pet-lover, can appreciate.

The series is supported by an educational outreach campaign that includes a cross-age reading buddy program. The show is Closed Captioned and described for the visually impaired. It's produced by WGBH Boston and Vancouver's Studio B Productions.

Learning Goals

The goal of MARTHA SPEAKS is to increase oral vocabulary; the words we use when we talk. The shows are not trying to teach kids how to read. They are designed to help kids understand what words mean when they hear them; words like *retrieve*, *sprout*, and *crave*. Vocabulary is one thing that predicts if children will be good readers. Once they are in school and they see these words, children will need to know what they mean. If children have heard the words before that familiarity will help them as they learn to read. MARTHA SPEAKS is designed to teach up to 20 words in each show. And how better to get kids excited about learning and trying out new words than with a talking dog, who just can't stop talking?!

KRWG Airdate and Time: *Saturdays at 730am (30min)*

Title: MISTER ROGER'S NEIGHBORHOOD – The soothing voice of Mr. Rogers continues to comfort children telling them that there will always be someone to take care of them and helping them feel good about themselves. Ages 2-5.

Title: Nature Cat– NATURE CAT follows Fred, a house cat who dreams of exploring the great outdoors. In each episode, once his family leaves for the day, Fred transforms into Nature Cat, "backyard explorer extraordinaire." Nature Cat can't wait to get outside for a day of backyard nature excursions and bravery, but there's one problem: He's still a house cat with no instincts for nature. Like many of today's kids, Nature Cat is eager and enthusiastic about outside activities, but is at times intimidated by them. With the help of his animal friends, Nature Cat embarks on action-packed adventures that include exciting missions full of nature investigation, "aha" discovery moments and humor, all while inspiring children to go outside and "play the show."

KRWG Airdate and Time: *M-F at 4pm; M-F at 430pm (30min)*

Title: ODD SQUAD – ODD SQUAD is a PBS KIDS live-action media property designed to help kids ages 5-8 learn math. The show focuses on two young agents, Olive and Otto, who are part of the Odd Squad, an agency whose mission is to come to the rescue whenever something unusual happens. A math concept is embedded in each of their cases, as Olive and Otto work together to problem-solve and save the day in each episode. ODD SQUAD is created by Tim McKeon (Foster's Home for Imaginary Friends, Adventure Time, The Electric Company) and Adam Peltzman (The Electric Company, The Backyardigans, Wallykazam!) and produced by Sinking Ship Entertainment and The Fred Rogers Company.

KRWG Airdate and Time: *M-F at 7am except 8/15, 8/17 & 8/21 (30min)*

Title: Ready Jet Go! - READY JET GO! is a 3D animated series for 3-8 year-olds with a focus on astronomy, scientific exploration, innovation and invention, and Earth as it is affected by our solar system. The show is about two neighborhood kids-one with an all-consuming drive for science fact and another with an overwhelming passion for science fiction. They both befriend the new kid on their street, Jet Propulsion, whose family happens to be aliens from Bortron 7. The comedy series teaches kids a variety of Earth science concepts (gravity, tides, moon phases, seasons) as well as an introductory explanation of innovation, astronomy, and our solar system.

KRWG Airdate and Time: *Tuesday 8/15, Thursday 8/17 & Monday 8/21 at 7am (60min)*

Title: SESAME STREET – SESAME STREET has garnered more than 100 awards, including 101 Emmys, two Peabodys, four Parents' Choice Awards and an Action for Children's Television Special Achievement Award. The series delivers academic and social education that prepares kids for grade school. Since its premiere, the show's base curriculum has been set by academic research on preschoolers. Encore episodes focus on music and art and how these tools can be used to develop the whole child - the cognitive, social, emotional and physical attributes. In addition, "Elmo's World," which looks at the

world through the eyes of a three-year-old, continues as a featured segment. Themes include birthdays, pets, teeth, families, games and more. Ages 2-5.

KRWG Airdate and Time: *M-F at 1030am; M-F at 11am (30min)*

Title: Splash and Bubbles- Splash and Bubbles is an animated preschool comedy inspiring kids to connect with and care about the ocean. Splash, Bubbles, and their Reeftown friends share amazing adventures, meet new creatures, and explore the diversity and wonder of life in the ocean.

Title: THOMAS AND FRIENDS: Set on the imaginary island of Sodor, the series follows the adventures of Thomas, a cheeky little Tank Engine, and his friends, Ed Ward, James, Gordon, Percy, Henry and Toby, plus Emily, the first female steam engine -- all under the watchful eye of Sir Topham Hatt, the manager of the Sodor Railway.

KRWG Airdate and Time: *Sundays at 730am ended 7/23 (30min)*

Title: Thomas Edison's Secret Lab- Featuring adventure, comedy and interactive fun, THOMAS EDISON'S SECRET LAB demonstrates that invention can foster creativity, imagination, can-do spirit and positive entrepreneurship. The animated 26-part series, targeted to children ages 5 to 8, seeks to tap into kids' natural curiosity while encouraging them to push conventional scientific and technological boundaries through experimentation. Each episode contains two 11-minute segments, both of which promote STEM (Science, Technology, Engineering, Math) principles. Lead character Angie, a 12-year-old prodigy, is always experimenting and designing new inventions with her brother JD, and two other science-minded friends, Kenty and Nicky. When the bright and resourceful pre-teen cracks a 75-year-old code and discovers the secret underground laboratory of her idol, Thomas Alva Edison, the group uncovers a whimsical machine that creates the hologram of a living, breathing Edison. Voiced by American singer-songwriter Livingston Taylor, Thomas Edison "comes to life" to encourage and inspire the kids in all kinds of scientific and technological explorations, including physical science, live science, earth science, space science and other engaging topics. "The Secret Lab" also transforms into a virtual reality environment which transports the kids to the International Space Station, sends them on a "fantastic voyage" within the human body, and introduces them to visionaries Isaac Newton and Galileo.

Title: WILD KRATTS- "Wild Kratts" joins the adventures of Chris and Martin Kratt as they encounter incredible wild animals, combining science education with fun and adventure as the duo travels to animal habitats around the globe. Each adventure explores an age-appropriate science concept central to an animal's life and showcases a never-before-seen wildlife moment, all wrapped up in engaging stories of adventure, mystery, rescue, and the Kratt brothers' brand of laugh-out-loud-comedy that kids love. Real-life Chris and Martin introduce each "Wild Kratts" episode with a live action segment that imagines what it would be like to experience a never-before-seen wildlife moment, and asks, "What if...?" The Kratt brothers' transition into animation and the adventure begins, bringing early-elementary school children into the secret lives of extraordinary creatures, many of which have never been animated before -- including Tiger quolls, Draco lizards, and Caracals!

KRWG Airdate and Time: *Tuesday 7/25, Wednesday 7/27 & Monday 7/31 at 730am (60min)*

Title: WILD KRATTS ALASKA: HERO'S JOURNEY- Aviva announces she's one step closer to fixing the Time Trampoline with the invention of a Time Thruster. But before they can check it out, it goes overboard and attaches onto a Sockeye salmon who is in the middle of the "Salmon Run". The Wild Kratt team is led on a wild chase, as they follow the salmon on this incredible and difficult journey - both battling the odds to reach their goals. Science Concept: Life cycles and ecosystems.

KRWG Airdate and Time: *Saturdays at 630am ended 9/30 (30min)*

We all have financial issues and problems. Suze Orman's latest special sharply focuses on her helping individual viewers "find financial solutions for you." As always, Suze's advice is based not just on numbers, but on a critical understanding of ourselves and our emotional needs. The special's central theme is that our financial decision-making should be guided by an understanding of "the goal of money." As Suze perceptively defines it: "The goal of money is to make you feel secure." Our financial solutions should work to fulfill that goal. In addition, Suze stresses the importance of making financial decisions that you feel comfortable with. Financial problems are caused when you do things with money that do not seem "right" to you, despite pressures and advice from others.

This week on *New Mexico in Focus*, Correspondent Gwyneth Doland looks at how to attract more businesses and create more high-paying jobs here, and keep the state's most talented people from leaving. In this first interview in the "Brain Drain" series, Ms. Doland is joined by three people who have worked with the New Mexico Legislative Jobs Council in seeking to address those issues.

Correspondent Megan Kamerick looks at the debate over the future of two New Mexico National Monuments. President Trump has issued an executive order calling on Interior Secretary Ryan Zinke to review more than two dozen National Monuments created since 1996, including the Organ Mountains-Desert Peaks Monument near Las Cruces, and the Rio Grande Del Norte monument near Taos.

Correspondent Laura Paskus talks with environmental reporter and writer John Fleck, author of "Water is for Fighting Over and Other Myths about Water in the West," about the past and future of the Colorado River.

Producer Sarah Gustavus talks to volunteers with Humans of New Mexico, which aims to bring people together through storytelling. The project's website states that it highlights diverse New Mexicans in order "to capture the complex issues that affect our communities and offer a platform to voice everyday practices of resistance to societal pressures."

NMiF host Gene Grant and the Line panelists will return next week.

This week on *New Mexico in Focus* – a look at the Albuquerque mayoral race as the election nears.

New Mexico PBS and the criminal section of the New Mexico Bar Association held a forum for candidates vying to be the next mayor of Albuquerque. They answered questions about behavioral health services, economic development and the Albuquerque Rapid Transit project. They also addressed many issues on crime and public safety. Some questions and answers will be featured on this week's program; the full interview can be found on the [NMiF website](#).

And *NMiF* host Gene Grant and the Line panelists debate some of the top stories in news headlines this week, including how opponents of Albuquerque's proposed sick leave ordinance are now taking to their battle to the New Mexico Supreme Court. They also discuss concerns over accreditation at the University of New Mexico, and look at how the Duke City's mayoral race is shaping up.

This week's *New Mexico in Focus* features September's segment in the series "Our Land: New Mexico's Environmental Past, Present and Future." This month highlights wildlife and habitat restoration on Santa Ana Pueblo. The tribe has already undertaken riparian restoration along the Rio Grande and Jemez River and reintroduced species that are culturally significant. They're also studying predators like bears and cougars and expanding habitat restoration projects to new areas. Correspondent Laura Paskus looks at the significance of these efforts for both tribal members and surrounding communities and ecosystems.

Correspondent Megan Kamerick sits down with the candidates in district 7 and district 9 in this year's city council races in Albuquerque.

NMiF host Gene Grant and the Line panelists look at New Mexicans' reaction to President Trump's decision to rescind DACA, the Deferred Action for Childhood Arrivals program. They also discuss why New Mexico still tops the nation in reliance on private prisons, and look at reasons behind planned protests at this week's Entrada re-enactment in Santa Fe.

This week on *New Mexico in Focus*, producer Sarah Gustavus interviews documentary editor Paul Barnes. Barnes, a Santa Fe resident, is one of the editors of the Ken Burns epic series *The Vietnam War*, which will begin airing on NMPBS September 17. The longtime Burns' collaborator talks about how the project came together and discusses the impact of the war that still reverberates in American society.

Correspondent Megan Kamerick sits down with the candidates in district 1 in this year's city council races in Albuquerque.

NMiF host Gene Grant and the Line opinion panelists reflect on the legacy of Senator Pete Domenici, who passed away this week. Elected to the U.S. Senate in 1972, he retired in 2009 as the longest running senator from the state of New Mexico. The Line panelists also look at protests that occurred during last week's Entrada re-enactment in Santa Fe, and discuss the upcoming mayoral race. Early voting starts this week in Albuquerque.

This week on *New Mexico in Focus*, Correspondent Antonia Gonzales talks with advocates working to address the stigma of domestic abuse and sexual assault in Indian Country and offering opportunities to help young people learn about healthy relationships. The Coalition to STOP Violence Against Native Women uses culture and social media to support communities while working with tribal leaders, local, state and federal officials to not only advocate for families, but change the conversation about violence.

About 15 percent of New Mexico's student population participates in some form of bilingual education. Producer Sarah Gustavus sits down with educators to talk about what bilingual education looks like in different schools, in our latest Education Desk report. They also examine how proposed changes to bilingual education in our state might impact students and communities.

KRWG-FM Las Cruces, New Mexico
KRXG-FM Silver City, New Mexico
Quarterly Program Topic Report
Third Quarter, 2017

Through meetings with local community leaders, review of area newspapers and other publications, and production of daily newscasts (Monday-Friday), the staff of KRWG-FM/KRXG-FM has determined that the following issues are of primary importance to the citizens within our coverage area:

1. *Arts, Entertainment, and Culture* – The mix of Hispanic/Native American/ and Anglo cultures provide many positive attributes to life in southern New Mexico. However, this same mix results in an on-going undercurrent of conflict among the cultures. Cultural and historical understanding is of on-going importance in this area. The area includes a diverse mix of arts and entertainment, including local musicians and performance venues and efforts to build a film industry.

2. *Business, Economic Development, Environment* - With an above-average unemployment rate and a below-average income level, the status of the business/agricultural community in southern New Mexico is an important issue. Concern over the constant issue of defense spending at the federal level is ongoing in this area due to the presence of several military and NASA installations. Dona Ana County is also actively seeking new businesses and a strong infrastructure exists near the Santa Teresa Border Crossing, which is also a source of news and related issues. Environmental concerns are often at odds with economic development pressures.

3. *Local Public Affairs and Education*– Southern New Mexico has very intensive governance and political issues that are of constant interest to the citizens of the involved communities, which include a variety of elected and appointed officials. The area is also making efforts to improve education and has a variety of elected school boards.

Stories placed in these three main categories are broadcast on local newscasts each weekday (Monday-Friday) at 645, 745, 845, 1644, 1744, and 1844.

Story descriptions and broadcast time(s) are listed on the upcoming pages by topic area.
