What can I say in my announcement?

KUAF uses identity lines that are factual descriptions of the underwriter's service, product or event. We use a successful format: a 15 second identification of the underwriter including name, straight forward product/event facts, address, website address and/or phone.

Easy rule of thumb: Keep announcements straight forward and factual. Spots are prohibited from making any sort of a "call to action" (example: come, see, visit), phrases that includes product claims, pricing information, or providing an incentive to buy a product or service.

Stick to a statement about your product or service that informs and educates the listener. Your message will be noticed!

KUAF will be happy to help you develop an on-air announcement to target your audience while complying with FCC and station guidelines.

May I change copy or cancel my order?

If you're not happy, we're not happy. Your order may be charged, updated or cancelled at anytime. A simple phone call or email is all that's required.
