INITIATIVES

The employment unit engaged in the following broad outreach initiative in accordance with various elements of FCC Rule 73.2080(c)(2):

Participation in at least 4 events or programs sponsored by educational relating to career opportunities in broadcasting.

KVNF worked with local schools to recruit participants for 4 different youth radio camps in 2017. KVNF Program Director, Ali Lightfoot developed a Youth Radio Curriculum for (4) 8-week long camps that combined both DJ training, storytelling and interview technique. Kids learned how to how to write for radio and tell a story with sound, producing original short stories complete with sound effects and music. The camp culminated in the production of several hour long variety shows featuring music, stories, interviews and commentary.

In addition, KVNF worked with the Montrose High School media class providing instruction for podcast production, media literacy and story development. Several podcasts will air during KVNF's public affairs programs.

*Established an **internship** program designed to assist members of the community to acquire skills needed for broadcast employment.*

KVNF began working with Paonia Jr and Sr High to bring in 1 student per semester to KVNF after school to learn interview skills, writing for radio and radio broadcasting. This year’s intern worked on an in-depth and personal feature on bullying. She shared her own experiences, interviewed people on the street and spoke with someone who works at a national bully hotline. She has created an engaging piece which we plan to enter into radio competitions.
