

## **Last statement of Jeffrey Ferguson (#990098):**

At this point in my life, I believe that I am the best man that I've ever been. The most responsible and peaceful person ever and the closest to God than I've ever been. I'm sorry to have to be the cause that brings you all into this dark business of execution. I pray for the victim's family to have peace in their hearts one day and lose the anger, hate and need for revenge that has driven them. I pray that they find forgiveness, compassion and love in their hearts instead.

I love my special family of Bob, Deb, Maria, Danny, Jennifer, my pal Rick, and the cousins, friends and grandkids that have supported me. Our VIC's and religious people are a blessing from God. Thank you all for making this difficult time pass so much easier. I have no fear whatsoever, no anxiety or stress, and I'm ready to be with Jesus in heaven.

Thank the staff at Potosi and Bonne Terre. They were very courteous and professional.

God's love to all. See you in God's heaven.
