Opening of Federal public waters of the Kuskokwim River to the Harvest of Chinook and Chum Salmon by Federally Qualified Subsistence Users.

In consultation with the Kuskokwim River Inter-Tribal Fish Commission (KRITFC) and the State of Alaska, the Federal In-season Manager has opened Federal public waters of the Kuskokwim River main-stem within the refuge boundary, to the harvest of Chinook and chum salmon, by Federally qualified subsistence users for 12 hours effective June 12, 2016 from 12:01 p.m. (noon) until 11:59 p.m. (midnight).

Approved gear types will include drift and set gillnets with the following restrictions:

- 6-inch or less mesh;
- May not exceed 45 meshes in depth;
- May not exceed 25 fathoms (150 feet) in length above the Johnson River to the border of the Yukon Delta National Wildlife Refuge at Aniak;
- May not exceed 50 fathoms (300 feet) below the Johnson River to the mouth of the Kuskokwim River.

This opportunity is based on the need to conserve a lower than average Chinook salmon run. While the Chinook run is expected to be smaller than average, managers feel that it is strong enough to allow a limited opportunity for the first directed harvest for Federally qualified subsistence users. Please report your harvest to your KRITFC commissioner to ensure that salmon harvest needs are met now and in the future.

On June 1, the Federal Subsistence Board closed Federal public waters of the Kuskokwim River drainage to the harvest of Chinook and Chum salmon except by Federally qualified subsistence users identified in the Alaska National Interest Lands Conservation Act, Section 804 Subsistence User Prioritization analysis. Federally qualified subsistence users will include residents of the Kuskokwim River drainage and the villages of Chefornak, Kipnuk, Kwigillingok, and Kongiganek.

For species other than Chinook and Chum salmon, subsistence fishing with gillnets is closed in the Kuskokwim River and select tributaries under State regulations, following State Emergency Order 3-S-WR-03-16.

This limited opportunity has been implemented by Federal Emergency Special Action (**3-KS-02-16**) under the delegated authority of the Federal Subsistence Board.

Access up-to-date information on fishing opportunities by calling 907-543-1037 or visit the Yukon Delta National Wildlife Refuge [Facebook](#) page or [website](#). **Questions?** call the Refuge at (907) 543-3151 or at (800) 621-5804.
