

RECEIVED May 31<sup>st</sup>.

Madam City Clerk,

I am cordially expressing professional and personal interest in serving on the City Council for the City of Bethel. I have a long personal and professional history of serving in public office and as a board member in private organizations. I currently sit on an ANCSA village corporation board seat under Akiachak Kinired, as well as a statewide non profit, economic development corporation board, namely, Alaska Village Initiatives.

I am currently self employed and sit on the City's Finance Committee, in which I was appointed recently. I am the current vice chairman of that committee and I enjoy working with like minds. I am well versed in business, finance, education, politics, etc.

I have resided in Bethel since 2014 and I am a legal resident, and a homeowner, locally. My family and I plan to reside in this great community for as long as, we can. We have decided to put our roots down, in this community, and raise our children here. I am truly community oriented and I love helping people.

By the way, I have a long, professional work history in business, politics, and finance. I am fifty years old today and have a wonderful family. If you have any further questions, or any form of inquiry, please feel free to contact me, at any time. I attend quarterly board meetings for my statewide level board seat, and monthly for the village corporation board.

I am often called upon to represent those respective organizations, every so often, in meetings, and I travel, at times. I just hope my prior commitments to these current organizations will not conflict with future City Council meetings. Thank you for your valuable and have a wonderful day.

Sincerely,

Brian M. Henry
