

***Lapland Lake Nordic Vacation Center
Benson, NY***

~ A Touch of Finland in the Southern Adirondacks ~

**"...one of the finest areas around"
- Cross Country Skier Magazine**

**"...one of the Adirondacks' most established centers with a deserved reputation for consistently having the best snow conditions in the Adirondacks."
- Classic Adirondack Ski Tours, Tony Goodwin**

Lapland Lake Nordic Vacation Center was founded nearly 35 years ago by former U.S. Olympic cross country skier Olavi Hirvonen and his family. Olavi's wish was to create a four-season vacation center reminiscent of Finnish Lapland.

Nestled against the stunning backdrop of the 6-million acre Adirondack Preserve, Lapland Lake offers a simple and serene setting where family and friends gather for recreation and relaxation and are able to reconnect in a truly fundamental way so often missing in today's harried times.

This very special place enables guests an opportunity to experience the gentle wonders of nature in a warmly hospitable Nordic atmosphere.

We hope all who visit take with them many lasting memories of magical moments. And it is our hope they will return again and again. Olavi and his wife Ann extend their friendship to you and offer their warmest welcome to Lapland Lake!
