Programming review

Thom Paulson presented several proposed changes to the IPR News Radio schedule, including the cancellation of Michael Feldman's *Whad'ya Know?* and *Car Talk*. The programming changes take effect July 1, 2013 and will result in an annual savings for IPR of about \$34,000.

Weekday programming is changed because of NPR's cancellation of *Talk of the Nation*. Instead, on weekday afternoons, IPR News Radio will carry *The Takeaway* 2-3pm, and Michigan Radio's *Stateside* 3-4pm.

Weekend programming schedule is markedly different, in an effort to engage more listeners throughout the weekend, and in an effort to replicate some of the daytime programming overnight on the weekends for night-only listeners:
