National Human Trafficking Resource Center (NHTRC) Data Breakdown
Florida State Report
1/1/2013-6/30/2013

This report covers National Human Trafficking Resource Center (NHTRC) case and call data from January 1st, 2013-June 30th, 2013. A case refers to a specific report or request that originated as a call to the NHTRC hotline. Each case may have multiple hotline calls and/or multiple callers associated with it.
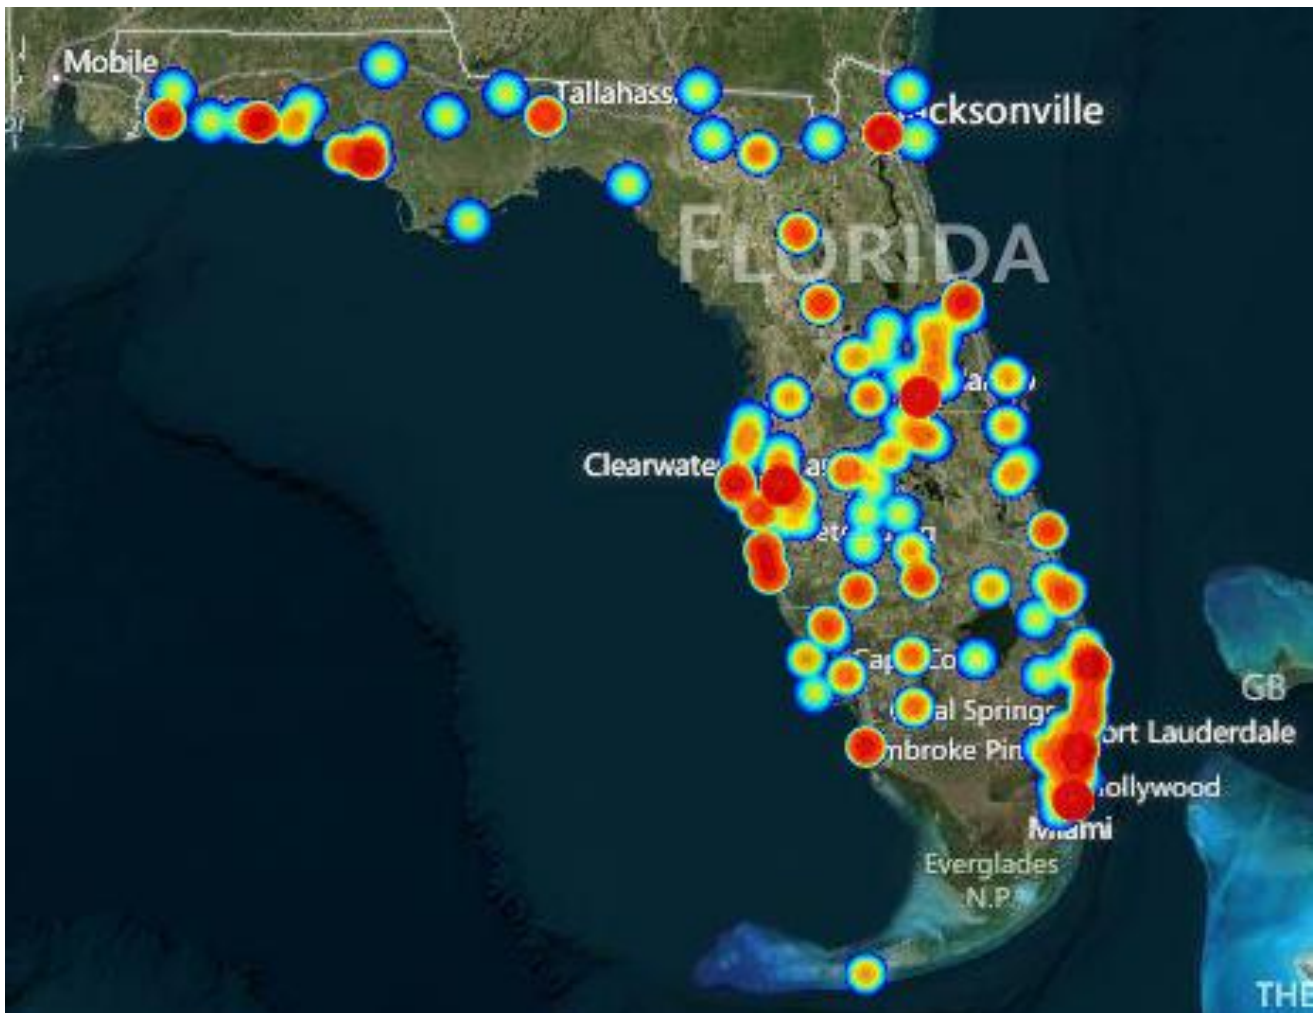

Part I of this report presents data from hotline calls received from callers who identified as being in Florida at the time of the call. Part II focuses on data from cases that reference human trafficking in Florida. These include cases generated from calls received from callers outside of Florida.

Total Number of Calls Nationwide in Timeframe: <u>14,898</u>

<u>Part I: Calls Received from Florida</u>

Number of Calls Received from Florida: <u>831</u>

LOCATION OF CALLERS

Note: The data displayed in this report was generated based on information communicated to the National Human Trafficking Resource Center hotline by callers. The NHTRC cannot verify the accuracy of the information reported. This is not a comprehensive report on the scale or scope of human trafficking within the state. These statistics may be subject to change.

Part II: Cases Referencing Human Trafficking in Florida

Number of Cases that Reference Potential Trafficking Situations in Florida: 157

*Each hotline case is evaluated for evidence of potential trafficking, and is categorized as **High, Moderate, and No**. Cases categorized as "High" contain a high level of critical information and demonstrate key indicators relevant to identifying a human trafficking situation. Cases categorized as "Moderate" reference situations that contain several indicators and red flags of potential trafficking situations, or resemble common types of trafficking or trafficking scenarios but lack certain core details of force, fraud, or coercion. Cases categorized as "No" do not reference specific instances of human trafficking.*

Case References Potential Trafficking	# of Cases	% of Cases
High	59	37.58%
Moderate	98	62.42%
Total # of Potential Trafficking Cases	**157**	**100.00%**
