INDEPENDENT AUDITORS' REPORT

To the Members of the School Board of
Miami-Dade County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of WLRN - TV (the "Station"), a public telecommunications activity operated by the School Board of Miami-Dade County, Florida, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Friends of WLRN, Inc., which represent 4 percent and 28 percent and 2 percent and 28 percent, respectively, of the assets and revenues of the governmental activities (government-wide financial statements) as of and for the years ended June 30, 2014 and 2013, respectively. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Friends of WLRN, Inc., is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

As discussed in Note 1, the financial statements of WLRN - TV are intended to present the financial position, and changes in financial position, of the Station. The financial statements do not purport to, and do not, present fairly the financial position of the School Board of Miami-Dade County, Florida as of June 30, 2014 and 2013, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of WLRN - TV as of June 30, 2014 and 2013, and the respective changes in financial position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3-7 and 21-22, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2014, on our consideration of the Station's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Station's internal control over financial reporting and compliance.

WLRN - TV
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

As management of WLRN - TV (the "Station"), we offer readers of the accompanying financial statements this overview and analysis of the financial activities of the Station for the fiscal years ended June 30, 2014 and 2013. This summary should be read in conjunction with the financial statements and related notes, which immediately follow this section.

Overview

The purpose of the Station is to provide quality public television programming and services to the community in households in South Florida, consisting of Palm Beach, Broward, Miami-Dade, and Monroe counties. The Station is licensed to the School Board of Miami-Dade County, Florida. The Station also provides media support to the Miami-Dade County Public Schools, which has an enrollment of approximately over 349,000 students.

Financial Highlights

The assets of the Station exceeded its liabilities at the close of the fiscal years ended June 30, 2014 and 2013 by approximately \$9.318 million and \$9.165 million, respectively. Of this amount, as of June 30, 2014 and 2013 approximately \$8.550 million and \$8.560 million was invested in capital assets, approximately \$768,000 and \$609,000 was restricted for the Corporation for Public Broadcasting (the "CPB") grant funded expenses, and approximately \$13,000 and \$31,000 was restricted for other purposes. After accounting for the restrictions, there was an unrestricted deficit of approximately (\$13,000) and (\$34,000).

At the close of the fiscal years ended June 30, 2014 and 2013, the Station's governmental fund reported an ending fund balance of approximately \$768,000 and \$606,000, an increase (decrease), respectively, of approximately \$162,000 and (\$271,000) in comparison with the prior year. Approximately \$768,000 and \$609,000 of this amount is restricted for the CPB.

Overview to the Financial Statements

Management's discussion and analysis is intended to serve as an introduction to the Station's basic financial statements. The Station's basic financial statements are comprised of three components:

- Government-wide financial statements
- Fund financial statements
- Notes to the basic financial statements

In addition, the Station reports, as required supplementary information, a budget to actual comparison and notes to the required supplementary information.

The Station is considered a special-purpose government engaged in a single governmental activity, thus the related government-wide and fund financial statements are included as a combined presentation in the Governmental Fund Balance Sheets/Statements of Net Position and the Statements of Governmental Fund Revenues, Expenditures, and Changes in Fund Balance/Statements of Activities. Accordingly, there are certain reconciling items between these statements, which may be found on pages 15 and 16 of this report.

WLRN - TV
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Station's finances, in a manner similar to a private-sector business (i.e. economic resources and measurement focus).

The statement of net position presents information on all of the Station's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Station is improving or deteriorating.

The statement of activities presents information showing how the Station's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Station, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance and related legal requirements. The Station has one governmental fund, the General Fund.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 10 to 20 of this report.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

Budgetary Highlights

The School Board of Miami-Dade County adopts a budget for the Station on an annual basis. A budgetary comparison schedule has been provided to demonstrate compliance with this budget. The budgetary comparison schedule can be found on page 21 of this report.

The Station did not experience any mid-year budget reductions from its granting agencies. During the fiscal year ended June 30, 2014, the changes in final budget to actual revenues and expenditures were primarily attributed to capital outlays and the inclusion of Friends of WLRN, Inc. as a blended component unit. Revenues and expenses of Friends of WLRN, Inc., which are included in the Station's fiscal year ended June 30, 2014 financial statements, are approximately \$1.953 and \$1.950 million, respectively.

During the fiscal year ended June 30, 2013, the changes in final budget to actual revenues and expenditures were primarily attributed to in-kind support, depreciation, and the inclusion of Friends of WLRN, Inc. as a blended component unit. Revenues and expenses of Friends of WLRN, Inc., which are included in the Station's fiscal year ended June 30, 2013 financial statements, are approximately \$1.947 and \$2.013 million, respectively.

Financial Analysis

Government-wide/Individual Fund Analysis

Analysis of the financial statements of the Station begins below. As noted earlier, net position over time, may serve as a useful indicator of the Station's financial position. Assets exceeded liabilities by \$9,317,940 and \$9,165,173 at the close of the fiscal years ended June 30, 2014 and 2013, respectively. A summary is provided below.

Summary of Net Position		
	<u>6/30/2014</u>	<u>6/30/2013</u>
Current assets	\$ 1,275,918	\$ 899,615
Non-current assets	376,510	288,944
Capital assets, net	<u>8,549,958</u>	<u>8,559,507</u>
Total assets	<u>10,202,386</u>	<u>9,748,066</u>
Current liabilities	507,936	293,949
Non-current liabilities	<u>376,510</u>	<u>288,944</u>
Total liabilities	<u>884,446</u>	<u>582,893</u>
Net position		
Net investment in capital assets	8,549,958	8,559,507
Restricted	780,847	640,121
Unrestricted	<u>(12,865)</u>	<u>(34,455)</u>
Total net position	<u><u>\$ 9,317,940</u></u>	<u><u>\$ 9,165,173</u></u>

WLRN - TV
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

- Total assets increased in the current year mainly as a result of a decrease in depreciation on capital assets when compared to the prior year. Depreciation fluctuates each year based on the remaining useful lives of existing capital assets and the amount of acquisitions/additions of capital assets.
- The largest portion of the Station's net position of approximately \$8.550 million reflects its net investment in capital assets (e.g. buildings and improvements, furniture, fixtures and equipment, and motor vehicles). This net position is not available for future spending.

Summary of Changes in Net Position

	<u>6/30/2014</u>	<u>6/30/2013</u>
Revenues		
Grants from the Florida Department of Education	\$ 307,447	\$ 307,447
Grants from CPB	1,197,105	1,182,084
Other grants and subsidies	3,643,417	3,566,088
Support and revenues of Friends of WLRN, Inc.	1,952,747	1,946,904
Gain on disposal of capital assets	-	1,381
Total revenues	<u>7,100,716</u>	<u>7,003,904</u>
Expenses		
Current	<u>6,947,949</u>	<u>7,564,228</u>
Change in net position	152,767	(560,324)
Net position, beginning of year	9,165,173	9,863,500
Reclassification to WLRN - Radio	-	(138,003)
Net position, end of year	<u>\$ 9,317,940</u>	<u>\$ 9,165,173</u>

- The increase in net position of \$152,767 compared to the prior year is primarily due to a decrease in total expenses, including salaries and depreciation.

Capital Assets

As of June 30, 2014 and 2013, the Station's investment in capital assets, net of accumulated depreciation, amounted to approximately \$8.550 million and \$8.560 million, respectively.

Summary of Capital Assets

(Net of Depreciation)

	<u>6/30/2014</u>	<u>6/30/2013</u>
Land	\$ 46,577	\$ 46,577
Buildings and improvements	7,258,087	7,478,729
Furniture, fixtures and equipment	1,132,783	896,485
Motor vehicles	112,511	137,716
Total Capital Assets	<u>\$ 8,549,958</u>	<u>\$ 8,559,507</u>

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Summary of Significant Accounting Policies

This summary of significant accounting policies of WLRN - TV (the “Station”) is presented to assist the reader in interpreting the financial statements. The policies are considered essential and should be read in conjunction with the financial statements.

The accounting policies of the Station conform to accounting principles generally accepted in the United States of America applicable to governmental units. This report, the accounting systems and classification of accounts conform to standards of the Governmental Accounting Standards Board (GASB), which is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies.

A. Reporting entity

The Station, which operates non-commercial public television in Miami-Dade County, Florida, is an administrative department included in the governmental funds of the School Board of Miami-Dade County, Florida (the “School Board”). The School Board holds the license to operate the Station. The accompanying financial information of the Station has been extracted from the activity contained in the accounts of the School Board, and is intended to present the financial position and changes in financial position of only the Station and not the financial position and changes in financial position of the School Board.

In accordance with GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units* and GASB No. 61, *The Financial Reporting Entity: Omnibus*, Friends of WLRN, Inc. has been included in the Station’s General Fund as a blended component unit. Friends of WLRN, Inc., a Florida not-for-profit entity, was established to support and enhance the program services of the Station, as well as other broadcast and non-broadcast services licensed to and/or operated by the School Board. The financial statements of Friends of WLRN, Inc. are reported using the AICPA’s non-profit model. As a result, the financial information has been converted to governmental fund accounting for inclusion in the Station’s financial statements.

Complete financial information for Friends of WLRN, Inc. can be obtained at their administrative office located at 169 E. Flagler Street, Suite 1400, Miami, FL 33131.

B. Government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the financial activities of the Station. *Governmental activities*, which normally are supported by grants and contributions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The Station does not have any *business-type activities* and has only one governmental activity. The accounts of the Station are reported as a General Fund. The General Fund is the Station’s only fund and thus the Station’s only major fund.

WLRN - TV
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Summary of Significant Accounting Policies (continued)

B. Government-wide financial statements (continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

C. Measurement focus, basis of accounting and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing or related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Station considers revenues available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

The Station's only fund is the General Fund, which is reported as a major governmental fund. The General Fund accounts for all financial resources of the Station including general operations.

D. Investments

Investments in marketable securities held by Friends of WLRN, Inc. are measured at fair value (quoted market price or the best available estimate thereof), which include corporate and other bonds, U.S. Government securities and equity securities.

E. Accounts receivable

Accounts receivable includes underwriting on-air recognition invoiced but not received.

Friends of WLRN, Inc. extends credit based on periodic evaluations of the customer's financial condition. Exposure to losses on receivables varies by customer. Friends of WLRN, Inc. monitors exposure to credit losses and records allowances for anticipated losses as needed.

WLRN - TV
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Summary of Significant Accounting Policies (continued)

F. Membership contributions receivable

Memberships are recognized as contributions by Friends of WLRN, Inc. and are initially reported at fair value. Contributions are recognized when the donor makes a promise to give to Friends of WLRN, Inc. that is, in substance, unconditional. Contributions that are restricted by the donor are reported as restricted fund balance/net position depending on the nature of the restrictions.

Friends of WLRN, Inc. uses the allowance method to determine the estimated unconditional promises receivable that are doubtful of collection. The allowance is based on prior years' experience and management's analysis of specific promises made.

G. Other assets

Other assets consist primarily of prepaid expenses and security deposits in the ordinary course of operations.

At June 30, 2014 and 2013, other assets also include a deferred lease asset/receivable comprised of Educational Broadband Services lease revenue recognized but not yet collected in accordance with generally accepted accounting principles (see Note 12).

H. Capital assets

Capital assets purchased are recorded at cost. Donated capital assets are recorded at fair value at the date of donation. Capital assets include land, buildings and improvements, furniture, fixtures and equipment, and motor vehicles. The capitalization threshold for furniture, fixtures, and equipment and motor vehicles is \$1,000 or greater. Buildings and improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Depreciation is computed on the straight-line method based on the estimated useful lives of the assets. Other costs incurred for repairs and maintenance are expensed as incurred.

	<u>Useful Life (Years)</u>
Buildings and improvements	20 - 50
Furniture, fixtures and equipment	5 - 20
Motor vehicles	7 - 18

When capital assets are sold or disposed of, the related cost and accumulated depreciation are removed from the accounts, and the resulting gain or loss is recorded in the government-wide statements.

I. Donated administrative support and services

Donated administrative support and services are recorded as in-kind contributions at fair market value when received and when there is an objective basis for determining such values.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Summary of Significant Accounting Policies (continued)

J. Fund balance

In the fund financial statements, the governmental fund reports fund balance in classifications based on the extent to which the Station is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. When both restricted and unrestricted resources are available for use, it is the Station's policy to use restricted resources first, then unrestricted resources as they are needed. When unrestricted resources are to be used, it is the Station's policy to use the committed amounts first, followed by assigned and unassigned amounts. The Station reports the following fund balance classifications:

Non-spendable fund balance – Non-spendable fund balance are amounts that cannot be spent because they are either (a) not in spendable form, such as prepaid amounts or security deposits or (b) legally or contractually required to be maintained intact, such as a trust that must be retained in perpetuity.

Restricted fund balance – Restricted fund balance are amounts with constraints imposed on resources by external sources such as (a) creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – Committed fund balance are amounts limited to specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the School Board - the Station's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the School Board removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The Station did not have any committed fund balance as of June 30, 2014 and 2013.

Assigned fund balance – Assigned fund balance are amounts constrained by the School Board's "intent" to be used for specific purposes, but are neither restricted nor committed. The School Board and Station General Manager have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as non-spendable, restricted, or committed. The Station did not have any assigned fund balance as of June 30, 2014 and 2013.

Unassigned fund balance – Unassigned fund balance consists of General Fund positive fund balances that are not otherwise classified. It is also used to report negative fund balance amounts.

K. Reclassifications

Certain amounts for the year ended June 30, 2013 have been reclassified for disclosure purposes in these financial statements. These reclassifications had no effect on the change in fund balance/net position for that year.

WLRN - TV
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Summary of Significant Accounting Policies (continued)

L. Net position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition or improvement of those assets. Net position is reported as restricted when there are external limitations imposed on its use through sources such as creditors, grantors, or laws or regulations of other governments, and when resources are nonexpendable.

M. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

N. Fund deficit

At June 30, 2014 and 2013, the Station reported a negative unassigned fund balance in the General Fund. The Station does not substantially receive direct unrestricted contributions. Consequently, the deficit was caused by expenditures from Friends of WLRN, Inc. being slightly greater than the related support and revenues, and a significant portion of amounts due from the School Board are restricted as related to grant funding not yet spent.

O. New accounting pronouncements

During the fiscal year ended June 30, 2013, the Station implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. The objective of these statements is to establish accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities, and to provide guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures. Governmental entities enter into transactions that result in the consumption or acquisition of net assets in one period that are applicable to future periods. Concepts Statement No. 4, *Elements of Financial Statements*, identifies those consumptions or acquisitions as *deferred outflows of resources* and *deferred inflows of resources*, respectively, and distinguishes them from assets and liabilities. Concepts Statement 4 also identifies *net position* as the residual of all other elements presented in a statement of financial position. This Statement provides guidance for reporting deferred outflows of resources and deferred inflows of resources balances, and for reporting net position within the framework that includes deferred outflows of resources and deferred inflows of resources, in addition to assets and liabilities. The provisions of these Statements were effective for periods beginning after December 15, 2011 and 2012, with earlier application encouraged. These Statements did not have a significant impact on the Station's financial statements, other than presentation and disclosure requirements.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 2 – Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Position

As of June 30, 2014, the fund balance of the governmental fund of \$767,982 reported in the governmental fund balance sheet differs from total net position of governmental activities of approximately \$9.318 million reported in the statement of net position. The differences primarily result from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheet. Explanations of the differences are as follows:

Total fund balance (Page 8)	\$ 767,982
Amounts reported for governmental activities in the statement net position are different because:	
(a) When capital assets that are to be used in governmental activities are purchased or constructed, the cost of those assets is reported as expenditures in the governmental fund. However, the statement of net position includes those capital assets among the assets of the Station as a whole.	8,549,958
(b) Certain amounts due from the School Board of Miami-Dade County, Florida are a non-current asset that is not available to pay for current expenditures, and, therefore, are not reported in the governmental fund.	376,510
(c) Compensated absences are long-term liabilities that are not due and payable in the current period and therefore are not reported in the governmental fund.	<u>(376,510)</u>
Net position of governmental activities (Page 8)	<u>\$ 9,317,940</u>

As of June 30, 2013, the fund balance of the governmental fund of \$605,666 reported in the governmental fund balance sheet differs from total net position of governmental activities of approximately \$9.165 million reported in the statement of net position. The differences primarily result from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheet. Explanations of the differences are as follows:

Total fund balance (Page 8)	\$ 605,666
Amounts reported for governmental activities in the statement net position are different because:	
(a) When capital assets that are to be used in governmental activities are purchased or constructed, the cost of those assets is reported as expenditures in the governmental fund. However, the statement of net position includes those capital assets among the assets of the Station as a whole.	8,559,507
(b) Certain amounts due from the School Board of Miami-Dade County, Florida are a non-current asset that is not available to pay for current expenditures, and, therefore, are not reported in the governmental fund.	288,944
(c) Compensated absences are long-term liabilities that are not due and payable in the current period and therefore are not reported in the governmental fund.	<u>(288,944)</u>
Net position of governmental activities (Page 8)	<u>\$ 9,165,173</u>

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 3 – Explanation of Differences Between Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities

During the fiscal year ended June 30, 2014, the change in fund balance for the governmental fund of \$162,316 reported in the governmental fund statement of revenues, expenditures and changes in fund balance differs from the change in net position of \$152,767 reported in the statement of activities. The differences primarily result from the long-term economic focus of the statement of activities versus the current financial resources focus of the governmental fund operating statement. Explanations of the differences are as follows:

Net change in fund balance (Page 9)	\$ 162,316
(a) When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in the governmental fund. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balance decreases by the amount of financial resources expended, whereas net assets decreases by the amount of depreciation expense charged for the year. Depreciation expense (\$480,879), net of capital outlay \$490,939, and loss on disposal of fixed assets (\$19,609).	(9,549)
(b) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental fund.	87,566
(c) Expenses reported in the statement of activities that do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental fund.	<u>(87,566)</u>
Change in net position of governmental activities (Page 9)	<u>\$ 152,767</u>

During the fiscal year ended June 30, 2013, the change in fund balance for the governmental fund of (\$133,362) reported in the governmental fund statement of revenues, expenditures and changes in fund balance differs from the change in net position of (\$560,324) reported in the statement of activities. The differences primarily result from the long-term economic focus of the statement of activities versus the current financial resources focus of the governmental fund operating statement. Explanations of the differences are as follows:

Net change in fund balance (Page 9)	\$ (133,362)
(a) When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in the governmental fund. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balance decreases by the amount of financial resources expended, whereas net assets decreases by the amount of depreciation expense charged for the year. Depreciation expense (\$738,562), net of capital outlay \$310,219, and gain on disposal of fixed assets \$1,381.	(426,962)
(b) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental fund.	73,011
(c) Expenses reported in the statement of activities that do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental fund.	<u>(73,011)</u>
Change in net position of governmental activities (Page 9)	<u>\$ (560,324)</u>

WLRN - TV
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 4 – Concentration of Credit Risk

Financial instruments that potentially subject the Station to concentrations of credit risk consist principally of investment accounts maintained by Friends of WLRN, Inc. at broker/dealers, which from time to time may exceed SIPC insurance limits; and pledges. Management believes that the risk of loss with respect to the financial institutions and broker/dealers has been limited by choosing strong institutions with which to do business. Credit risk relating to pledges is limited by the viability of the organization or individual making the pledge.

Note 5 – Investments

Friends of WLRN, Inc. follows ASC 820-10 *Fair Value Measurement and Disclosure* for measuring fair value of investments. This standard establishes a three-level hierarchy for fair value measurements based upon the significant inputs used to determine fair value. Observable inputs are those which are obtained from external market participants while unobservable inputs are generally developed internally, utilizing management's estimates, assumptions, and specific knowledge of the assets/liabilities and related markets.

The three levels are defined as follows:

Level 1 – valuation based on quoted prices in active markets for identical assets and liabilities

Level 2 – valuation is determined from quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active, or by model-based techniques in which all significant inputs are observable in the market

Level 3 – valuation is derived from model-based techniques inputs that are unobservable for the asset or liability; unobservable inputs shall be used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity

At June 30, 2014 and 2013, Friends of WLRN, Inc. held investments in equity securities and mutual funds with a total fair value of \$165,928 and \$56,524, respectively. The fair value measurements were based on level 1 and level 2 valuations of observable inputs. As of June 30, 2014, these investments include a board-designated endowment of \$163,153. The term endowment fund as defined in the Uniform Prudent Management of Institutional Funds Act (UPMIFA) does not include assets that an institution designates as an endowment fund for its own use. The endowment fund maintained by Friends of WLRN, Inc. is a board-designated endowment fund as of June 30, 2014; therefore, the requirements of UPMIFA do not apply.

Note 6 – Due from the School Board of Miami-Dade County, Florida

Amounts due from the School Board of Miami-Dade County, Florida represents cash and cash equivalents held on behalf of the Station as of June 30, 2014 and 2013 for restricted grants, compensated absences, accounts payable, and accrued payroll expenses. At June 30, 2014 and 2013, the total amount due was \$1,263,079 and \$993,961, respectively.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 9 – Compensated Absences

The Station's employee vacation and sick leave polices provide for the granting of a specific number of days of vacation based on years of service governed by applicable labor contracts and one day of sick leave with pay per each month of employment. Active employees, excluding administrators, may request payment of 80% of their unused sick leave, which has accumulated during the fiscal year, provided they have not used more than three sick/personal days during that time, and have a remaining balance, after payment, of twenty-one days. These policies also provided for paying most employees unused vacation up to 60 days upon termination, and up to 100% of unused sick leave after thirteen years of service; 50% after ten years; 45% after six years; 40% after three years and 35% during the first three years of qualified service upon retirement, death or resignation. Vacation accrual is limited to 60 days for twelve-month active employees.

The statement of net position reflects both the current and long-term portions of compensated absences including fringe benefits. At June 30, 2014 and 2013, the current and long-term portions were \$28,803 and \$376,510 and \$52,571 and \$288,944, respectively.

Note 10 – Reconciliation of CPB Grant Award to Revenues and Restricted Net Position

Note 12 – Long-Term Broadband Frequency Lease

On July 24, 2008, the Station through Friends of WLRN, Inc. entered into a long-term lease agreement for its Educational Broadband Services frequencies to Clearwire Spectrum Holdings II LLC (“Clearwire”). Under current Federal Communications Corporations (FCC) rules, licensees are allowed to lease out their “Excess Capacity” to commercial entities. Friends of WLRN, Inc. remain the licensee and will have the responsibility for compliance with all educational and other requirements imposed by the FCC.

Lease payments will be made in monthly payments as follows:

<u>Years</u>	<u>Monthly</u>	<u>Annually</u>
1	\$ 55,000	\$ 660,000
2	55,000	660,000
3	55,000	660,000
4	55,000	660,000
5	55,000	660,000
6-10	75,000	900,000
11-15	110,000	1,320,000
16-20	145,000	1,740,000
21-25	189,000	2,268,000
26-30	235,000	2,820,000

During the years ended June 30, 2014 and 2013, Friends of WLRN, Inc. received \$900,000 and \$660,000, respectively, under this agreement. Revenue under this lease agreement has been recognized on the statement of activities on a straight-line basis over 360 months. Total revenue recognized for the fiscal years ended June 30, 2014 and 2013 under the straight-line basis was \$1,768,000 each year, of which approximately 10%, or \$178,600, is recognized in WLRN - TV each year.

JUNE 30, 2014 AND 2013

Note 1 – Budgetary Policy

The Station adopts an annual budget for the General Fund. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. Budgetary control is maintained at the fund level.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the School Board of
Miami-Dade County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of WLRN - TV (the "Station"), a public telecommunications activity operated by the School Board of Miami-Dade County, Florida, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements, and have issued our report thereon dated November 21, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Station's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Station's internal control. Accordingly, we do not express an opinion on the effectiveness of City of the Station's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Station's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT

To the Members of the School Board of
Miami-Dade County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of WLRN - Radio (the "Station"), a public telecommunications activity operated by the School Board of Miami-Dade County, Florida, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Friends of WLRN, Inc., which represent 84 percent and 84 percent and 82 percent and 83 percent, respectively, of the assets and revenues of the governmental activities (government-wide financial statements) as of and for the years ended June 30, 2014 and 2013, respectively. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Friends of WLRN, Inc., is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

As discussed in Note 1, the financial statements of WLRN - Radio are intended to present the financial position, and changes in financial position, of the Station. The financial statements do not purport to, and do not, present fairly the financial position of the School Board of Miami-Dade County, Florida as of June 30, 2014 and 2013, and the changes in its financial position for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of WLRN - Radio as of June 30, 2014 and 2013, and the respective changes in financial position thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3-7 and 23-24, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 21, 2014, on our consideration of the Station's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Station's internal control over financial reporting and compliance.

WLRN - RADIO
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

As management of WLRN - Radio (the "Station"), we offer readers of the accompanying financial statements this overview and analysis of the financial activities of the Station for the fiscal years ended June 30, 2014 and 2013. This summary should be read in conjunction with the financial statements and related notes, which immediately follow this section.

Overview

The purpose of the Station is to provide quality public radio programming and services to the community in households in South Florida, consisting of Palm Beach, Broward, Miami-Dade, and Monroe counties. The Station is licensed to the School Board of Miami-Dade County, Florida. The Station also provides media support to the Miami-Dade County Public Schools, which has an enrollment of approximately over 349,000 students.

Financial Highlights

The assets of the Station exceeded its liabilities at the close of the fiscal years ended June 30, 2014 and 2013 by approximately \$16.194 million and \$13.511 million, respectively. Of this amount, as of June 30, 2014 and 2013 approximately \$2.028 million and \$1.976 million was invested in capital assets, approximately \$373,000 and \$335,000 was restricted for the Corporation for Public Broadcasting (the "CPB") grant funded expenses, and approximately \$27,000 and \$29,000 was restricted for other purposes. The remaining \$13.765 million and \$11.170 million was unrestricted and available for spending at the Station's discretion.

At the close of the fiscal years ended June 30, 2014 and 2013, the Station's governmental fund reported an ending fund balance of approximately \$14.166 million and \$11.534 million, an increase of approximately \$2.631 million and \$1.654 million in comparison with the prior year. Approximately \$373,000 and \$335,000 of this amount is restricted for the CPB.

Overview to the Financial Statements

Management's discussion and analysis is intended to serve as an introduction to the Station's basic financial statements. The Station's basic financial statements are comprised of three components:

- Government-wide financial statements
- Fund financial statements
- Notes to the basic financial statements

In addition, the Station reports, as required supplementary information, a budget to actual comparison and notes to the required supplementary information.

The Station is considered a special-purpose government engaged in a single governmental activity, thus the related government-wide and fund financial statements are included as a combined presentation in the Governmental Fund Balance Sheets/Statements of Net Position and the Statements of Governmental Fund Revenues, Expenditures, and Changes in Fund Balance/Statements of Activities. Accordingly, there are certain reconciling items between these statements, which may be found on pages 15 through 18 of this report.

WLRN - RADIO
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Station's finances, in a manner similar to a private-sector business (i.e. economic resources and measurement focus).

The statement of net position presents information on all of the Station's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Station is improving or deteriorating.

The statement of activities presents information showing how the Station's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Station, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance and related legal requirements. The Station has one governmental fund, the General Fund.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 10 to 22 of this report.

A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

Budgetary Highlights

The School Board of Miami-Dade County adopts a budget for the Station on an annual basis. A budgetary comparison schedule has been provided to demonstrate compliance with this budget. The budgetary comparison schedule can be found on page 23 of this report.

The Station did not experience any mid-year budget reductions from its granting agencies. During the fiscal year ended June 30, 2014, the changes in final budget to actual revenues and expenditures were primarily attributed to the inclusion of Friends of WLRN, Inc. as a blended component unit. Revenues and expenses of Friends of WLRN, Inc., which are included in the Station's fiscal year ended June 30, 2014 financial statements, are approximately \$9.353 million and \$6.760 million, respectively.

During the fiscal year ended June 30, 2013, the changes in final budget to actual revenues and expenditures were primarily attributed to in-kind support, depreciation, and the inclusion of Friends of WLRN, Inc. as a blended component unit. Revenues and expenses of Friends of WLRN, Inc., which are included in the Station's fiscal year ended June 30, 2013 financial statements, are approximately \$7.820 million and \$6.396 million, respectively.

Financial Analysis

Government-wide/Individual Fund Analysis

Analysis of the financial statements of the Station begins below. As noted earlier, net position over time, may serve as a useful indicator of the Station's financial position. Assets exceeded liabilities by \$16,193,786 and \$13,510,788 at the close of the fiscal years ended June 30, 2014 and 2013, respectively. A summary is provided below.

Summary of Net Position		
	<u>6/30/2014</u>	<u>6/30/2013</u>
Current assets	\$ 15,018,024	\$ 11,845,355
Non-current assets	147,087	182,580
Capital assets, net	<u>2,028,079</u>	<u>1,976,405</u>
Total assets	<u>17,193,190</u>	<u>14,004,340</u>
Current liabilities	687,278	252,664
Non-current liabilities	<u>147,087</u>	<u>182,580</u>
Total liabilities	<u>834,365</u>	<u>435,244</u>
Deferred inflows of resources	<u>165,039</u>	<u>58,308</u>
Net position		
Net investment in capital assets	2,028,079	1,976,405
Restricted	400,369	364,104
Unrestricted	<u>13,765,338</u>	<u>11,170,279</u>
Total net position	<u>\$ 16,193,786</u>	<u>\$ 13,510,788</u>

WLRN - RADIO
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014 AND 2013

- Total assets increased in the current year mainly as a result of the amount of support received from Friends of WLRN, Inc. and the Miami-Dade County School Board.
- A portion of the Station's net position of approximately \$2.028 million reflects its net investment in capital assets (e.g. buildings and improvements, furniture, fixtures and equipment, and motor vehicles). These net assets are not available for future spending.
- Of the remaining \$14.166 million of the Station's net position, approximately \$13.766 million represents resources that are unrestricted and available for any lawful use by the Station. The remaining net position represents approximately \$400,000 of restricted funds, predominantly restricted for the Corporation for Public Broadcasting (the "CPB") grant funded expenses.

Summary of Changes in Net Position

	<u>6/30/2014</u>	<u>6/30/2013</u>
Revenues		
Grants from CPB	\$ 604,170	\$ 746,316
Other grants and subsidies	1,193,677	805,919
Support and revenues of Friends of WLRN, Inc.	<u>9,353,354</u>	<u>7,820,167</u>
Total revenues	<u>11,151,201</u>	<u>9,372,402</u>
Expenses		
Current	<u>8,468,203</u>	<u>7,944,472</u>
Change in net position	2,682,998	1,427,930
Net position, beginning of year	13,510,778	11,944,845
Reclassification to WLRN - Radio	-	<u>138,003</u>
Net position, end of year	<u>\$ 16,193,776</u>	<u>\$ 13,510,778</u>

- The increase in net position of approximately \$2.683 million compared to the prior year is primarily due to revenues received from Friends of WLRN, Inc.

Capital Assets

As of June 30, 2014 and 2013, the Station's investment in capital assets, net of accumulated depreciation, amounted to approximately \$2.028 million and \$1.976 million, respectively.

Summary of Capital Assets

(Net of Depreciation)

	<u>6/30/2014</u>	<u>6/30/2013</u>
Land	\$ 22,941	\$ 22,941
Buildings and improvements	1,391,684	1,436,876
Furniture, fixtures and equipment	613,454	516,588
Total Capital Assets	<u>\$ 2,028,079</u>	<u>\$ 1,976,405</u>

THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Summary of Significant Accounting Policies

This summary of significant accounting policies of WLRN - Radio (the “Station”) is presented to assist the reader in interpreting the financial statements. The policies are considered essential and should be read in conjunction with the financial statements.

The accounting policies of the Station conform to accounting principles generally accepted in the United States of America applicable to governmental units. This report, the accounting systems and classification of accounts conform to standards of the Governmental Accounting Standards Board (GASB), which is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies.

A. Reporting entity

The Station, which operates non-commercial public radio in Miami-Dade County, Florida, is an administrative department included in the governmental funds of the School Board of Miami-Dade County, Florida (the “School Board”). The School Board holds the license to operate the Station. The accompanying financial information of the Station has been extracted from the activity contained in the accounts of the School Board, and is intended to present the financial position and changes in financial position of only the Station and not the financial position and changes in financial position of the School Board.

In accordance with GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units* and GASB No. 61, *The Financial Reporting Entity: Omnibus*, Friends of WLRN, Inc. has been included in the Station’s General Fund as a blended component unit. Friends of WLRN, Inc., a Florida not-for-profit entity, was established to support and enhance the program services of the Station, as well as other broadcast and non-broadcast services licensed to and/or operated by the School Board. The financial statements of Friends of WLRN, Inc. are reported using the AICPA’s non-profit model. As a result, the financial information has been converted to governmental fund accounting for inclusion in the Station’s financial statements.

Complete financial information for Friends of WLRN, Inc. can be obtained at their administrative office located at 169 E. Flagler Street, Suite 1400, Miami, FL 33131.

B. Government-wide financial statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the financial activities of the Station. *Governmental activities*, which normally are supported by grants and contributions, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The Station does not have any *business-type activities* and has only one governmental activity. The accounts of the Station are reported as a General Fund. The General Fund is the Station’s only fund and thus the Station’s only major fund.

A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Summary of Significant Accounting Policies (continued)

B. Government-wide financial statements (continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

C. Measurement focus, basis of accounting and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing or related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Station considers revenues available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

The Station's only fund is the General Fund, which is reported as a major governmental fund. The General Fund accounts for all financial resources of the Station including general operations.

D. Cash and cash equivalents

Cash and cash equivalents held by Friends of WLRN, Inc. include liquid investments with original maturities of three months or less when acquired.

In addition to insurance provided by the Federal Depository Insurance Corporation, all time and demand deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds.

E. Investments

Investments in marketable securities held by Friends of WLRN, Inc. are measured at fair value (quoted market price or the best available estimate thereof), which include corporate and other bonds, U.S. Government securities and equity securities.

A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Summary of Significant Accounting Policies (continued)

F. Accounts receivable

Accounts receivable includes underwriting on-air recognition invoiced but not received.

Friends of WLRN, Inc. extends credit based on periodic evaluations of the customer's financial condition. Exposure to losses on receivables varies by customer. Friends of WLRN, Inc. monitors exposure to credit losses and records allowances for anticipated losses as needed.

G. Membership contributions receivable

Memberships are recognized as contributions by Friends of WLRN, Inc. and are initially reported at fair value. Contributions are recognized when the donor makes a promise to give to Friends of WLRN, Inc. that is, in substance, unconditional. Contributions that are restricted by the donor are reported as restricted fund balance/net position depending on the nature of the restrictions.

Friends of WLRN, Inc. uses the allowance method to determine the estimated unconditional promises receivable that are doubtful of collection. The allowance is based on prior years' experience and management's analysis of specific promises made.

H. Other assets

Other assets consist of prepaid expenses and security deposits in the ordinary course of operations.

At June 30, 2014 and 2013, other assets also include a deferred lease asset/receivable comprised of Educational Broadband Services lease revenue recognized but not yet collected in accordance with generally accepted accounting principles (see Note 13).

I. Capital assets

Capital assets purchased are recorded at cost. Donated capital assets are recorded at fair value at the date of donation. Capital assets include land, buildings and improvements, and furniture, fixtures and equipment. The capitalization threshold for furniture, fixtures, and equipment is \$1,000 or greater. Buildings and improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Depreciation is computed on the straight-line method based on the estimated useful lives of the assets. Other costs incurred for repairs and maintenance are expensed as incurred.

	<u>Useful Life (Years)</u>
Buildings and improvements	20 - 50
Furniture, fixtures and equipment	5 - 20

When capital assets are sold or disposed of, the related cost and accumulated depreciation are removed from the accounts, and the resulting gain or loss is recorded in the government-wide statements.

Note 1 – Summary of Significant Accounting Policies (continued)

J. Deferred inflows of resources

In addition to liabilities, the balance sheet/statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of fund balance/net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The Station has only one type of item that qualifies for reporting in this category. Accordingly, the item, deferred revenue, is reported in the balance sheet/statement of net position. Deferred revenue reported by Friends of WLRN, Inc. is comprised of underwriting fees received in advance and amounted to \$165,039 and \$58,308 at June 30, 2014 and 2013, respectively.

K. Donated administrative support and services

Donated administrative support and services are recorded as in-kind contributions at fair market value when received and when there is an objective basis for determining such values.

L. Fund balance

In the fund financial statements, the governmental fund reports fund balance in classifications based on the extent to which the Station is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. When both restricted and unrestricted resources are available for use, it is the Station's policy to use restricted resources first, then unrestricted resources as they are needed. When unrestricted resources are to be used, it is the Station's policy to use the committed amounts first, followed by assigned and unassigned amounts. The Station reports the following fund balance classifications:

Non-spendable fund balance – Non-spendable fund balance are amounts that cannot be spent because they are either (a) not in spendable form, such as prepaid amounts or security deposits or (b) legally or contractually required to be maintained intact, such as a trust that must be retained in perpetuity.

Restricted fund balance – Restricted fund balance are amounts with constraints imposed on resources by external sources such as (a) creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – Committed fund balance are amounts limited to specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the School Board - the Station's highest level of decision-making authority. Committed amounts cannot be used for any other purpose unless the School Board removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements. The Station did not have any committed fund balance as of June 30, 2014 and 2013.

WLRN - RADIO
A PUBLIC TELECOMMUNICATION ENTITY OPERATED BY
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 1 – Summary of Significant Accounting Policies (continued)

L. Fund balance (continued)

Assigned fund balance – Assigned fund balance are amounts constrained by the School Board’s “intent” to be used for specific purposes, but are neither restricted not committed. The School Board and Station General Manager have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as non-spendable, restricted, or committed. The Station did not have any assigned fund balance as of June 30, 2014 and 2013.

Unassigned fund balance – Unassigned fund balance consists of General Fund positive fund balances that are not otherwise classified. It is also used to report negative fund balance amounts.

M. Net position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition or improvement of those assets. Net position is reported as restricted when there are external limitations imposed on its use through sources such as creditors, grantors, or laws or regulations of other governments, and when resources are nonexpendable.

N. Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on management’s knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

O. Reclassifications

Certain amounts for the year ended June 30, 2013 have been reclassified for disclosure purposes in these financial statements. These reclassifications had no effect on the change in fund balance/net position for that year.

P. New accounting pronouncements

During the fiscal year ended June 30, 2013, the Station implemented GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. The objective of these statements is to establish accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities, and to provide guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013**

Note 1 – Summary of Significant Accounting Policies (continued)

P. New accounting pronouncements (continued)

Governmental entities enter into transactions that result in the consumption or acquisition of net assets in one period that are applicable to future periods. Concepts Statement No. 4, *Elements of Financial Statements*, identifies those consumptions or acquisitions as *deferred outflows of resources* and *deferred inflows of resources*, respectively, and distinguishes them from assets and liabilities. Concepts Statement 4 also identifies *net position* as the residual of all other elements presented in a statement of financial position. This Statement provides guidance for reporting deferred outflows of resources and deferred inflows of resources balances, and for reporting net position within the framework that includes deferred outflows of resources and deferred inflows of resources, in addition to assets and liabilities. The provisions of these Statements were effective for periods beginning after December 15, 2011 and 2012, with earlier application encouraged. These Statements did not have a significant impact on the Station's financial statements, other than presentation and disclosure requirements.

Note 2 – Explanation of Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

As of June 30, 2014, the fund balance of the governmental fund of approximately \$14.166 million reported in the governmental fund balance sheet differs from total net position of the governmental activities of approximately \$16.194 million reported in the statement of net position. The differences primarily result from the long-term economic focus of the statement of net position versus the current financial resources focus of the governmental fund balance sheet. Explanations of the differences are as follows:

Total fund balance (Page 8)	\$ 14,165,707
------------------------------------	----------------------

Amounts reported for governmental activities in the statement net position are different because:

- | | |
|--|------------------|
| (a) When capital assets that are to be used in governmental activities are purchased or constructed, the cost of those assets is reported as expenditures in the governmental fund. However, the statement of net position includes those capital assets among the assets of the Station as a whole. | 2,028,079 |
| (b) Certain amounts due from the School Board of Miami-Dade County, Florida are a non-current asset that is not available to pay for current expenditures, and, therefore, are not reported in the governmental fund. | 147,087 |
| (c) Compensated absences are long-term liabilities that are not due and payable in the current period and therefore are not reported in the governmental fund. | <u>(147,087)</u> |

Net position of governmental activities (Page 8)	<u>\$ 16,193,786</u>

Note 3 – Explanation of Differences Between Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities

During the fiscal year ended June 30, 2014, the change in fund balance for the governmental fund of approximately \$2.631 million reported in the governmental fund statement of revenues, expenditures and changes in fund balance differs from the change in net position of approximately \$2.683 million reported in the statement of activities. The differences primarily result from the long-term economic focus of the statement of activities versus the current financial resources focus of the governmental fund operating statement. Explanations of the differences are as follows:

Net change in fund balance (Page 9)	\$ 2,631,324
(a) When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in the governmental fund. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balance decreases by the amount of financial resources expended, whereas net assets decreases by the amount of depreciation expense charged for the year. Depreciation expense (\$102,832), net of capital outlay \$170,000, and loss on disposal of fixed assets \$(15,494).	51,674
(b) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental fund.	(35,493)
(c) Expenses reported in the statement of activities that do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental fund.	35,493
	35,493

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 3 – Explanation of Differences Between Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance and the Statement of Activities (continued)

During the fiscal year ended June 30, 2013, the change in fund balance for the governmental fund of approximately \$1.517 million reported in the governmental fund statement of revenues, expenditures and changes in fund balance differs from the change in net position of approximately \$1.428 million reported in the statement of activities. The differences primarily result from the long-term economic focus of the statement of activities versus the current financial resources focus of the governmental fund operating statement. Explanations of the differences are as follows:

Net change in fund balance (Page 9)	\$ 1,516,633
(a) When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in the governmental fund. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. As a result, fund balance decreases by the amount of financial resources expended, whereas net assets decreases by the amount of depreciation expense charged for the year. Depreciation expense (\$161,913), net of capital outlay \$75,754, and loss on disposal of fixed assets \$(2,544).	(88,703)
(b) Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental fund.	8,739
(c) Expenses reported in the statement of activities that do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental fund.	<u>(8,739)</u>
Change in net position of governmental activities (Page 9)	<u>\$ 1,427,930</u>

Note 4 – Concentration of Credit Risk

Financial instruments that potentially subject the Station to concentrations of credit risk consist of cash and cash equivalents accounts maintained by the Friends of WLRN, Inc. in financial institutions which, from time to time, may exceed the federal depository insurance coverage limits; investment accounts maintained by the Friends of WLRN, Inc. at broker/dealers, which from time to time may exceed SIPC insurance limits; and pledge contributions. Management believes that the risk of loss with respect to the financial institutions and broker/dealers has been limited by choosing strong institutions with which to do business. Credit risk relating to pledges is limited by the viability of the organization or individual making the pledge.

Note 5 – Accounts Receivable

Accounts receivable are comprised of underwriting on-air recognition invoiced but not received. At June 30, 2014 and 2013, Friends of WLRN, Inc. recorded accounts receivable in the amounts of approximately \$524,000 and \$570,000, net of an allowance for doubtful accounts in the amount of \$16,000 and \$39,000, respectively.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2014 AND 2013

Note 6 – Investments

Friends of WLRN, Inc. follows ASC 820-10 *Fair Value Measurement and Disclosure* for measuring fair value of investments. This standard establishes a three-level hierarchy for fair value measurements based upon the significant inputs used to determine fair value. Observable inputs are those which are obtained from external market participants while unobservable inputs are generally developed internally, utilizing management's estimates, assumptions, and specific knowledge of the assets/liabilities and related markets.

The three levels are defined as follows:

Level 1 – valuation based on quoted prices in active markets for identical assets and liabilities

Level 2 – valuation is determined from quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active, or by model-based techniques in which all significant inputs are observable in the market

Level 3 – valuation is derived from model-based techniques inputs that are unobservable for the asset or liability; unobservable inputs shall be used to measure fair value to the extent that observable inputs are not available, thereby allowing for situations in which there is little, if any, market activity

At June 30, 2014 and 2013, Friends of WLRN, Inc. held investments in equity securities and mutual funds with a total fair value of \$10,558,962 and \$8,819,804, respectively. The fair value measurements were based on level 1 and level 2 valuations of observable inputs. As of June 30, 2014, these investments include a board-designated endowment of \$10,798,855 of which \$329,633 is included in cash and cash equivalents and \$10,469,222 is included in investments in marketable securities. The term endowment fund as defined in the Uniform Prudent Management of Institutional Funds Act (UPMIFA) does not include assets that an institution designates as an endowment fund for its own use. The endowment fund maintained by Friends of WLRN, Inc. is a board-designated endowment fund as of June 30, 2014; therefore, the requirements of UPMIFA do not apply.

Note 7 – Due From the School Board of Miami-Dade County, Florida

Amounts due from the School Board of Miami-Dade County represents cash and cash equivalents held on behalf of the Station as of June 30, 2014 and 2013 for restricted grants, compensated absences, accounts payable, and accrued payroll expenses. At June 30, 2014 and 2013, the total amount due was \$725,301 and \$569,423, respectively.

Note 10 – Compensated Absences

The Station's employee vacation and sick leave polices provide for the granting of a specific number of days of vacation based on years of service governed by applicable labor contracts and one day of sick leave with pay per each month of employment. Active employees, excluding administrators, may request payment of 80% of their unused sick leave, which has accumulated during the fiscal year, provided they have not used more than three sick/personal days during that time, and have a remaining balance, after payment, of twenty-one days. These policies also provided for paying most employees unused vacation up to 60 days upon termination, and up to 100% of unused sick leave after thirteen years of service; 50% after ten years; 45% after six years; 40% after three years and 35% during the first three years of qualified service upon retirement, death or resignation. Vacation accrual is limited to 60 days for twelve-month active employees.

The statement of net position reflects both the current and long-term portions of compensated absences including fringe benefits. At June 30, 2014 and 2013, the current and long-term portions were \$11,253 and \$147,087 and \$15,931 and \$182,580, respectively.

Note 13 – Long-Term Broadband Frequency Lease

On July 24, 2008, the Station through Friends of WLRN, Inc. entered into a long-term agreement for its Educational Broadband Services frequencies to Clearwire Spectrum Holdings II LLC (“Clearwire”). Under current Federal Communications Corporations (FCC) rules, licensees are allowed to lease out their “Excess Capacity” to commercial entities. Friends of WLRN, Inc. remain the licensee and will have the responsibility for compliance with all educational and other requirements imposed by the FCC.

Lease payments will be made in monthly payments as follows:

<u>Years</u>	<u>Monthly</u>	<u>Annually</u>
1	\$ 55,000	\$ 660,000
2	55,000	660,000
3	55,000	660,000
4	55,000	660,000
5	55,000	660,000
6-10	75,000	900,000
11-15	110,000	1,320,000
16-20	145,000	1,740,000
21-25	189,000	2,268,000
26-30	235,000	2,820,000

During the years ended June 30, 2014 and 2013, Friends of WLRN, Inc. received \$900,000 and \$660,000, respectively, under this agreement. Revenues under this lease agreement has been recognized on the statement of activities on a straight-line basis over 360 months. NOTE TO REQUIRED SUPPLEMENTARY INFORMATION
JUNE 30, 2014 AND 2013

Note 1 – Budgetary Policy

The Station adopts an annual budget for the General Fund. The budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. Budgetary control is maintained at the fund level.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the School Board of
Miami-Dade County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of WLRN - Radio (the "Station"), a public telecommunications activity operated by the School Board of Miami-Dade County, Florida, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements, which collectively comprise the Station's basic financial statements, and have issued our report thereon dated November 21, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Station's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Station's internal control. Accordingly, we do not express an opinion on the effectiveness of City of the Station's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Station's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
