

2016 TENNESSEE TEACHER PREPARATION REPORT CARD

ABOUT THIS REPORT

The Teacher Preparation Report Card captures the abilities of Tennessee preparation providers to train new teachers for success in Tennessee's classrooms. The report card presents data on a variety of metrics to provide an overall picture of how well each provider is able to prepare effective teachers and meet state goals.

Tennessee has produced a Teacher Preparation Report Card since 2009, although the 2016 Report Card marks a significant redesign. The 2016 Report Card contains three scored domains: Candidate Profile, Employment, and Provider Impact. Each domain is comprised of two to four metrics, and the report includes two years of provider data.

The goal of the redesigned Teacher Preparation Report Card is to create a user-friendly tool that provides focused information about providers, the effectiveness of graduates, and promotes stakeholder conversations about continuous improvement. A summary of results is provided in this state level report, and individual provider reports can be found here: <http://teacherprepreportcard.tn.gov/>.
