Independent Auditor's Report

The Board of Directors of
Rhode Island Public Radio

We have audited the accompanying financial statements of Rhode Island Public Radio (a Rhode Island nonprofit organization), which comprise the statement of financial position as of June 30, 2015, and the related statements of revenue, expenses, and other changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Rhode Island Public Radio as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Rhode Island Public Radio's 2014 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 21, 2014. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

RHODE ISLAND PUBLIC RADIO

Notes to Financial Statements

June 30, 2015

Note 1 - Nature of Activities

Rhode Island Public Radio (the "Corporation") is organized as a nonprofit corporation under the laws of the State of Rhode Island. It is licensed by the Federal Communications Commission to operate an FM station (WRNI-102.7 FM) from Narragansett, Rhode Island. It is also licensed to operate an AM station (WRNI 1290 AM) from North Providence, Rhode Island.

The AM station is leased to Latino Public Radio.

Rhode Island Public Radio is airing its programs on WRNI 102.7 FM, WCVY 91.5 FM, and WELH 88.1 FM.

Revenue is received through contributions, grants and underwriting.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Corporation have been prepared on the accrual basis. Under the accrual basis, revenues and gains are recognized when earned, and expenses and losses are recognized when incurred. The significant accounting policies are described below to enhance the usefulness of the financial statements to the reader.

Basis of Presentation

The Corporation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. Descriptions of the three net asset categories are as follows:

- Unrestricted net assets include revenues and expenses and contributions pledged which are not subject to any donor-imposed restrictions.
- Temporarily restricted net assets include gifts and promises to give for which time restrictions or donor-imposed restrictions have not yet been met. When the restriction expires, either by the passage of a stipulated time restriction or by the accomplishment of a specific purpose, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Revenues, Expenses and Other Changes in Net Assets as net assets released from restrictions.
- Permanently restricted net assets include gifts which require, by donor restriction, that the corpus be invested in perpetuity and only the income or a portion thereof be made available for program operations in accordance with donor restrictions. As of June 30, 2015 and 2014, the Corporation has no permanently restricted net assets.

Note 2 continued on the next page.

Note 2 - Summary of Significant Accounting Policies

Estimates and Assumptions

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results may differ from those estimates.

Cash and Cash Equivalents

For purposes of reporting cash flows, the Corporation considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Accounts and Pledges Receivable

Contributions are recognized when the donor makes a promise to give that is, in substance, unconditional. The Corporation does not recognize conditional promises to give as revenue until the condition is met.

The Corporation uses the direct write-off method for accounts and pledges receivable that may be uncollectible. Under this method, an allowance for doubtful accounts is not maintained, but receivables are written off when they become uncollectible.

Generally accepted accounting principles require an allowance for doubtful accounts receivable whenever it can be reasonably estimated and is a material amount. The effect of using the direct write-off method instead of the reserve method is not material to these financial statements.

Property and Equipment

Rhode Island Public Radio capitalizes property and equipment that costs \$3,000 or more and has a useful life of more than one year. This property and equipment is recorded at cost as of the date of acquisition or fair value as of the date of receipt in the case of gifts. Depreciation is computed on a straight-line basis over the estimated useful lives of the property and equipment.

| | <u>Years</u> |
|--------------------------------------|--------------|
| Broadcast and transmission equipment | 5 |
| Furniture and office equipment | 3 |
| Computer equipment and software | 3-5 |

The cost and accumulated depreciation of property sold or retired is removed from the related asset and accumulated depreciation accounts and any resulting gain or loss is recorded in the period of disposal.

Renewals and improvements, which extend the useful lives of assets, are capitalized at cost. Maintenance and repairs are included as expenses in the statement of revenues, expenses and other changes in net assets.

Note 2 continued on the next page.

Note 2 - Summary of Significant Accounting Policies

Other Assets - Licensing Rights

The cost of licensing rights acquired is being amortized on the straight-line basis over ten years.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or a purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of revenues, expenses and other changes in net assets as net assets released from restrictions.

Donated Goods and Services

Rhode Island Public Radio receives a significant amount of donated services from board members and other volunteers who assist in fundraising and special events. These services have not been recognized in the statement of activities since such services either do not require specialized skills or would not typically be purchased if not provided by donation.

Underwriting Trade

Underwriting that is traded for goods or services are reflected as corporate underwriting revenue at their estimated value on date of receipt. The Corporation recognizes an expense at the time the goods or services are provided. The difference between the amount earned and incurred is reflected as a trade receivable or payable.

Functional Allocation of Expenses

The cost of providing the various programs and other activities has been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes

Rhode Island Public Radio is exempt from income taxes as a charitable organization under Section 501(c)(3) under the Internal Revenue Code and is not considered a private foundation.

The Corporation evaluates its uncertain tax positions using the guidance for contingencies as contained in generally accepted accounting principles. The Organization was not aware of any uncertain tax positions that were not provided for in the accompanying financial statements.

The Organization annually files Internal Revenue Service Form 990 – *Return of Organization Exempt from Income Tax*, reporting various information that the IRS uses to monitor the activities of tax-exempt entities. These tax returns are subject to IRS and state review for three years after filing the tax return for 2012, 2013 and 2014. The Organization currently has no tax examinations in progress.

Note 3 - Pledges Receivable

In 2007, the Corporation began a capital campaign to fund the purchase of WRNI-FM, support the expansion of news and programming and transitional operations, fund additional broadcast equipment, and help fund part of the purchase price of WRNI-AM.

Contributions receivable for unconditional promises to give are recorded at full value. These pledges have not been adjusted to the present value of their estimated future cash flows because it was considered immaterial. Management monitored the collection of these promises to give and determined that they were uncollectible and wrote off in the year ending June 30, 2015.

Pledges receivable at June 30, 2015 and 2014 consist of the following:

| | <u>2015</u> | <u>2014</u> |
|------------------------------------|-------------|-----------------|
| Due in year ended June 30, 2015 | \$ - | \$ 6,750 |
| Total pledges receivable | <u>\$ -</u> | <u>\$ 6,750</u> |

| Net property and equipment | <u>\$ 353,125</u> | <u>\$ 327,713</u> |

Note 5 - Licenses

On January 15, 2009, WRNI-AM was purchased from the Trustees of Boston University for \$2 million. This purchase price was allocated to broadcast station equipment, land and building (Note 4) and license and is amortized on a straight-line basis for ten years. This purchase was financed through a promissory note to the Trustees of Boston University (Note 7).

WRNI-FM (formerly known as WAKX-FM) was purchased on May 15, 2007 at a total acquisition cost of approximately \$2.7 million, funded in part through a note from the Rhode Island Foundation totaling \$2.4 million (Note 7) and through contributions from the Capital Campaign (Notes 3 and 9) amounting to approximately \$269,000. The entire purchase price was allocated to license and is amortized on a straight-line basis for ten years.

Amortization expense charged to operations amounted to \$381,144 and \$381,144 for the years ended June 30, 2015 and 2014, respectively.

The licenses for the years ended June 30, 2015 and 2014 are summarized as follows:

| Thereafter | <u>326,012</u> |
| Total | <u>\$ 948,012</u> |

Note 7 - Line of Credit

On March 21, 2012, the Corporation obtained a line of credit for \$250,000 with an interest rate of the lender's base rate plus 1.5% per annum with a floor rate of 5.5% computed on the average daily debit balance. The line is collectively secured by a continuing security interest in all tangible and intangible personal property of the debtor relating to WRNI 102.7 FM.

The balance on the line at June 30, 2015 and 2014 was \$0.

Note 8 - Temporarily Restricted Net Assets

Temporarily restricted net assets at June 30, 2015 and 2014 consist of the following:

| | <u>2015</u> | <u>2014</u> |
|-----------------------------------------|------------------|-------------------|
| Capital campaign | \$ 37,354 | \$ 44,104 |

| Signal expansion | - | <u>53,250</u> |
| Total temporarily restricted net assets | <u>\$ 44,872</u> | <u>\$ 199,227</u> |

Note 9 - Net Assets Released from Restrictions - Operating

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose or any occurrence of events specified by the donors. For the years ended June 30, 2015 and 2014, expenses released from restrictions were incurred for program expenses for news, education, reporters and health care.

Note 10 - Net Assets Released from Restrictions - Nonoperating Capital Campaign

In 2007, the Corporation began a \$4 million Capital Campaign to principally support the purchase of WRNI 1290 AM from Boston University and pay off debt related to the acquisition of 102.7 FM in southern Rhode Island and certain expenses. A summary of the funds released from restrictions is as follows:
