

“After the Election”

Coming together

Working together

For the benefit of all

Lest we fall

Into the habit

Of blaming, shaming

The other

Name – calling & lies

Lead to hatred, violence

What’s the sense?

Respect, openness, compassion, love

Call for & show real strength

It is the length

We’re called to by the One Above

Make the conscious choice

Let us

Come together

Work together

To make our world better today

This is the way – walk in it

What do you say?
