Subject: RE: Public Records Request dated July 31, 2018

Hello Mr. Andrews,

I wanted to follow up on your previous correspondence in order to let you know the status of your public records request.

Our records reflect that we received and acknowledged your public records request on Tuesday, July 31st, 2018.

On Monday, August 6th, 2018, our office followed up on the specifics of your request and asked for clarification on search terms and email domains.

On Friday, August 10th, 2018 we received your response instructing our office to 'use the names of the individuals, the company names, the domain for the company, and the domain for the lobbyists and their firms as search terms for an email search,' and that 'I believe you will find out the domains as you begin to conduct the search'. In this correspondence, you also indicated that you would like to start receiving these records on a rolling basis beginning Thursday, August 16th.

On Wednesday, August 15th, 2018 we received follow up correspondence from you indicating that you would like to include seven additional search terms in your request.

On Thursday, August 16th, 2018 our office responded to your previous two emails with an outline of how we would be proceeding with processing your request, including search terms and the unspecified email domains.

On Friday, September 7th, 2018 we received correspondence from your office indicating that you would be filing a petition to compel the production of the requested records, were they to not be produced within five days.

During the sixteen business days between our correspondences, our office began processing your request as stated on August 16th. As per your request, our intention is to release the records on a rolling basis, and focus on producing the records responsive to item one in your request first. Due to the broad nature of your request, the estimated results are numerous. Our office is currently processing your request and we are continuing to compile responsive documents.

As always, we are available to provide an update on the status of your request at any time. If you ever feel that an unreasonable amount of time has passed, we are more than willing to discuss your request with you. We are available via phone or email at any time. Thank you.

Best Regards,

Jack Reid

Good Afternoon,

The Governor's Office of Open Government is in receipt of your request for records as stated in the attached. A search for responsive records will be initiated and someone from this office will be back in touch with you soon. If the search produces a volume of records which indicates that there will be a fee associated with your request, you will be provided with a fee estimate for your review. Thank you for contacting the Executive Office of the Governor.

Sincerely,

Olivia Boney
