American Spectator	Bloomberg Business Week	7 a.m.

## WHAT IS APRIS?

Using a special radio receiver, APRIS provides people with visual or other physical impairments the free service of news read aloud from local and regional newspapers. Anyone who cannot read or hold a newspaper, and who lives within 45 miles of the Quad Cities, may use this free information service.

APRIS is a broadcast service of WVIK 90.3 FM at Augustana College. For more information on APRIS and other WVIK programs, go to [www.wvik.org](http://www.wvik.org).

### How can I use APRIS?

If you or someone you care for would like a free receiver to use APRIS, call **309-794-7560** or email [APRIS@wvik.org](mailto:APRIS@wvik.org), or simply fill out the request form attached to this brochure and mail it to:

WVIK/APRIS  
 815 38th Street  
 Rock Island, IL 61201

### How can I help?

APRIS couldn't operate without the more than 200 volunteers who read newspapers to those who need this service. **To lend your own voice as an APRIS volunteer, call 309-794-7560 or email APRIS@wvik.org.**

### How do you stay informed of current events when visual or other physical impairments mean you can't read the newspaper?

From news and views to advertisements to obituaries, you can stay connected to the community through a free local radio reading service. Each weekday, volunteers for Augustana Public Radio Information Service (APRIS) read local and regional newspapers aloud.

WVIK Augustana Public Radio provides this service through special receivers, loaned free of charge, to visually or physically impaired individuals, their families or caregivers.

# RADIO THAT READS

## 24-HOUR PROGRAM SCHEDULE

## APRIS

Augustana Public Radio Information Service

*A free radio service for persons with difficulty reading newspapers, APRIS is a community service provided by WVIK, Quad Cities NPR, a public service of Augustana College.*
