Phone (513) 352-3246
Fax (513) 352-2578

MOTION

WE MOVE, that the Administration allow for a three month period before initiating the Capital Acceleration Program in order to:

- (i) study the amount of debt the Cincinnati City Council desires to issue on a one-time basis and
- (ii) determine the priorities of the City of Cincinnati in addition to streets and fleet, including those strategic long-term investments in the future health and vitality of our community - those that combat health, income and educational disparities and those that address our child-poverty rate.
