

Dear Listeners,

I am pleased to announce that WUNC is adding a new program to the weekend line up. *Reveal*, hosted by Al Letson, will be heard Sundays at 6 pm beginning January 10th.

It's a great show, and I'm confident that it will be impactful, but really it's much more than just another new public radio show. *Reveal* is new

commitment to Investigative Journalism in public media. The number of journalists working in America has dwindled in recent years. As you may

have heard reported on WUNC's *The State of Things* <http://bit.ly/1Z3A9CU>

there are even fewer journalists out there doing deep-dive, investigative work. *Reveal* is part of an effort to reverse that trend. With your support, we at WUNC are excited to be a part of this new golden age of Investigative Journalism.

Reveal is the result of an extensive collaboration between our colleagues at PRX, The Center for Investigative Reporting and public radio stations like WUNC. Together we will be investigating a wide range of issues that impact our daily lives. Through data analysis, public records requests and reporters knocking on doors we aim to do the difficult reporting work that brings about a broader understanding of the world around us.

Here's the new Sunday afternoon line-up:

4p - 5p	On the Media
5p - 6p	All Things Considered ...with the hit podcast <i>Criminal</i> at 5:44
6p - 7p	Reveal
7p - 8p	The Moth Radio Hour
8p - 12mid	Back Porch Music ...with <i>Thistle and Shamrock</i> at 9

See you on the radio.

Best,

David Brower

Program Director
